Cameron High School
1022 South Chestnut
Cameron, MO. 64429

Brianne Graham is lifted high over the rest of the squad as they cheer on the football team at the first annual Jamboree at the beginning of the football season.

Carah Gardner was announcing that the aliens were coming to attack the "Men in Black" at the StuCo district meeting.

Cameron crazies Jeff Murphy, Micheal Best, Alan Farnan, and Clint Watkins huddle together before they start yelling for the volleyball match.

211 you want to know

The treasured memories of CHS

Junior Sarah Gardner and sophomore Cristan Slaughter show that there's no hard feelings, even though their classes are competing for the spirit stick.

Nicole Berry tries to tame the garland, as she helps wind it around the Christmas tree.

If one really wants to know about CHS, one must ask the student body. Whether it's participating in Homecoming festivities, cheering on the athletic teams, participating in organization "shin-digs", or just hanging out with your "buds", one of the best things about CHS is the school spirit that is shown every day. Everyone has memories they will treasure for the rest of their life.

Cluco President Jeff Murphy dances to "Men In Black" at the district meeting in the skit they performed when running for District Vice President.

The varsity volleyball team gets "fired up" for the big district game against Platte County.

Opening Spread Student Life

High above the ground, the seniors get help from a crane to place the outhouse on top of the bonfire.

Tyan Burt, Jeff Bottoroff, and Lance Derstler separate a mixture during a chemistry lab.

Carrie Gaines, Brittany Cole, Angela Watkins, Nate Kemna, Morgana Trospen, and Camie Fletcher laugh as they assemble a "monster" at a Stuco retreat.

Senior Justin Drager concentrates on throwing his hay bale the farthest.

2 day in the life of....

CHS students
balance their
busy schedules

So many activities and so little time! Between school and many extra curricular activities, a student has other time consuming obligations such as dances and plays. It's hard work being a high school student, and very hard to believe that many students balance these activities as well as work. Just goes to show that we can handle almost anything.

Assie Shupe and Brian Thompson kick up their heels while they squaredance at barnwarming .

The Snoopy cast, Bethany Long, Ryan Chambers, Nicole Curtis, and Jim McKinley, joyfully sing along to one of the plays songs " Don't Be Anything Less Than Everything You Can Be ".

Emily Watkins and Josh Fish do their little "jig" together as Jerod Kemper observes their skills.

Student Council president, Jeff Murphy, announces the starting lineups.

All Hoggatt and a "crazy" crowd loudly cheer on their team.

e've got spirit

The Cameron crazies take it to the next level

It was another year for the Cameron fans to grow in size and spirit. Any spirit minded member of the Cameron Crazies wouldn't tell you anything different. One of the more recognized persons in the group is Jeff Murphy a.k.a. the leader of the Cameron Crazies. Some of his co-captain seniors are Alan Farnan, Mike Best, and Clint Watkins. From winning the spirit stick to leading the school in sports and academics, the senior class has definitely dominated this year. But most of all everyone has stuck together and supported each other throughout the year. What a year for spirit!

In honor of the first basketball game of the season, the cheerleaders wish each player good luck with a balloon.

After their match, Polly Palmer, Cristan Slaughter, and Sarah Gardner take a seat to watch the Varsity volleyball match.

The leader of the Cameron Crazies, Jeff Murphy, shows his school spirit by flexing his muscles.

Bill Jackson shows her homecoming spirit by decorating the junior hall in her mother's cheerleading uniform from the 70's.

 Full Service Family Salon

The Lady Dragon Volleyball team gets pumped to take advantage of their home court, and cheering crowd.

Molly Breckenridge and Brittany Cole yell hoping their spirit will spread to the crowd gathered around them.

Tracy Filley, Terrail Rawlings, Garrett Estabrook, and James Hoppenhaler take a break from watching the volleyball team warm up.

Spirit
 Student Life

walk through the decades

The 50's through the 90's
all in one week

Senior class shows the reason why they were awarded the spirit stick as they crowded the halls in their "Woodstock garb".

Spirit surged through everyone's veins as they entered CHS sporting poodle skirts and white t-shirts on Monday. Was it the cast of "Grease"? No, just the student body, especially the senior class, participating in spirit week like none others before them. The next days varied with each passing decade from the Woodstock Hippy days to the Fast Times at Cameron High ending with the traditional black and gold day. But it didn't just stop there with the seven hours of class, but spread to the community building with the annual power play of designing the "winning" float. For once this year's bonfire went off without a hitch. Of course, that could be because of the ten gallons of donated diesel fuel or just having the right weather. After Jerald Utt spoke openly to the football team and the band had played a few rousing numbers with Adam Nelson, a senior football player, stepping out onto the line with a solo, the fire was lit. Everyone watched as the numbers 98, a cardinal, and even a coffin went up in flames then disappeared. Hopes were high for the game. CHS's spirit could be felt and heard all around the student body.

Everyone watched in awe as the bonfire crackled with an intensity that carried over to the Friday night game.

ate kemna finally gets his long awaited chance to sport his leisure suit as he stops to strut for Tricia McKenzie.

Josh Cruickshank, Justin Drager, Aaron Bamsey, and Ryan Ervins show off their construction skills during the annual bonfire building.

People who participated in dress up days:				
	50's	60's	70's	80's
Srs.	27	26	16	25
Jrs.	10	17	8	9
Soph.	9	10	9	5
Frosh.	9	11	3	8

The senior football players shield themselves from the blazing heat of the bonfire.

The seniors were first place in the float competition. "Cardinals are just speedbumps in our journey through the decades" featured the dragon cruising in his yellow bug.

Queen of the court

Jessica Stallman sits center stage at the Homecoming ceremonies

And the 1997 Homecoming Queen is... All eyes were on Student Council President Jeff Murphy as he walked over to the three queen candidates. Even though he will admit to momentary memory loss of the queen choice, he crowned Jessica Stallman, who was barely able to

stand as she was went through the ceremony. Just as she began to maintain her composure, the traditional singing of "My Sweet Lady" by the Jazz Choir,

Jessica Stallman said... as she stood in front of everyone at coronation, she felt every emotion tingle through her body. Not only did she feel the pride of being chosen queen, she also felt nostalgic about being a senior and uncomfortable by being the center of attention.

which includes two of Jessica's younger sisters Francie and Stacia, touched her emotions again. CHS Alum and All State running back Gary Murphy gave the speech at coronation. He spoke about the football team in 1974, his senior year, which had an undefeated season it's first year in the MEC. Varsity Coach Dan Kennedy gave the pep talk speaking about his 25 years of coaching and this being his first year as a Dragon. The cheerleaders closed the ceremony with the school "yell" and singing of the school song.

Stallman Insurance Agency
605 North Walnut
632-8425
Jean Stallman, Agent

if you ask mr. goodwin... he will say that it has been the tradition for the Jazz Choir, an organization of 25 years, to sing "My Sweet Lady" for the past 17 Homecomings.

did you know... it took an average of 2 1/2 hours for the Homecoming candidates to get ready for coronation.

if you ask alan farnan... he will tell you that he had to tell Jessica Stallman to step left foot first when starting out to keep her on track during practice and at the Homecoming coronation .

Alan Farnan and Jessica Stallman strike a pose. Little did they know that Jessica would be crowned in a matter of moments.

Ryan Burt is happy to be escorting the Junior attendant, Polly Palmer, during the ceremony.

Brian Thompson, freshman escort, is happy to stand by Lindsey Mathena during the coronation pictures and walking her through a slew of people during the ceremony.

Mike Best and the senior candidate, April Slaughter, take time out to pose before the ceremony begins.

Jeff Murphy, as the proud Stuco president, is escorting senior candidate, Jill Hoggatt, as she was competing against her fellow classmates for queen.

Chip Schuler and Emily Watkins, sophomore attendant, are arm and arm through coronation and the at "brief" picture taking before the ceremony.

Dance Like no other

Hula hoops, chicken dances, and the hokey-pokey

So much to do, and so little time! It was a hot and busy week spent rushing from place to place with the final dash to the Homecoming Dance on Friday night. Most people didn't even get to the dance until 11:00 just in time to catch a peek at a new DJ, Brian Fowler from Osborn. He kept the hits rolling and the people on the floor, and played some slow songs to rest or to cuddle with the one you love. Overall, just about everyone agrees that this year's Homecoming Dance was a hit.

Abbey Gould laughs at Jarod Kemper as he twist and shouts while Cristian Slaughter busts a move behind them.

if you ask the students...

they will have mixed emotions on having the dance on Friday night instead of Saturday. Many feel it's too rushed after the game on Friday while others feel that Saturday doesn't seem to be a part of Homecoming.

