1022 S. Chestnut  
Cameron, MO 64429

An  
Expression  
of  
Change

As students walked down the halls at Cameron High School, they saw many forms of expression, such as shaved heads, unusual clothing, along with many different people. Other expressions were not as obvious such as changes in attitudes, activities, and curriculum. With different attitudes, an array of people filled their position in the CHS student body. Whether the direction of change was to better one's education, get their head shaved, or simply change their style, CHS was a definitely a place of new ideas throughout the year. Though age old Cameron traditions were still followed, many new concepts were developed which may lead into the traditions of the future.

**A**s the first bell of the year rang, the halls filled with the students of CHS. Even though these individuals have many personalities and attitudes, one thing brings them together...the activities of our school. Whether they are busting a move at the Homecoming dance, rehearsing acts for the fall musical, or competing in spring fever reliever activities, they all come together to participate and take pride in the school spirit of Cameron High School.

The week of what seemed like World War Three ended with a victory dance. Even though we did not defeat the opposition we had the opportunity of completing a successful Homecoming week. The theme of the dance was "WAR" with the gymnasium decorated with patriotic site red, white and blue streamers. The music was provided by David Stout. Pictures were taken by Flash Photography run by Scott Gordon. Dressed in army fatigues, Scott took the pictures against a camoflauge backdrop creating a battle scene.

Seize the Day

The class of '96 has always been known for going out of their way to get things done. Wayne Carder set off an array of fireworks at the bonfire for the seniors and his son, Kirby. Also they have won the spirit stick every year but most importantly the class of '96 has one goal, to be the best that they can possibly be and they showed this by their degree of competitiveness.

Jammin' Juniors

This years junior class is very unique. Our class has the most people who go out for sports. That is one of the reasons why we have done so well this year. The key to having a good sports program is to have a lot of people out for sports. We just had the luck of being that class. Hopefully, next year we will continue this success. As a junior you also have the pleasure of paying for the 1996 Junior-Senior Prom. We will try to put on a show that the seniors will remember.

coming into their own

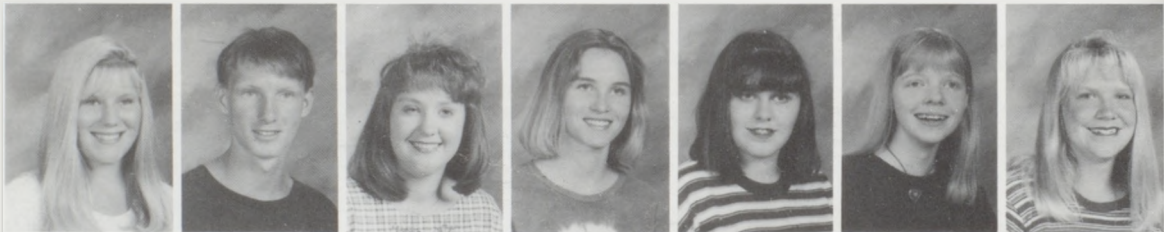

With this year only being their second year of high school, these Sophomores have had to experience changes throughout the year. For instance, they are able to look at high school in a new perspective, they aren't the youngest anymore, and finally, are able to get their driver's license. Experiencing all these changes will allow them to be better prepared for the future. As the year progressed, the Sophomore class contributed twelve new students to the student body. With a total of one hundred and one students, this allows them to be the second largest class at Cameron High School.

stepping into change

On August 24, 1995, over 120 Freshman students were introduced to Cameron High School. It was quite a step down from being the head honchos at the middle school to being the youngest at CHS. Many new people are met and many new personalities are diversified throughout the dragon hallways. Different, challenging classes are also introduced to the new freshman. Being a freshman means being involved with everything that happens at CHS. Whether it is attending every sporting event, dancing the night away at Homecoming, or joining every club that interests you; High school means four years of being with friends and having the most fun in your life.

Changes come in all walks at CHS...including the academic scene. Even in the crunch of financial difficulties experienced by the school district, the differences within the school were positive. Along with the curricular offerings already established, new classes such as Health Occupations and new teachers arrived on the scene to expand existing offerings. In addition, the administration and staff began preparation to switch to the 8-block schedule that will be put in effect during the 1996-97 school year. All in all, the students of CHS have experienced some changes this year and will also face a whole new change in direction in the future.

