Memories a person has can never be taken from him. These memories may be nurtured and cherished through a person's lifetime. His personal experiences, and the experiences of other close friends and loved ones will provide a reservoir from which memories will be drawn and formulated.

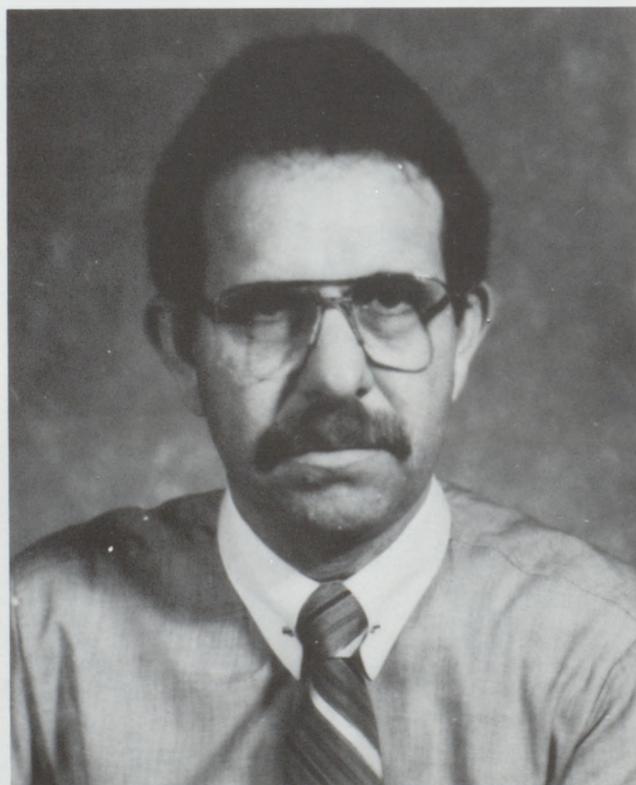

Hopefully, the experiences each student receives at Cameron High School will be favorable and will form a good foundation upon which to build these memories. The 1985 Mystic provides an outstanding pictorial review of some of those high school experiences which will forever keep those memories alive.

# The Memories Linger On . . .

The class of 1985, to promote spirit, donned costumes on Halloween.

1985 has been a year full of memories for this group of seniors. The friendships made and the lessons learned will always be treasured. Though they go their separate ways, the memories will always linger on.

Class of '85

# The Memories Linger On . . .

It is hard to believe that the time has passed so quickly.

As we look back on the memories of this year, we realize that the time has passed so quickly. We are grateful for the experiences we have had and the friendships we have made. We hope that the memories will stay with us for the rest of our lives.

With love,  
The Class of 1967