Camelot Fun & Fitness Center
Kum & Go...Always Open
Holiday Inn Express
O'Reilly Auto Parts

Michelle Baker and Kelly McQueen groove away as Brian Bickford checks out his options for the next slow song.

Ryan Eivins and Andrea Proud have another slow song at the Homecoming Dance '97.

With the help of a hula hoop that was furnished by the exciting new DJ, Ryan Chambers twists and shouts his heart out.

Jonathan Swearengen tries to show Kip Shular a few of his "special moves" as Chris Gray waits for him to finish his display.

Oh Peanuts!

Lack of rehearsal time puts students in a "crunch."

Due to some changes that had to be made in the selection of the play, rehearsal time was drastically cut. Under the direction of a new drama teacher, Ms. Yeager, a cast of seven students performed "Snoopy." The time in which the students had to rehearse was cut down to five weeks. This made it hard to memorize lines, and songs. To try and help the kids put the play together, Ms. Yeager, invited her friend James Gardner, who has a degree in drama, to assist the cast with blocking and last minute additions.

Linus (Ryan Chambers) "pulls his hair out" as he tries to figure out where his blanket is at.

if you ask ms. yeager... she will say "We had a very short time to put this show together. Everyone pitched in and the cast and crew pulled it off in just five weeks."

Ms. Yeager prepares Woodstock (Stacy Stodden) for the opening performance.

Snoopy (Steven Salcedo) sits patiently as Linus (Ryan Chambers) sings about the "Great Pumpkin."

Cameron Savings and Loan
1804 North Walnut
Cameron, MO 64429
816-632-2154

Charlie Brown (Jim McKinley) sits intently and listens as Peppermint Patti (Nikki Curtis) sings "Poor Sweet Baby."

Peppermint Patti (Nikki Curtis) and Charlie Brown (Jim McKinley) look on as Sally (Bethany Long) and Linus (Ryan Chambers) get into "Don't Be Anything Less Than All You Can Be."

Lucy. (Cassandra Bacon) Sally, (Bethany Long) and Peppermint Patti (Nikki Curtis) sing "I Know Now."

Don't move
Mystic Royalty, an on
going traditon.

It wouldn't be a year book without the Mystic Elections. Every year in either late December or early January the graphic arts class compiles a series of questions for the student body to answer. On this questionnaire one will find where to vote for the Mystic Royalty. This years Mystic King and Queen are Mike Best, son Mike and Pam Walser, and April Slaughter, daughter of Neal and Sherri Slaughter. Before talking to April, it was wondered how it felt to have the student body to elect you Mystic Queen. When April was asked about it, she got a puzzled look on her face and replied "I don't know, I was happy." When asked how her parents respond when she told them, jokingly she replied "they were 'overwhelmed' with joy," ending with a chuckle.

April Slaughter and Mike Best calmly take their places as Mystic Queen and Mystic King.

It was a picture perfect opportunity as Mike Best, one of the Cameron Crazies, is seen at his best.

April slaughter, exhausted from the volleyball match against Platte County, reaches out her arm to be part of the huddle before they go out to finish the match.

After the votes were counted the junior attendants were Audrey Moser and Kevin Gates.

For Jerod Kemper and Ashley Anderson, the freshmen attendants, this is a new honor which they will remember.

Allied Plus Real Estate

Cameron, MO 64429
Best Wishes-1998 Grads

Junior attendants Terrail Rawlings and Brooke Breckenriidge look very comfortable as part of the Mystic Royalty.

The votes are in

CHS student body casts their votes

April Slaughter and Mike Best, voted Best Athletes, are ready to play any sport.

After the student body turned in their ballots that the Graphic Arts class creates each year, there were a few interesting changes. Both best guy and girl pals were chosen in groups, which was a first for the elections. The fashionably fearless category caught everyone's attention because not only did a notable student receive recognition, but a teacher. Ms. Sorenson, was voted in as a "special edition". You just never know when you "ask" the student body.

The "get-a-long gang" puts their heads together one last time as Best Girl Pals.

Relaxing in the teachers lounge are Best Guy Pals, Mike Best, Clint Watkins, and Brad Bray.

Preparing for their bright futures, Jennifer Roberts and Jeff Murphy are Most Likley to Succeed.

The votes are in for the class categories: Spirited Seniors Jeff Murphy and April Slaughter, Jolliest Juniors Joe Saunders and Sarah Gardner, Silliest Sophomores Terrail Rawlings and Cristan Slaughter, Friendliest Freshmen Jerod Kemper and Lindsey Carroll.

Not afraid of individuality, Robin Arnold and Ms. Sorenson strike a pose in their "Fashionably Fearless" wardrobes.

Ray Ragan, voted Most Laid-back, kicks back and observes Molly Breckenridge, Most Stressed Out, as she crams for her test.

Tee-haw

Square dancin'
and cider-chuggin'
the night away

It was a different Barnwarming than in years past. For starters, Mr. Dietzchold left to teach Agriculture in Chillicothe, Mr. Dunnard left to go to places unknown, Ms. Sprenkle returned as a teacher instead of student teacher, while Mr. Strange took up the slack as the "new guy". Other smaller changes were also noticed, like no one kissed the pig this year, a tradition missed by many. Although there was the usual rush to the bathroom after the cider-chuggin' contest with some not making it...just ask Macy Spicer. Add in the "corn game", which was won by Beth Schalk, and you have a surviving tradtion at CHS.

South Standard Amoco
Congratulations Class of 98
Frost Fisher & Pickett
119 E. Third 632-6561

Teri Cruickshank pitches a bale with all her might. This was the first year in Barnwarming's history that females were allowed to join in on the fun of throwing bales.

Arion Ramsey explains the rules of the cider chuggin' contest to eager underclassmen.

Jack Walker takes his turn at 'cider-chuggin'.

Barnwarming royalty Front row: Michelle Baker. Second row: Jim McKinley, Rachel Provance, Cassie Shupe, C.J. Filley. Third Row: Brad Bay, Jennifer Alden, Beth Schalk, Justin Drager. Last row: Jack Walker, Amy Sullivan.

Danny Eads, soon to be winner, watches the competition as Jimmy Whitaker prepares to toss a bale in the bale throwing contest.

Thomas Roberts gives his all in the cider-chuggin' contest, but regardless of his effort, Macie Spicer and his team took the title.

crazy with anxiety

Before a packed house the court waited to see who would be crowned King and Queen

The downstairs hall was absolute chaos as they tried to get every last detail perfect before the start of the Winter Sports Royalty ceremony.

Mrs. Fish and Ms. Livingston ran around frantically trying to pin roses on all of the boys, while the girls were busy posing for pictures and making sure that their makeup was on correctly. Plus, the Seniors had the added anxiety of waiting to see who would be crowned King and Queen. The gym was illuminated with camera flashes as the Royalty walked onto the court. A pleased applause filled the gym as Clint Watkins and Kim Akey were

crowned King and Queen. Both Clint and Kim agreed that to be chosen by the entire school to represent its Winter Sports Royalty is a memory they will not soon forget.

Best friends since childhood, Brad Bray, Mike Best, and Clint Watkins know that this might be one of their last "great moments" together.

Winter Sports Royal Front row: Mike Best, Jennifer Roberts, Clint Watkins, Kim Akey, Brad Bray, April Slaughter. Back row: Eric Tilford, Tolli Hamilton, Terrail Rawlings, Toni Pyle, Patrick Crouch, Polly Palmer.

Your smile's worth a million
Look to the future!!

Kim Akey and Tolly Hamilton share a sincere and joyful moment after Kim was crowned Winter Sports Queen.

Eric Tilford gives a weary look as he tries not to get stuck with the pin.

Mike Best isn't too sure about Mrs. Fish's rose pinning skills.

Best friends since childhood, Brad Bray, Mike Best, and Clint Watkins know that this might be one of their last "great moments" together.

From here to eternity

Long lines and Sweetheart theme go hand in hand

Longtime pals Jeff Murphy and Derrick Griffin share a good chuckle with their dates Dana O'Loughlin and Jill Hoggatt.

If you asked someone about Sweetheart you'd hear about the long lines to get pictures taken. You'd hear about the D.J. that played a lot of fast songs. You'd hear about how people only stayed for 45 minutes. But if you asked the couples if they will remember the dance, you'd get a resounding "Yes." Because once you take away all the long lines and the fast songs, you're left with memories that will last for years to come.

Bill Jackson and her beau Drew Hatten share a close romantic moment as they gaze into each others eyes.

Lines, lines and more lines. Dance-goers wait patiently to pose for photographer Paula Vaughn.

Micky Guthmiller and Barbara Inskeep take a stroll through the star decorations on their way to the dance floor.