Teaching for the Future

Teachers at CHS play a key role in the success of their students by striving to make their students the very best. They pass on their knowledge of not only their field, but life itself. Even though the faculty at CHS changes from year to year, some teachers have stayed with us to see the others come and go. Mr. Funk is retiring after twenty-nine years at Cameron, and Mrs. Goodwin is going to be a part time instructor next year.

*"It's been fast-paced. But, looking back, it was pretty short."*

When I think of Kay Tucker, I think of laughter. Kay always laughed, but not just with her voice. She had this whole body laugh that encouraged others to join in even if they had no idea what was so funny. Just watching her was enough to make others laugh. The dangling earrings that became her trademark jiggled and swayed as she extended her neck laden with heavy necklaces and bounced her head. A smile would cut across her face and spread across those big brown eyes. Then that delightfully unique Kay Tucker laugh that rose from within would fill the air as she braced herself, arms crossed. More than anything though, "K. T.", as many lovingly called her, helped them by simply brightening their day▲▲▲

# A Group Of Support

The backbone behind the student body▲

With about 400 students to prepare for, whether it be cleaning up, feeding them, or taking care of the absentees, these people are the ones that make the school go round.

With the bus drivers having the responsibility of transporting the students back and forth to school, and other activities, students show their appreciation by either being an office

aide or a teacher's aide. So whether it be as small as running copies for a teacher or as large as cleaning the school, all of the people that help out at school are very appreciated▲

Stuco was also more involved than ever. They carried on the tradition of "Spring

A new generation of farmers

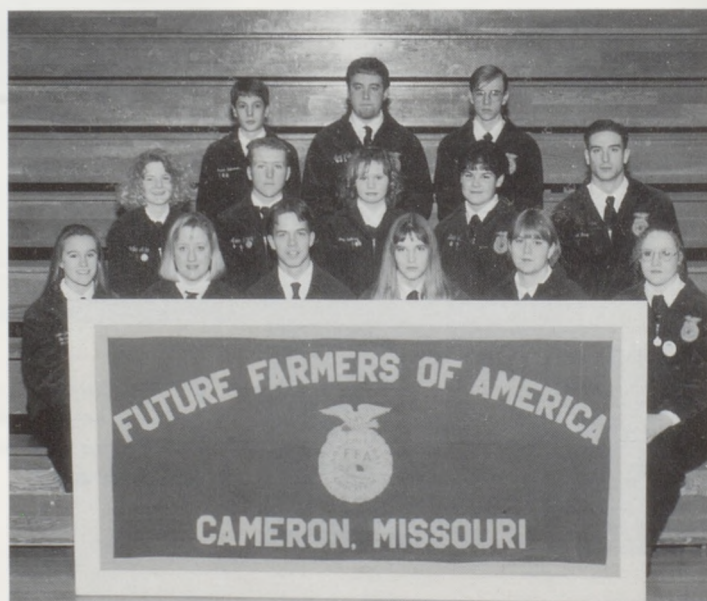

FFA was fulfilled with a variety of successful events ranging from fruit sales to the American Royal. Many Students participated in the annual Watermelon Bust, which helped to teach communication skills between peers, and many other

social skills of everyday life. Even though the fruit sales missed the \$30,000 goal by \$2,000, the overall total was \$28,000, exceeding last years sale. Green Hand and FFA officers were able to attend the American Royal this year as one of their many activities▲▲

# A Way To Success

With a new advisor, national recognition is accomplished▲

It was a time to make a turn around in FHA. Under the direction of a new advisor, a group of seven outstanding students

competed in a parliamentary procedure event at the national level in Washington D.C. There they won a Gold Star which is the highest rate that can be won. In order to go, the FHA organization had to raise money. This

was done by doing a variety of fundraisers such as a bake sale, a garage sale, and a raffle. Along with these ac-

tivities, FHA also held the annual Powder Puff football game, with the Junior/Freshman team winning.▲▲▲

# A example of A Future

Just as teachers are busy individuals so are the members who make up Future Teachers Of America, students who are interested in pursuing a teaching career. They kept busy throughout the year with the idea of pursuing a

teaching career. FTA sponsored a food drive at Thanksgiving when they helped a family have a better holiday. At Christmas they showed their appreciation for the teachers by having a secret santa for each. Even though not

all members will end up being teachers, it gives them the opportunity to realize how vital and important they are.▲▲▲

Mrs. Fish. They have responsibilities with the multi-media lab. Mrs. Fish, the head of the library and Epsilon Beta, is respected by her aides. Brett Luckenbill

and David Stout quoted, "We respect Mrs. Fish because of her work and determination to keep the library and other parts of the school running smoothly."▲▲▲

The first meeting of the year for Ecology Club was at Mr. Sigrist's house with about 30 people in there that night.