The Gallery's Floral & Gifts
 202 E. Third 632-6565
 Good Luck Dragons!
 Go! Fight! Win!

Sweetheart Royalty gathers for a photo op. Front row: Courtney Files, Queen Nicole Berry, Angela Moore. Back row: Sophomore attendant Lindsey Arthur, Junior attendant Jackie Whitaker, Freshman attendant Stacia Stallman.

if you ask
 someone at Sweetheart...

"I was only there for ten minutes. I only got to dance one time!" - Alan Faranan

"My parents told me to call home if I was crowned queen. Guess what....I didn't!!"
 -Sweetheart Queen Nicole Berry

"The D.J. played too many fast songs for a Sweetheart dance, but otherwise I had a great time." -Jessica Brown

Jessica Brown lets her true colors come shining through and shows us all how to have a good time.

Stacia Stallman, Chris Hartman, Lindsey Arthur, Jeremy Cobb, Jackie Whitaker, Josh Fish and Courtney Files are all a tither with post ceremony excitement.

What's up Doc?

First there was pink elephants, now there's a 6 foot bunny

The play "Harvey" is a story about a Elwood P. Dowd, a man who loves to drink. His sister, Veta, and niece, Myrtle Mae, live with him.

Veta soon finds that Elwood has a strange friend. Strange in the sense that it is a rabbit, a six foot one and a half, invisible rabbit. Veta can not stand living with Elwood and his "friend", so she takes him to a mental institution, where a huge misunderstanding was made and Veta wound up being committed instead of Elwood. After massive confusion, Veta is released and Dr.

Chumley, the head doctor at the sanitarium, goes to find Elwood. Upon finding him, Chumley begins to see the rabbit himself. Dr. Chumley, realizing Harvey would be a good thing to have around, wants Harvey for himself. Dr. Chumley convinces Elwood he should get an injection so that Harvey will disappear. This makes Elwood's family happy and whatever pleases his family pleases Elwood. Veta, while waiting in the lobby of the institution, talks to a taxi driver who convinces her that if Elwood gets the injection, he will be a perfectly normal human being. This scares Veta, so she stops the injection immediately and leaves the sanitarium with Elwood and Harvey, leaving everyone almost believing in Harvey.

Elwood (Ryan Chambers) invites nurse Kelly (Francee Stallman) and Dr. Sanderson (Konstantin Scherbakov) to come with him for a drink at the local bar.

Nurse Kelly is amazed at how naive Dr. Sanderson is. She likes him a lot and he just doesn't catch on.

Elwood (Ryan Chambers) introduces Harvey to Dr. Sanderson (Konstantin Scherbakov), and Wilson (Drew Webb).

City of Cameron
Newman Insurance
H&R Block 215 E. 3rd
Cameron Post Office

Dr. Chumley (Steven Salcedo) is convinced that Elwood is the one that needs to be committed, not Veta, as Flannery Brill watches with surprise.

Judge Gaffney (Jeremy Morgan) and Myrtle Mae (Elizabeth Carpenter) help Veta (Morgan Trosper) to the couch after a long day.

Spring Play
Student Life

Olympic powerhouse

Grades levels compete to see who are the best at CHS

Spring Fever Reliever week started off with a bang that never let up. Mornings consisted of hula-hooping, twister, two-legged races, and scooter races, while in the days students dressed like bums, nerds, farmers, or were terribly clashing. As the week came to a close though, the big fun began. 12 teams fought for the chance to go head-to-head in a tug-of-war competition. The events arranged from free throw shoot out, pyramid building, egg balancing, cotton ball tossing, ball bouncing, lifesaver passing, and an academic division. The top two teams went on to the finals, but while the judges were tallying the points, a separate race began...the one for Mr. CHS. Here a guy from each group was dressed and painted up to model in front of everyone to see who could be the best "beauty" contestant. A wide variety of seductive leg baring and runway strutting was seen, but no one could beat the soon to be winner, Marcus Green, with his twitching and baring all

Then, the winning teams were announced. One freshmen team would now do battle against a sophomore team in the tug-of-war contest across the goop-filled swimming pool. The prize? The winners would not be drug through the smelly goop that was awaiting in the pool. The freshmen team amazingly pulled it off and advanced to fight against the faculty.

With little chance competing against the teachers, they were soo in the pool or running for their life.

A group of senior guys then challenged the same faculty team to a "friendly" tug-of-war. With the student body backing the seniors, they pulled and anchored until the teachers crumbled and bailed out, including Mr. Newhart who ended up crashing to the floor.

Marcus Green struts his "sexy self" in front of the entire school to win the honor of being Mr. CHS.

Lint Watkins and Brianne Graham get close as they pass a lifesaver, while Alan Farnan and Jill Hoggatt anxiously await their next turn.

nees in the back, stepping on legs, and collapsing was just part of what it took for groups to complete the pyramids. Here Jeff Bottorff, John Walker, Nathan Hahn, Jeremiah Sandridge, Kevin Gates, Ryan Burt, Polly Palmer, Sarah Gardner, Audrey Moser, and Abby Walker work to build ten.

if you ask
the winning freshmen team...

they will explain to you their feelings about the goup. "At first we were scared because we didn't want to fall into the goup, but then all the seniors were backing us and it gave us confidence."-Cythia Allen
"We just whooped them plain and simple!"-Jarod Kemper
"There was a lot of fear of getting pulled in."-Caleb Goody

Polly Palmer delicately whirls her cotton ball towards the cowboy hat.

Adam Nelson tries to help untie Joe Sanders and Robert Davis after they fell competing in the two-legged race.

Sarah Gardner and Brad Bray enjoy gooping the pool with corn and enchiladas sauce for someone's downfall during the tug-of-war.

wish upon a star

A memorable night for all.

They all gather around for their moment of fame as they sing "girls just want to have fun"

The Junior/Senior Prom was a successful one, even though there was some doubt throughout the year. With the struggle for workers at the concession stand and lack of dues that were paid, many rumors were spread throughout the student body that the Prom would be a let down. But, with the help of the community and some juniors that put in their extra time, prom was a gorgeous one at the Country Club. Decorations, food, and pictures were all a hit. Some students were disappointed with the D.J.'s bad taste in music and their "lame" games, but even so, everyone had a great time at the punch bowl and trying to cram onto the small dancing square. Following Prom, some of the students decided to attend the "after prom". Even though the attendance wasn't what they had expected, the games and prizes were still a bit hit. The karaoke machine was hovered about all night and the prizes were distributed until the grand prizes were drawn. The hypnotist showing was a big laugh and the pie eating contest was...well a sticky situation. And the best opportunity to get a quick stomach ache.

Jenni Newell and Tiffany Darby, two best friends, share the enjoyment of their last prom together.

Angel Wings Flowers & Gifts
302 N.Walnut
Tom's Strade Photography
Bethany & Hamilton Mo

Ant Watkins and Alan Franan take a moment from the pie eating contest to see how the other is doing. Needless to say, they lost that contest to a former graduate North Caselman.

Slow dancing is one of the favorite activities enjoyed by all the couples at the prom.

Tonny Swearengin sings "Better Man" by Pearl Jam to the karaoke machine.

Molly Palmer and Christopher Gray show their enthusiasm for prom.

Tyan Chambers, Scott Seuferling, Kevin Gates, Joe Saunders, and Chris Sykes all join together for the junior picture at prom. What a group!

Summer camps

Going the extra mile
to make themselves
better

Many students of CHS take time out of their busy summer schedule to attend an assortment of camps. Some highlights from these camps from this past summer include the girls basketball team attending basketball camp at Lincoln, Nebraska and the boys attending a Drake Basketball Camp. Stuco officers went to a leadership camp, selected individuals attended Boys and Girls State, and there was a FHA State Meeting. The Pom-Pon Squad paraded at a competitive camp in Maryville, while the cheerleaders held their own camps, a one and two day camp here in our own gym. Others included Missouri Fine Arts Academy, a Careers Camp at Sea World, College Preparatory Camp, and many others.

Quality Printing Company
Cameron, MO 632-2911
Wal-Mart Supercenter
2000 N. Walnut 632-9900

As Brianne Graham soars high,
her fellow squad members are
there to support her.

The Pom-Pon Squad prepares for the busy, stressful day ahead of them from learning new routines to remembering what they learned the day before.

Bill Hoggatt finds a buddy at Girls State held at Fulton, Missouri.

Angela Watkins receives a kiss from "Ky" a performing killer whale at SeaWorld of Texas.

Molly Breckenridge and Jessica Stallman are proudly displaying their "council letter" at the StuCo's leadership camp at Fulton. Molly's was "J" and Jessica's was "U".

Michelle Lowrey, April Slaughter, Molly Breckenridge, Shea Workman, Cristan Slaughter, Tolli Hamilton and Abbey Gould take time to prepare for the next six basketball games to play that day at basketball camp.

ues, dues, and more dues

CHS students join in, get active, and pay up!

If you were to ask any student to summarize their high school career, they most likely will mention an organization. Cameron High School has many active organizations who help make up our school's personality. These groups are responsible for the many activities and events throughout the school year, and deserve much credit for the work they do.

Freshman Tia Masters is a blur as she sprints for a touchdown in the FHA powder puff football game. Tia eventually scored two touchdowns to lead the freshman-senior team to a victory.

CHS's own version of Michelangelo, Derrick Gibson, works on signs for the Christmas parade entries. The Art Club members produced a total of 27 signs in record time this year!

Junior StuCo member Sarah Gardner uses her artistic talents to decorate the CHS Christmas tree. This was just one of StuCo's many duties during the holidays.

Fenny Ray and his buddy Santa Claus, a.k.a. Alan Farnan, do some male bonding at the NHS Christmas party.

CA members unite at See You at the Pole, a world-wide prayer ceremony.

did you know that...
\$29.32- the average going rate of dues paid by those polled in the If you ask me... survey

ur own little government

Working together to better our school
and having fun along the way

STUCO has had an exciting and interesting year. At the District meeting in Park Hill, they performed a skit to the theme of "Men In Black" with the guys dressed in football jerseys while the girls sported alien masks and terrorized the audience. They won the office of District Vice President with their efforts. As usual STUCO members have enjoyed themselves thoroughly on account of all the wonderful activities that STUCO participates in, like ice skating at Crown Center, cutting down the annual Christmas Tree and of

course...electing the future STUCO officers. A new precedent was set this year with the election of next year's president. For the first year ever, a Junior will be president. Josh

Fish was elected in a closely fought race for the presidency. STUCO will be looking to more and more of these outstanding young students to help lead them into the new millenium.

Exploring their identities? Kevin Gates, Adam Nelson, Josh Fish, Jeff Murphy, Jerod Kemper, and Terrail Rawlings do some male bonding at a STUCO retreat at Jeff's house.

Abbey Gould and Cami Fletcher experience one of the many joys of STUCO by meeting a new friend on the trip to Crown Center

Back row: Scott Seufferling, Ryan Chambers, Amy Wattenbarger, Francie Stallman, Laura Arthur, Jerod Kemper, Brad Bray.

hat a year they had

Future Homemakers of America

The FHA kicked the year off with a bang. Within the first few weeks of school, they had a miniature golf night where they got people interested. Asking Mrs. Stuedle if she thought this helped get people interested she replied "Yes I do believe it increased the level of interest people have because we had almost a 50% increase in members. FHA also supported the annual Powder Puff game which proved to be a success with the freshmen-senior team prevailing in the end.

After counting all the money, they made from the various activities like Sweetheart, Carwash, and Powder Puff this year was the first year the organization fully recovered from sending a Parliamentarian team to nationals three years ago.

ew

horizons

Changes coming, traditions remaining

Two new students were confronted with two new teachers, although, in some small way, Jennifer Sprengle had already gotten to know some students. She served as Keith Dietzchold's student teacher last year. Now she has made the transition from student teacher to full time teacher. The other new face belongs to Wes Strange. A native of Gallatin, he is known by most of us the stories we were told by his wife, the eighth grade language arts teacher, Paula Strange. This year the chapter had a State Officer for the first time in four years. Amy Sullivan, Chapter President was elected State Vice President.

Mike Persinger and Brett Brown labor to move the rollers that are used to aid in unloading the fruit, a major source used to fund its activities for quite some time.

Alan Arthur and Brian Thompson attempt to contain their enthusiasm as they wait for Awards Night to begin.

Beth Schalk and Aaron Ramsey laugh at an inside joke while helping to set up for the annual FFA Awards Night.

During the petting zoo put on by the FFA, Elizabeth carpenter supervises as a small child becomes acquainted with a chicken.

The vice president Brad Bray shows a student the proper way to operate a tractor. Tractor Safety Day was sponsored by the Cameron FFA to allow people that aren't used to being around tractors the chance to get used to the operations of tractors.

b ringing back old traditions

This year NHS members experienced some revived traditions.

Nhs is an organization that is full of traditions, and this year two of those traditions were revived. The tapping ceremony was done for the first time in a long time. This year was also the first time for many of the members to receive NHS pins. NHS continues to remain one of the most respected and well rounded organizations to thrive at Cameron High School. Each year the members are selected from high-caliber students and the quality of the students continues to increase.

HS officers: Front row: President Jessica Stallman, Treasurer Jennifer Roberts. Back row: STUCO representative Alan Farnan, Vice-president Brad Bray, Secretary, Mike Best.

National Honor Society: Front row: Brittany Cole, Molly Breckenridge, Suzi Massey, Paula Eagan, Sponsor Glory Fagan. he winning numbers

Deca students know what it takes

To start off the year, they had to face the never ending duration of the projects. When February 18th rolled around their hard work had paid off. 32 out of 43 members were awarded the chance to go the Lodge of the Four Seasons to compete at the State level. At State competition, 11 members earned themselves a trip to Denver, Colorado for national competition. Even though only eight decided to go to Denver, 6 members out of 8 got in the top ten in the nation.

Finding time for a little relaxation, Brett McConnell, Jeff Coolman, Adam Nelson, Jennifer Carroll and Kim Akey have fun competing in their own game of bowling.

Comparing the competition to their projects, Adam Nelson, Sammie Perry, Brett McConnell, and Jeff Murphy concentrate intently.

Darrin Kerr daydreams about his business future during the long ride to state FBLA in Columbia.

Right on tune

Music is a vital part of students lives at C.H.S. Each year students participate in music not only at the high school level, but also at the state level. This year we had one member of the Choir sing in All State Choir at Tan-tar-a Resort. We also had 3 other students qualify for District Choir. The students who actively participate in the music program in school are also very active outside of school. Many are involved in Jazz Choir and some take outside instrament and voice instruction.

Marcus Green focuses on his marching so that he can keep in step.

Chris Collins intently waits for the next cue during a Jazz Choir performance.

With all eyes on Mr. Goodwin, the Jazz Choir focuses on their performance for the F.T.A. District meeting in Maryville.

Artistic Talents

One creative mind after another

The art club is an organization that varies in different talents and personalities. Some people in the club might not be very artistic in the drawing or painting skills, but they own creative ideas. The Art club joins together to do a variety of different things. For instance, the art club makes the signs for the Thanksgiving parade and they also get together at Christmas time to exchange homemade Christmas cards and play fun games.

Art club officers: President Michelle Lawrey, Vice President Sarah Gardner, Secretary Audrey Moser, Treasurer Abbey Walker, Stuco Representative Shea Workman.

All the Art Club members quickly pass Frhristmas cards around the table as they listen to Ms. Livingston talk about Santa and his elves.

aking the Mystic

A long, stressful job, but well worth the effort

If you asked a graphic artist what goes into creating a good yearbook, they would tell you developing film, long hours at a computer, writing stories and captions, and hard work before each deadline. But between each deadlines panic, they are still able to make time for parties and fun. (not that the work itself isn't fun)

Consisting of eleven people who have learned to work together, they somehow managed to make each deadline and create a great yearbook for all to enjoy.

Sports Editor, Alan Farnan, works vigorously writing captions for his sports division spread.

Tiffany Bickford carefully examines the negatives before she makes a print.

Secretary, Nicole Berry, shows off the candy and snowglobe she receives at the annual Graphics Arts Christmas party.

Check it out!!!!

The library, or media center, is a well run part of our school. The Library Aides have various tasks which include: the checking in and checking out of books to students, shelving books, and overall just being an assistant to the librarian, Mrs. Fish. The library aides are a vital part of the C.H.S library. They make it possible for Mrs. Fish to participate in STUCO and various other events with their ability to run the library in her absence.

Library Aides Front row: Molly Breckenridge, Jenni Newell, Jennifer Roberts, Librarian Mrs. Fish. Back row: Jeff Gates, Adam Poland, Jeff Murphy, Clint Watkins, Nate Kemna, Brad Bray.

The librarian, Mrs. Fish, lends an ear to assist Mr. Markt and Ms. Ditmars, the school Guidance Counselor.

bill Nye
the science guy

The top science students compete to advance their levels

Beta Chi Pi is the honors science club, in which members work through the levels (Beta-Chi-Pi) by earning points. They earn points by the grades they make in their science classes, competing in the Chem-a-thon, or doing a research project that competes at the state level. All of these factors combined cause Beta Chi Pi to be one of the smallest organizations at CHS having only the top students that excel in science.