They ate food and listened to music that was provided by the teacher. After eating, they all went to the haunted houses after tak-

ing care of a few business matters. In this club one learns about the earth and nature and to deal with other

aspects of the world. In the spring, the members raised money to go to the zoo in Omaha.▲▲▲

After earning so many points in that part, one advances to Chi. Then after that, one goes to Phi, the last level. Members have raised money by having fundraisers. They also will be doing projects for school and many other activities.

# Students for Christ

A relatively new organization at CHS, FCA is aimed at keeping God a part of busy students' and athletes' lives. It's a group of students who try to stick together to maintain the kind of lifestyle they would like to live.

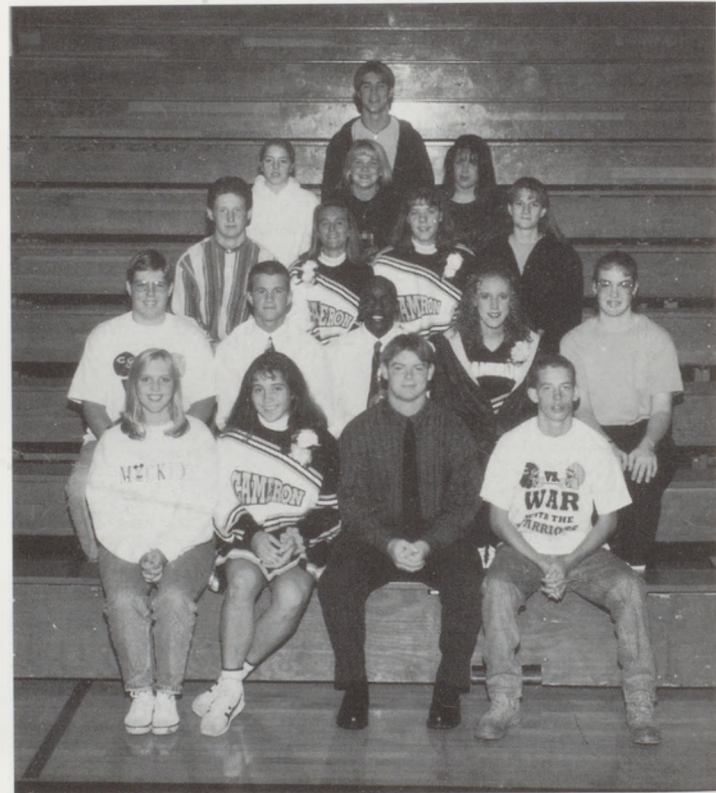

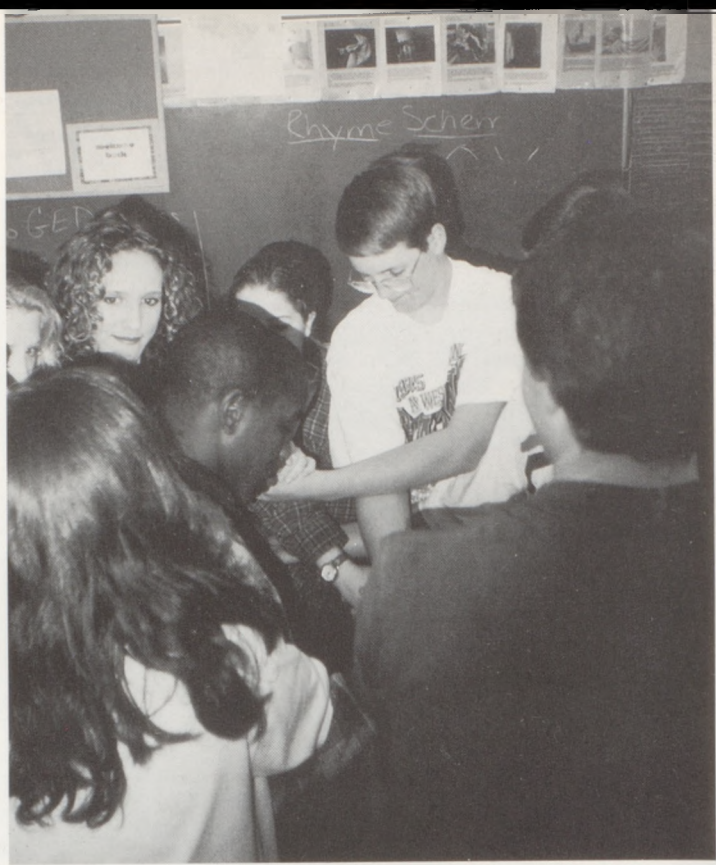

This year FCA had a Putt-Putt scramble at the local

Camelot. There was also a Christmas party where everyone exchanged "White Elephant" gifts. A hayride was also held at