Beta Chi Pi officers: President April Slaughter, Vice President Jennifer Roberts, Secretary Jessica Stallman, and Treasurer Shea Workman.

if you ask
mr. bishop...

More members created a more enthusiastic year for FCA. The year started off with the first activity to work for was Homecoming. The FCA raised its dues to provide a real float for the parade. Transforming Michelle Hawks's Izetta (little red car) into a football helmet, Darren Turner baked under the black cloth while driving. The next project was what to do for Christmas. A grab bag Christmas party was held at Jessica Fletchers house with goodies to eat and movies to watch. The FCA did one thing this year that was totally new. In April the group took a trip to St. Joe where they ate at Ryans and saw a Korean band at the Olive Branch Coffee House. It was a year for FCA to remember.

Jamie Curtis concentrates on cutting out one of the two C's to be put on the FCA Homecoming float.

Fca officers: President Michelle Hawks, Vice President Jim McKinley, Secretary/Treasurer Elizabeth Carpenter, StuCo Representative Angela Watkins.

Jeff Gates, almost "in tears" because of a fast approaching deadline for the yearbook is counseled by peer helper Sarah Gardner.

ou share, we
care

The idea of FLASH (Friends Listening and Students Helping) is to recognize the students at CHS who are trusting with others stories. FLASH students are elected by their peers and go through a one night seminar learning the best ways to help people through problems, where the best advise to give is none at all. When helping with a problem, the best idea is to help them come up with a solution. Students learn many new ways to communicate with others and the best ways to help with problems.

Peer helper Jim McKinley listens patiently to Holly Morgan as she shares her emotions about a car wreck she was in.

If you ask me what I know...

training the brain

Throughout the year students find time management is a vital part of their lives. Whether it be attending or competing in athletic activities, scholastic organizations, working at an area business, or finishing homework—yes even HOMEWORK, they seem to always land on top. In staying so active they push each other forcing their personal goals to be set higher. One of those goals is for academic excellence. This year student's appreciated new classes like computer art and college chemistry along with new faculty to push them towards that goal.

Getting a little hands on a chemistry lab, Ryan Burt, Lance Derstler, Jeff Bottoroff, and Jason Corral wait for their reaction to come to surface.

Color theory is only part of what is learned in an art class.

Jeff Gates and Ralph Riley burst through the door with a toy gun in one hand and their mask in the other, as they act out their LA IV Greek tragedies.

Andrea Proud concentrates on putting her gingerbread house together on the floor of the french room.

April Brem and Matt Byrom test out their cooking skills in the foods class by making a batter for tofu chocolate pudding.

New faculty members find a home at CHS

New faces

Walking down the halls at CHS this year, one might wonder about the many new faces of some teachers. Who are they? Where did they come from? Do I have one of their classes? Do they give a lot of homework? Cameron High School added 13 new teachers this year. Three of those were here for a part of last year and one was a 'returnee', making the first day a little easier. Some came from as far away as Iowa, and some as close as Cameron! But as the year wore on, those faces that were once new and mysterious soon became familiar.

Cameron girl's track coach, Brad Hagadorn, creates his line-up on a computer for an upcoming meet.

Carpentry instructor Don Vaughn shows his students the ins and outs of garage door openers. Even though class size was small, this year's class constructed a home they can be very proud of.

New Faculty
Academics

Working diligently on some paperwork, Ms. Ditmars does her best to try to not become lost in the piles and piles of information.

 Dragons and Lady Dragons..
 AND PROUD OF IT!!

Ms. Conway took a Algebra III chapter on ellipses to heart. She and the class worked with markers on the floor to draw the shapes. This helped the students have a better understanding of what they were calculating.

if you ask
 ms. conway...

she will say that in her first year at CHS she was a bit apprehensive about the block schedule, but as the year wore on, she decided that it wasn't so bad after all! She stated that it gives students more time each day to learn new concepts and even work on group projects.

did you know...

34.2 - percentage of the faculty was new this year

Last year Mr. Albright did his student teaching here at CHS. This year he became a full-fledged band instructor. Here he joins the pep band at a home basketball game.

rama instructor Celeste Yeager works on final details with cast and crew from the musical 'Snoopy.' This was her first venture as the director of a production.

New Faculty
 Academics

CHS students get some hands-on experience..

Getting a 'lil handsy

Jeff Coolman, Mike Best, Laura Robison and Laura Arthur sit and wait for everyone to return from labs.

Hands on activities show students at CHS how educational subjects apply to everyday use. "Hands on" lessons show things such as the safety and precaution that needs to be applied when working with chemicals to the importance of aerodynamics of an airplane. Without "Hands on" time in class, students would be at a loss of experience of how classroom lessons apply to real life situations.

The freshman algebra class test their skills at airplane throwing in the hallway.

Nicole Berry works on one of her Graphic arts spread through her lunch period.

Hands on activities
Academics

Cristy Bickford works in the lab in chemistry class.

Rachael Mckensie and Clark Nelson work together in a lab to help measure out their skills.

Jeff Coolman, Abbey Walker, and Mike Best concentrate on a Chemistry Lab at the Chemathon.

Sammy Wattenberger, Flannery Ms. Conaway, and Laura Pierson draw parabolas on the floor in the Algebra room.

Real Life

applications

There are many different activities in the school that apply to their real world. They range from “baby think it over,” to carpentry work. Some are even applying the things learned in the arts to a real job. For instance Derrick Gibson. He has had many art classes and now works at Worlds of Fun drawing characters for people. Something new has been heard in the halls of CHS this year, the crying of the “Baby think it over.” Mrs. Stuedle’s child development class took part in a two day experience with the baby. If you ask Brianne Graham about the baby, she’ll tell you “The baby didn’t wake me up at night. My mom would have to come down stairs to wake me so I could shut the baby up.

Derrick Gibson shows his hidden talent by drawing caricatures, which became his summer job at Worlds of Fun. Derrick intends to make a career in the art field.

During their foods class, Molly Breckenridge and April Brehm stir melted sugar to make candy.

In carpentry class, Joe Reickard works with much effort to put up trim in a closet.

C. Moore constructs a gingerbread house for a project in French class.

Molly Palmer and Brianne Graham take care of their "Baby think it over" for a family living class.

Parlez-vous francais?
or Habla espanol?

Spanish vs. french

This year students enjoyed the chance to progress in foreign language with the addition of two new classes, Spanish III and French III. Though the number of students in each class were small, hope for next year classes are strong due to the increased number of students in level two classes.

spanish: Ete ano los estudiantes se divertieron mucho en mejorarse en las lenguas extranjerias con la oportunidad de tomar dos clases nuevos-el Espanol III y el Frances III. Aunque los numeros en cada clase eian pequenos, la esperanza para unas clases mas grandes el ano proximo es fuerte, porque hay muchos estudiantes en las clases del segrendo ano.

french: Cette annee les etudiants ont pris plaisir a l'opportunitie de faire des progres en langues etrangeres avec l'addition de deux nouvelles classes, l'Espagnol III et Francais III. Bien que le nombre d'etudiants dans chaque classe soit peu, l'esperence pour les classes de l'annee prochaine est forte a cause du nombre augmente etudiants dans les classes du deuxieme niveau.

French II and III students went to "Le Fou Frog" to sample French cuisine. Here Courtney Fletcher tries escargot.

Laura Arthur and Jenni Newell prepared citrus bars in spanish III for a chance to dabble in authentic food.

Cameron Community Hospital
1015 West Fourth Street
Cameron, Mo. 64429
(816) 632-2101

Quelle heure, Nicole? Even as a french III student, Nicole Curtis touched up on her time, while giving the class a few laughs with her impression of a clock reading 12:00.

Carrie Gaines taps the puzzled Koat, then assists him with his robe. This year "Koat" was selected as an honorary NHS member.

A friend from Ukania joins us for the year

Constantin Scherbakov

if you ask konstantin...

he will say that he was born in a city with about 900,000 people in it. He was raised by his mother(Olga) and his stepfather(Valeriy) while picking on his younger stepbrother(Vladimir). He grew up playing soccer, eating borsh(a beet soup), and nirogi(a kind of pot pie), saying words like kaebot(meaning cool) and loch(meaning dork), while hanging with friends and going to school. Now you might wonder about some differences between UK and the USA or about the changes he had to adjust to. Well here are a few of those statistics:

1. When asked about the differences in schooling he stated that at his home you don't get to choose your classes and there are not as many clubs and sports to participate in, and yes he says, "Classes are a lot harder".
2. His most memorable moment was when he saw New York City. With all it's lights and glamour it went beyond what he expected it to be like.
3. He has been learning english since the first grade taking it as a class in school, and he also knows russian besides his native tongue of Ukranian.
4. Since living here he has fallen nicely into the American way of fast food (McDonalds), watching t.v., and going to concerts. But he admits that once he traveled 400 miles just to see Deep Purple perform.
5. When I asked him if he feels like he has missed out on those special senior activities, he said no because there are more of them here than at home.

Jenni Newell looks frustrated at the attempts of helping "Koat" learn how to cook. Here they prepared enchilladas together. Looks like they pretty much have it mastered.

They Macerana! "Koat" was never shy when it came to stirring it up on the dance floor. Here during the Homecoming dance, he gladly joins Michelle Lowrey, Ryan Chambers, Courtney Fletchall, and Laura Arthur to bust a move.

Taking classes that allow students to...

at a taste of the real world

Health Occupations students learned first hand what happens during a rescue. Shown here, Jessica Liley experiences being strapped onto a stretcher.

Many students are getting their feet wet at occupations they may seek out in the very near future. Health Occupation and Cadet Teaching are just a couple opportunities offered by CHS. Students taking part in Health Occupations experience the rolls of nurses, nurses aides, ambulance crew members, and nursing home duties. Cadet teachers are assigned to a teacher that they observe most of the year and teach the class a couple of times.

April Slaughter "died" May 7, 1998 in a mock car accident.

Jenni Newell helps one of her "grade" students with her homework.

During one of his cadet teaching duties, Steven Salcedo puts up a bulletin board.

The 1997-1998 Cadet Teachers are: Michelle Lowrey, Jenni Newell, Bethany Long, Robert Davis, Kristin Conrad, Kristy Eads, Quinten Lovejoy, and Paula Eagan.

Utt's Golf and Body Shop
Porter's Building Center

New challenges, and an brand new teacher

building futures

The carpentry class began to break in yet another of Cameron's new teaching staff. Don Vaughn comes here from Osborn, where he taught similar classes. This years carpentry class had many close calls with accidents, as past classes have. Each classes goal is the same year after year, but each class also puts its own memories and efforts into the house they're building. This years' classes had many stories to tell, and here are just a few. Several time during the year, students in the class had difficulty remaining on the roof while working; Clark Nelson and Joe Reickard fell off of the roof repeatedly while attempting to nail down tar paper. Joe Reickard had a very close call with a nail gun during the course of a day. While attempting to nail in trim, he lost control of the air-powered nail gun, and missed giving himself a do-it-your-self lobotomy by half an inch. Carpentry has, and remain to be one of the few classes where student can get hands on experience in the real world.

Jacob Wildman works to cut a piece of track for the garage door to run on.

Tyler Eivins racks his brains for a way to wire the light switch as most of his class looks on in awe.

The Black Day carpentry class consisted of: Don Vaughn, Jacob Wildman, Travis Lloyd, Shane McQueen, and Chad Oitker.

Chad Oitker and Jacob Wildman look on as Mr. Vaughn shows the the proper way to install an electric garage door opener.

Clark Nelson looks on while Ryan Eivins holds a cabinet in place so that Clark Nelson may screw it down.

L. D. S.

This is one of the many sayings that can be heard in the choir room. Sing loud don't stop! Mr. Goodwin utilizes this phrase especially when students are preparing for the sight reading portion of District Choir Contest. Mr. Goodwin also uses sayings such as "NBC" and "Here Comes the Bride" to help students reach skips that may look hard, but are actually really familiar. At contest this year, the choir received a one rating along with the girls and boys glee clubs. All in all, the choir had a wonderful year.

Officers for choir Top to bottom: Francie Stallman, Morgan Trospen, Terrail Rawlings, Clint Watkins, Jessica Stallman.

Mr. Goodwin, who has been the Choir instructor for 36 years, prepares the Jazz Choir to sing at the district F.T.A. meeting in Maryville.

The vocal music classes consist of a large portion (approximately 25% of the student body) of CHS students. Pictured here are over 100 vocal music students who sing their hearts out, not only during the regular classes, but in concerts throughout the year.

In a final appearance, senior choir members sing one last song at the commencement exercises.

After all the hard work comes some rewards. After one of their performances, Jeremy Morgan, Ryan Chambers, Jennifer Davis and Mr. Goodwin get an ice cream treat.

With a look of dedication on his face, Joe Saunders concentrates hard on his singing.

Members of Jazz Choir Front row: Jessica Stallman, Stacia Stallman, Elizabeth Carpenter, Francie Stallman, Joe Saunders, April Collins, Alisha Cox, Misty Zahn, and Cassandra Bacon. Last row: Amber Dragna, Jennifer Davis, Ryan Chambers, Alan Farnan, Nathan Hahn, Chris Collins, and Jeremy Santee.

Success comes from preparation

The symphonic band officers are: Adam Nelson, Vice President, Derrick Gibson, President, Scott Seuferling, StuCo Rep, Angela Watkins, Secretary/Treasurer

Mr. Taylor's famous words

This year Mr. Taylor was put through a number of "heart attacks". The first one came at the end of football season. The senior band members wanted to march this year. Unfortunately they did so without the approval of Mr. Taylor, or Mr.

Albright. Wearing jeans and a band t-shirt the seniors got to march onto the field that night, but had to sit through a number of meetings the following week. The second "heart attack" came around the time of the Band-A-Rama. Mr. Taylor decided to play a song full of solos and duets, feeling that he had seniors in the first chairs capable of filling the parts.

By Band-A-Rama the band could play the music, but not blend very well and the solos were still a little shaky. With a lot of work in the weeks to follow, Taylor got the band to play in tune, blend together, and came all together musically. In the end, the band returned from contest just barely with a one, one-half a rating away from a two. But.... "a one is a one is a one."

Members of the freshman and symphonic bands pull together to form a pep band for one of the Varsity Boys Basketball games.

Although the Cameron Academic Bowl team is often overlooked by many of the Dragon fans, one wouldn't know it by asking them. Most members are just in the team for the friendship and fun that are to be had by hanging out with the teammates and, when they mess up, making fun of them without compassion and/or remorse. The team consisted of five members from each class, with the majority of them returning players. The five new players were enough to keep practices and bus rides interesting. Although there was no actual "hazing ritual," the new members quickly learned their place.

Sports "play" a vital role in the life of the average CHS student.

Here comes the Jock

Cameron High School made some very significant steps toward becoming seasonal contenders in every sport. The moving of softball from the spring to the fall forced the team to compete without some of its more talented athletes. High numbers in all of the girls fall sports resulted in fierce competition for starting roles, while the boys had uneven numbers and found it hard to fill holes in the lineups. With the move to the new Midland Empire Conference, every team faced stiffer competition. Although it was tough to go up against such different competition, every team agreed that in the long run, it would be beneficial to

the success of Cameron High School athletes.

Jon Swearingin (J5) and Danny Eads (Dough) blast through the line and put heat on the opposing signal caller.

Carrie Gaines shows her picture perfect form as she delivers one of her smashing forehands.

Sophomore relief pitcher Lindsey Arthur grimaces as she hurls the ball over the plate.

Swoooosh!!!

Cameron newcomer Paula Pagan shows her newfound pride in the black and gold.

The Lady Dragons take control

S

triving for excellence

beginning the season with three unfortunate injuries, the Lady Dragons found themselves already having to battle back. There was some confusion over a new rotation, but the Lady Dragons joined together to make it work. They improved their level of play every game. After a marathon two hour match with Grain Valley, the team brought home the third place plaque from the Richmond Tournament. The varsity team also placed third in the Lexington Tourney. With players from each grade, volleyball should be the sport to watch in the years to come.

Angela Moore reaches slightly above the net to block a spike from the Lafayette Volleyball team.

Cristan Slaughter dives to keep the opposing team from scoring.

April Slaughter skies above the net to spike the ball and score a point for the Lady Dragons.

Audrey Moser reaches to hit the ball over the net while Kim Akey and Angela Moore respond with a defensive formation.

Although they ended their season with a six game losing streak, the Dragons always played with pride.

ride on the gridiron

“Up High With Pride!!” Although the Dragons had a disappointing season, they always played like they were “number 1.”

Looking to have an exciting and triumphant season, the 1997 Cameron Dragon football team had high expectations. Lacking obvious depth in the skill positions, first year head coach Dan Kennedy summed it up by stating, “We’re gonna outwork our opponents.” After winning their first two games, the Dragons came into a run of “bad luck.” After losing their starting quarterback to a season ending injury, the Dragons soon found that adversity would be their toughest opponent to date.

Although the Dragons were 3 - 7 for the season, one couldn’t tell by the look on their faces before each game. Lead by a group of seniors with an outstanding overall record, the Dragons remained positive throughout the season. When asked what he thought of his first year at Cameron, Coach Kennedy stated, “I could not have asked for a better group to start my career as a Dragon.”