Kim Turner's house. All activities were to fellowship with each other and have members interact with one another

# Students helping students

Students in F.L.A.S.H. (Friends Listening and Students Helping) are nominated by the student body as people who they think would be good to talk to if they ever had a problem.

Students in FLASH attended a seminar this year. They learned how to handle their peer's problems. CHS stu-

dents were instructed the do's and don'ts of effective listening. Through role play, they also learned to

not give advice; to help the other students come up with their own alternatives to problems ▲▲▲

With the addition of the brand new weight room, athlete's prepared for their sport not only during the season, but the off-season as well. The extra work and dedication paid off as students excelled in all areas. The fighting Cameron Dragon football team captured the title of District and Sectional Champions for the first time since 1989. The Lady Dragons also took reign over thier opponents with an outstanding record of 28-4-1. They took the title of KCI Conference Champs for the first time ever. Throughout the year, all athletes carried on the tradition of Cameron High School athletics. Congratulations to all of you!

## Secrets Behind the scenes

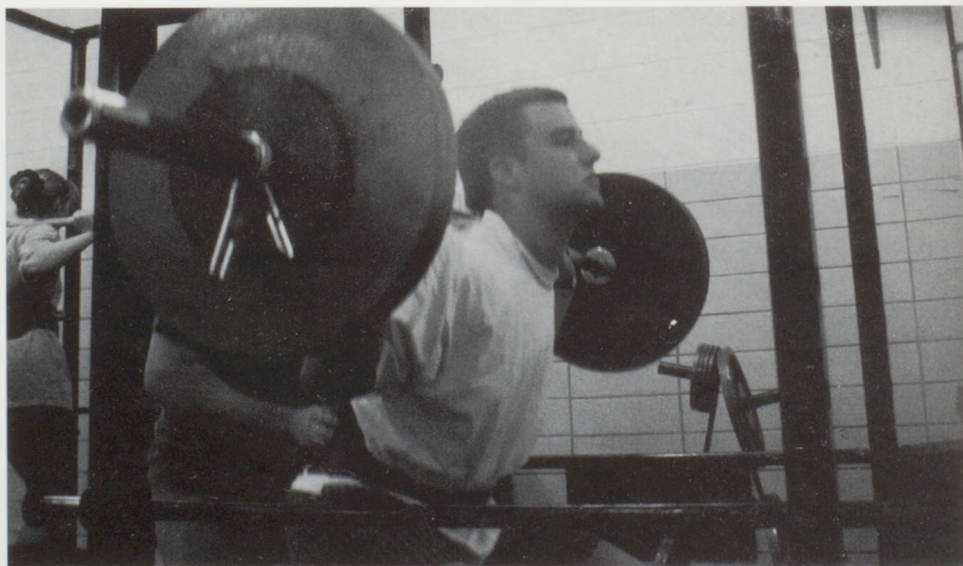

**T**here were many factors that lead to the sports successes Cameron High School accomplished this year. All athletes, girls and boys alike, have benefitted from the brand new weight room installed by the football players and Coach Gundy. Another se-

cret that lead to the success of the 1995 CHS football team was the high tech video equipment in the field house that enabled CHS athletes to closely view opponents and their strategies. The reconstruction of the gym also made our CHS teams more intimidating.

# INTEGRITY

# ending

**A** senior dominated CHS dragon team definitely made this season a storybook ending. Starting off this year ranked at the bottom of the conference, they set out with much to prove. The Dragons dominated the early season coming into the Homecoming game with the polished record of 3-0, outscoring opponents 110-0! This winning attitude lead them in the right direction ending the season 3rd instead of the predicted 7th spot. In the end, the Dragons pounded

all 3A teams and won the District 16 Championship game being the first Cameron team to win a 3A championship. Not only that, but they went on to dominate Platte County in sectionals on their way to be the only Cameron team to ever make it to 3A state quarter finals. Even though falling short to Oak Grove in quarter final play, they left the field with no shame as they made their dreams come true.