Senior Mike Best lowers his shoulder and bulls his way for those crucial extra yards.

Matt Byrom, Cameron's largest athlete in years, dominates his blocker and drops the ball carrier for a loss.

The Dragon's leading receiver, Jeff Coolman, falls back down to earth as the ball bounces out of his hands.

Clint Watkins, punt return extraordinaire, rounds the corner and turns on the jets.

The ever elusive Kevin Gates proves why he was the Dragon's offensive MVP.

There's nothing like sticking together

holding their own

With the number of football players low this year, the junior varsity football team had to work even harder. Under the direction of Chris Johnson, the JV had a fairly rocky season. Since most schools didn't have a freshman team the JV had to share time with the freshman. Facing tough competition, the JV fought hard and earned their stripes.

Excitement and adrenaline overwhelm Brian Thompson as he sails the ball into the air.

If you push yourself to do the best,
you can achieve anything!

Expect the unexpected

Jeff Files eagerly attempts to catch the ball as a Lawson linebacker closes in.

The freshman team held strong through the Chillicothe game. Eric Tilford carried the team by making the right choice to pass or to handoff to Brian Thompson, who scored two touchdowns during the game. In the third quarter the ball was handed off to James Hoppenthaler who practically smashed the opposing line as he broke through and crossed the goal line. You don't always expect the quarterback to get a touchdown, but this freshman quarterback, Eric Tilford, managed to get two during the third and fourth quarter. The final score was 28-06.

Eric Tilford goes for a touchdown as the defense closes in on the Lawson Cardinals.

Swinging to their fave song, "Push", the softball team went into a new year with new challenges to face in their first year playing during the fall season. With no seniors and only four returning starters, they had a rough schedule of 22 games in a month with tournaments on the weekends. This tired out their pitcher, Laura Arthur, giving a chance for sophomores Lindsey Arthur and Lisa Wolfe to step up. With warm weather throughout their season, the team took to the field with a unity that resulted in success.

Lisa Wolfe slams the ball towards center field, while Shayna Feighert readies herself on deck.

Junior hurler Laura Arthur shows us her stuff as she fires a pitch at her partner Shayna Feighert.

Golf? Our school has a girl's golf team? This might have been a question in years past, but this year the girls had a lot on the ball. With eleven girls in the beginning and eight at the end of the season, they compiled enough for almost a whole varsity and JV team. While it looked better for varsity than in years past, the JV had many who had never swung a club outside of a miniature golf course. During the golf season, the team had its ups and downs. Like at the Gallatin tournament, varsity went from second to last place in 1996, to second place this year. On the other hand, the team had to work around many obstacles caused by three people getting injured. Overall, it turned out to be more ups than downs and a lot of fun.

Terrail Rawlings made a decision at the beginning of the season to grow his hair out until the team lost a game. This didn't happen until the eighth week of the actual season when Maryville came to CHS that Terrail finally got a hair cut. Superstitions were held by many players, and Coach Nichols this year. Brett McConnell and Rawlings would race to get dressed before each game. McConnell won 14 out of 15 times. Coach Nichols would not wear a sweater again if he got a technical called on him while wearing it. He will also say the same phrases to the team before taking the court, such as, "Out Rebound", "We're supposed to have fun", "Get pumped", "Protect your home court", and "Give 110%". A couple of the players shared their own personal superstitions, that only the team knew about. One of those superstitions was held by Mike Best and Brad Bray. Before each game Best and Bray would have their own pilot, co-pilot fun. Having their own tactics led the team to having one memorable season.

James Hoppenthaler shoots a jump shot over a Chillicothe defensive player during a competitive game that went into overtime.

Helping to build a fantastic ball club for the future, this year's freshmen basketball team took to the floor eager and patient, full of knowledge that the older ball handlers had shared and encouraged them with. They worked hard

throughout the season not letting each loss affect them, growing in talent as the season progressed working hard as a team and proving once again that there is no "I" in team.

Luke Feighert tries to stop an offensive Smithville player from scoring as Brian Thompson sets up for a rebound.

Lady Dragons fire up and surprise their fans with victory

Exceeding expectations

Audrey Moser uses her elbow to drive the baseline on Chillicothe in the Lady Dragon's 53-50 thriller in the Cameron Invitational.

The headline says it all. From the beginning of the season, the Lady Dragons knew this team was a special one. They knew what they were capable of, now all they needed to do was prove it to everyone else. And they did. But this season wasn't without its downfalls. These included extremely long bus rides to the Putnam County Tournament. But the team rallied and soon heads were turning to notice a team that was literally exceeding expectations. A third place trophy was brought home from the Savannah Invitational after a string of consolation wins, and the team made an appearance in the championship game of the Cameron Invitational. This came after a thrilling 53-50 win over former sectional champs Chillicothe. The girls sent a message that they were a team that no one should take lightly.

April Slaughter keeps her eye on the target as she blocks Emily Robinson's path to the bucket.

The Slaughter sister duo strikes again! This time April tugs at the ball for a steal while Cristan waits to back her up.

Varsity Basketball Sports

A winning season looks bright for the future JV team.

team not just players

The Freshman girls basketball team hustled through the season, starting out with eight players and ending the season with six. Despite the fact that the freshman girls lost some of their fellow teammates they had an awesome season of 13-3. Judging by the team work they portrayed this year they are going to be one unstoppable team next year on the JV team.

Lateashia Hoskins makes the fast break down the floor to shoot the jump shot over the defending player.

Ashley Anderson waits for the ball as Lindsey Carrol wrestles around on the floor for it.

Freshman Basketball Sports

Lindsey Carrol is head to head with the opposing teammate.

Through dedication and teamwork the girls make the winning record

Working our way up

Sammie Perry hustled down the court to make a quick basket for the team.

Another season of hard practices, dedication, and concentration brought the girls to their winning record of 9-6. Although the J.V. team didn't have that star player on the team, they managed to have great defense against their opponents. Along with support for one another. When any of the girls would feel down or have a lack of confidence, they would glance at the bench for those encouraging words they received from their fellow teammates.

Emily Watkins reaches past the opponent to make an easy jump shot from underneath the basket.

Junior Varsity basketball Front: Sammie Perry, Suzi Massey, Emily Watkins, Brooke Breckenridge. Middle row: Jessica Brown, Shea Workman, Lauren Kling, Dana O'Loughlin, Michelle Hawks. Back row: Sarah Gardner, Toni Pyle, Cristan Slaughter, Abbey Gould, Katie Robeson.

The stats just keep getting better
and better!

oving to the top

Once again the C.H.S wrestling fans can see the growth of this years squad in terms of ability. Under the direction of Chris Johnson and Rick Mudd, the squad overcame many obstacles. Robert Davis, a junior, can be quoted as saying, "Without Mudd and Johnson, we would have been nothing." The wrestlers have set a precedent as to what they want to be seen as... hard working athletes who deserve respect just like athletes of any other sport. As a squad they have accomplished many things, but they feel that one of the greatest was their victory over Lawson. Though it was just by one point, many will say it still felt great to come out on top for once in the last five years. The C.H.S wrestlers have had a great year, and have set the stage for not only next year, but for the years to come.

Senior Alan Farnan watches as coach Mudd demonstrates a move on Coach Johnson.

Leadership combined with success
equals tradition

it all starts with
tradition

With six seniors to fill the leadership role, the Pom Pon squad had no problem owning up to their reputation of excellence. As usual they attended camp at Maryville receiving 28 blue ribbons, 4 red ribbons, Technical Excellence Award, Superior Showmanship Award, Spirit Pom, and Superior Team Performance. Molly Breckenridge, Mackenzie Teel, and Lindsey Mathena were All-American Nominees. The squad finished their season by performing for the 11th consecutive year at the Show-Me-Show-down State Basketball tournament.

Forming a kick line, their feet are a blur, as they perform a new routine for a packed crowd at the Cameron Tournament.

Cobey Gould gets "fired-up" for her performance in front of a large crowd at the Maryville game.

The Pom Pon squad gathers for their last pose together before their nerves kick in as they perform for hundreds of people at the State Basketball Tournament.

batters up

The baseball team has has been dealt many struggles along the way. According to one source, they noticed that everytime the team would start to gel together and play as one something would happen and they would have to start all over again.

The guys never gave up, however, as is evident from their victory over Richmond in a come from behind win in the seventh inning. According to Coach Sigrist, this years team, though the record might not show it, has improved greatly since last year. He said that in making his decision whether or not to come back next year, baseball was one of the things he hated to leave. According to Coach Sigrist, baseball in Cameron has a good future.

For many years now the Track & Field program has been on a downward spiral. With little interest among students and even less support from the community, athletes found it hard to get motivated to go out and run every day. However, there is a sparkle of hope for the future. With two new coaches who are willing to devote time and care to the program and a young group of athletes who are willing to work hard and accept the sacrifice, the Track & Field program has begun to show a life. In addition, there is a group of community members who are hard at work trying to raise the needed funds for a new track. So don't forget about Track

& Field because in a few years the program will begin to turn a few heads.

Fighting the elements is one reason track is such a diverse sport. The girls team are trying to stay warm during an early season practice.

Track & Field
 Sports

With only a handful of athletes, the girls track team relied on freshmen like Cynthia Allen to get the job done.

Back row: Chris Nelson, Larry Jackson, James Hoppenthaler, Brad Bray, John Davis, Jon Swearengin. Not pictured: Alan Farnan, Coach Todd Ferguson.

I if you ask about me

At the beginning of the year, if you asked who was who, no one knew. As the year went on people began to make a name for themselves and became well know throughout the student body. If asked who someone is, they now know. The individual students represent something all their own, whether it be as an unique person, or by their grade. Any way you put it our school is made up of many different people, and grows more diverse every year.

Individualism is the expression of one's self

Josh Fish shows his hidden talent by juggling for an LA II project.

If you ask them

Jay Albright shows the band that they need to play a little louder to be heard over the festivities of the bonfire. This is Mr. Albright's first year soloing with his own class after serving 1 as Mr. Taylor's student teacher last year.

This year's teaching staff had an infusion of new blood and new ideas, and although many were sad to see old veterans go, there were new people to meet and greet. Teachers have this to say about it: Jennifer Sprenkle - "I have really enjoyed my first year teaching at Cameron. I appreciate all the great students I have." Bonnie Fish - "As a veteran teacher at CHS, I've worked with a lot of young adults. I'm still excited to say that I see CHS going into the millinium better and stronger than ever." Both quotes show the optimism of both new and old teaching staff.

Mr. Sigrist shows his fashionable side in this sequined sweatshirt, and still has the time to explain the mysteries of science to his pupils. The aforementioned sweatshirt was worn after he made a bet with Mrs. Tyrrell about who would win the Maryville/Mo West game.....guess who lost!

Finding a niche

If one thinks about all of the many activities that special services students participate in, one word comes to mind... interaction. From the Christmas party with NHS members, to track and field competitions with surrounding schools- even passing eggs around for Spring Fever Reliever- these students work with and enjoy their time spent with others.

Eric Hartman and Anna Curtis' goal was to keep the egg from falling and breaking open all over their shoes. They succeeded and finished with flying colors at the Spring Fever Reliever Olympics.

The freshman will be known for many things in the future, but one thing that won't be forgotten is the incredible size of their class. Not only have they filled the halls of C.H.S., but have also contributed a great deal of spirit this year. This varies from the enthusiasm that was shown during homecoming to their everyday academics. Although their move from the Middle School was a challenge, the freshman have managed to keep their heads high and stay on top.

Dancie Stallman enjoys an old fashioned game of poker at State DECA while waiting for the bus ride home. Just hours earlier, she had qualified for National DECA in Denver.

Even though it was hampered by strong gusts of wind, the class worked diligently on their float and it's pink cadillac! With the theme, "Cruzin' through the decades with the class of '99" the juniors created a float they can be proud of.

I am

I am nice and funny
 I wonder what my future is going to be like
 I hear two people talking to me
 I see dots coming at me when I close my eyes
 I want all my dreams to come true
 I am nice and funny

I understand why we have parents
 because we need guidance
 I say people should respect whenever
 they're in trouble
 I dream about what my life would be like
 if I was rich

I pretend to be a princess
 I feel a lot of rush going through me
 I touch my dog even though she's not there
 I worry about someone dying
 I cry when I hear or see something sad
 I am nice and funny

I try to be a good student
 I hope that I have a good life
 I am nice and happy

 Individuals

Class of 1998

As we prepare to walk down the aisle in May, realizing the things we have enjoyed and cherished here at CHS are passing us by for the last time, many of us look back on our memories to how it all began. We started out as scrawny kids barely reaching our teachers knees to the towering young adults of tomorrow. Together, with helping hands, we have made it through the skinned knees on the playground and the nights of musty smelling carpet with day old popcorn at the skating rink and even living through those first few weeks after receiving our license. But now those helping hands are slowly moving away as we leave to chase after our dreams. No matter how far we scatter, we will always share those memories we have made here, and have the lifetime friends to count on.

Senior class officers Front row: Stuco Representatives Clint Watkins, Jennifer Roberts and Mike Best. Back row: President Brad Bray, VP Jill Hoggatt, Treasurer Carrie Gaines, Secretary Amy Sullivan.

Clint Watkins and Adam Poland do their part for the district StuCo meeting by dancing to "Men In Black".

Michelle Hawks helps design the posters for Art club's annual Christmas parade.

if you ask
the seniors...

1. What will you miss most about CHS?

3% said it would be their lockers and keeping up with the latest happenings, 5% mentioned sports or stated "nothing", 8% leaned towards the faculty, and 65% told us it would be their friends.

2. What's the most important tip you have learned at CHS, and what would you like to pass down to incoming freshmen?

1. get involved
2. enjoy school now
3. be yourself
4. take your grades serious and always be prepared
5. trust your friends

3. How do you feel about soon being a freshman in college?

57% exclaimed that they were anxious but a little scared, 27% told us they felt great about it, while only 8% said they really don't care right now.

4. Where do you see yourself in ten years?

32% told us they would be working in the business world, 14% said either a doctor or in education, 11% said they would be raising a family or still undecided, 5% said they would just be somewhere out of state, and 3% said they would be working with animals or nature.

Alan Farnan struts across the stage in his "CHS CRAZIES 3:16" get up to help boost the moral of all the basketball players for the upcoming game.

Angela Moore blushes as her picture was taken on the 50's spirit day during Homecoming week.

Announcing the upcoming Barnwarming event, Aaron Ramsey promptly sets up to the mic and takes command.

Constantin Scherbakov lounges in a chair sipping his beverage from the "bar" while relaxing after the long day at national DECA.

Mill Hoggatt laughs uncontrollably as her team's StuCo "monster" crumbles.

If you ask about the ones
that are moving on

When you say goodbye

Alan Farnan and Jessica
Stallman exchange a congratulatory
hug after the ceremony.

Some of the seniors couldn't wait to graduate, and many would have given anything to be a freshman and do it all over again. The time had come for the seniors to move on and say good-bye to what they've known for the past 13 years. After joining together for the first time in kindergarten, they were now joining together for one last time... graduation. A lot of sadness was felt on that last day, not only by the seniors, but from the underclassmen and teachers, too. Many hearts were left broken by the ones that left behind. And from those, came many tears, but not all of these tears were tears of sadness. Tears of happiness were shed for this class.. people wishing them the best as they move onward in their journey along the road we call life.

Gathering for the last time as a class, the seniors feel a range of emotions as they prepare for their commencement.

Mr. Albright the new marching band director, directs several tunes with the drumline right in front at the annual bonfire during homecoming week.

Jim McKinnley is the only one in touch with his "feminine side" enough to dress like a cheerleader and flirt with Ryan Chambers.

Dan Farnan saws away as Nicole Berry and Jessica Stallman watch him cut down the StuCo Christmas tree that will be displayed in the upper hallway.

The senior and freshmen powder puff squad huddle down around their captains inbetween one of their winning plays. "Hey Tia, shouldn't you be paying attention?"

Rock Edwards chugs down on apple cider while Jack Walker, Justin Druger, and Thomas Roberts check out their competition. Their team took second place and a gut full of cider during this year's Barnwarming events.

“If you ask us” we will tell the student body that we have tried new things such as the new attempts with “solarized” pictures, the first efforts to use digital photography, and the only time we’ve had gatepages in a yearbook. With the added elements came increased stress and headaches, but through it all the yearbook staff hope’s the 1998 Mystic is one everyone will enjoy for year’s to come.

We would like to recognize Jostens for partially funding the gatepages and would like to thank all of the businesses who purchased ads along with the support of the school’s organizations.

Alan Farnan says to just walk walk with him as he dances to "Men In Black" at the Student Council District Meeting. CHS StuCo succeeded in running for District Vice President for next year.

on the back

if you ask Abbey Gould or Emily Watkins, they might tell you that friends are one of the most important things in life.

All the hard work paid off for the guys when the bonfire was lit that night to provide a spectacular fire.

As tradition holds the annual bonfire was built by the members of the senior class. Adam Nelson stands watch as his peers pile on the wood.

Mystic 98