## DRAGONS GONNA WIN!

**A**warded with 3 blue ribbons, 1 red ribbon, and a take home spirit stick that only a few teams were awarded, the cheerleaders attended a summer camp at Maryville. This provided the foundation to begin an exciting year where the cheerleaders supported the

football players to the quarter-finals, the wrestlers to state competition, and the boys basketball team to KCI conference championship. Overall, the three cheerleading squads had a great year of excitement and spirit, one to be proud of.

## Up

By working hard in practice the Junior Varsity team made the Varsity better and managed to earn themselves an eight

game winning streak. Coach Sigrist stated, "The reason we had such a great season was because we pushed ourselves in practices."

## Striving to be the best

**E**ven though the KCI Conference was just out of reach this year, the CHS Lady Dragons played hard. They ended the season with a record of 14 and 12 which placed the Lady Dragons second in the KCI Conference. Tina Coolman, giving it her all with an

average of 15.5 points per game, ended her season with an injury that did not allow her to finish her Senior year. With eight returning lettermen, the Varsity Lady Dragons added three more players to their lineup. Congrats on a great season!

## TO WIN Keeping 'em pinned

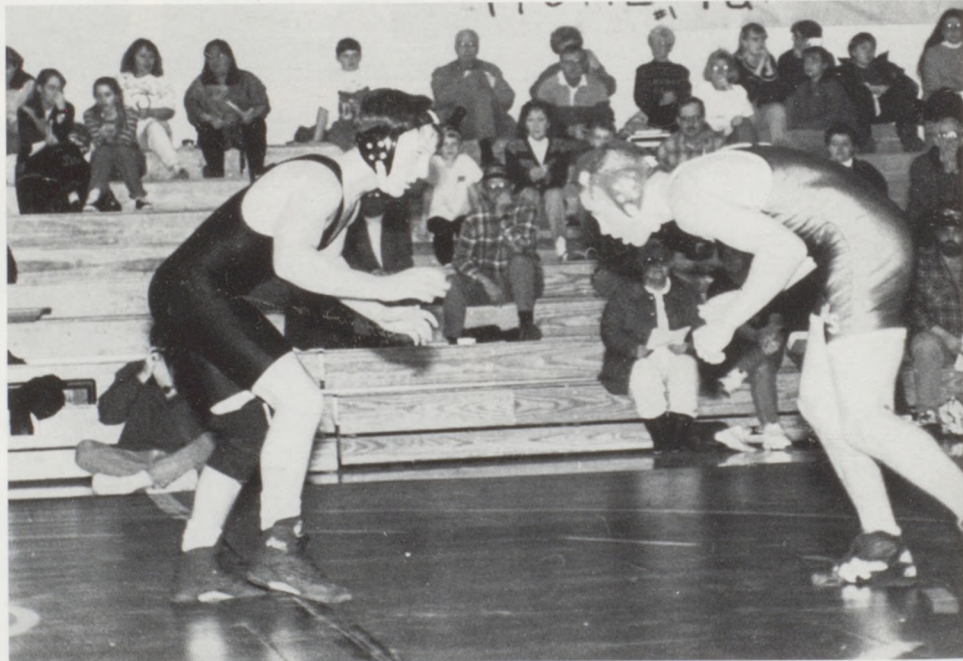

**I**n a year of very successful sports and organizations the wrestling team kept up their part of this success. Wrestlers reestablished their winning record. Since there were very few seniors on the team, all of the past wrestlers were looked to for guidance by the freshman and all other new wrestlers. This proved to be very stressful to all of

the wrestlers. Despite all of these problems and pressures, they did very well this year. With eight of the thirteen District participants qualifying for Sectionals, two of these wrestlers also qualified to go to the

State tournament. Kirby Carder and Dallas Howard both earned the right to return to state competition this year. All of the many wrestlers overcame many obstacles they faced to make this a very successful year.

# GOLFERS

## keep the tradition

It was hard work to keep up the outstanding tradition of the boys golf team. Whether it was walking in freezing cold rain, hitting at the driving range, or playing over the summer, they continued to uphold the tradition. Their hard work paid off with a long list of championship titles, such as Plattsburg,

Maryville, Chillicothe, and an impressive second place at Brookfield Tourney. Nathan Hendee and Justin Fallein advanced to state where Justin shot an 85 and Nathan a 78.

Form is one of the things taught in this sport, such as following though.
