From beginning to end, it's definitely been a year that deserves a good hard look

With this being the last year before the millenium, CHS has definitely made it's mark. From the very beginning, there was controversy of whether we started school too early with the school officials decision to solve this problem by setting the starting date later next year and put in air conditioning. Homecoming was revamped with the biggest change being the game held on Saturday. Dragon teams shocked many with their impressive wins over Platte County in volleyball and a surprise season that took the boys basketball team to Sectionals. From the biggest issues to the smallest details, the look at CHS is one that definitely won't be forgotten.

Making the Most of it

*Balancing all the things
 in a Student's Life*

Students at
 CHS, al-
 though already
 busy with sports,
 clubs, work, home-
 work, and relationships,

still find time to participate in part or all of the fun. These activities, which have been traditions for years, come alive for every student each year as their own personal memories make them unique. From the hula skirts worn by a "select" group of art students and teacher, and attempts at line dancing, to planning for the future, - not the mention the "Crazies" reputation throughout the area, memories have been made. Even though the pace may be hectic, in all, it's worth every minute. (And who knows....maybe once in a while, one may find a student getting a little well-deserved R & R!!)

Look at this.. ■ ■ ■ ■ ■

When one considers there are 168 hours per week and there is a loss of up to 56 hours for sleep, an average of 18 hours for games and 15 hours for practices for participating athletes, an average of 15 hours for those who work, and 35 hours for school, that leaves just 29 hours for a personal life. That is not a lot of time throughout the week! Especially since eating, studying, and driving haven't even been considered. Whew!!!

Student Life

And the crowd

Goes wild!

CHS students get a little 'Crazy'

Already well known for its school spirit and the notorious Cameron Crazy's, Cameron High School has a now well-established 'reputation'. This year saw fans fill the stands for some historic volleyball and basketball match ups. The large Dragon following for Sectional basketball at the Civic Arena was impressive! The students cheered on the Dragons and were, in general, just plain ruthless! However, being a Crazy is not the only way for a student to show their school spirit. Teams supported each other, students actively participated in dress-up days, and organizations like DECA and FFA took CHS spirit to the state and national levels.

After winning their first class competition ever, members of the Class of '99 celebrate on the field.

Following a Dragon touchdown at homecoming, school spirit can be seen everywhere. Junior Abbey Gould is surrounded by poms and the band, seen in the background, plays the Fight Song.

H A Global Homecoming

Around the World in Six Days

Homecoming activities were centered around the theme "Around the World in Six Days." From spirit activities that ranged from Mexican Monday to Tropical Thursday, from morning activities of hula hooping in the hall to animal calls, to the highly contagious spirit in all classes, it was a week involved everybody. In addition to the traditional spirit competition, there were also new traditions being set this year at CHS. The bonfire occurred on Friday night. The parade and game were held on Saturday afternoon, and, as always, the dance was that night. Although the Dragons put up a commendable effort, they were ultimately defeated by the Benton Cardinals, 35 - 19.

Drew Hatten and Abbey Gould work together to catch up on the junior class float at the community building.

Making through the streets towards the "Best Float" award, the Senior class' Chinese Dragon was completed with the help of the Junior class sponsors Mrs. Hill and Ms. Fisher as they supported the dragon tail.

Kyle Youngs, John Fanning, Lindsey Carroll and Eric Tilford all scrambled to get the treasure that fell from the pinata on Mexican Monday.

Hot ^{Two} Nights

*One Hot Bonfire
One Hot Dance*

The senior guys did an excellent job on the bonfire, which for a change was on Friday instead of Thursday. Before the lighting of the fire each class did a skit- a new addition to the festivities. The sophomores had three Cameron players beating a cardinal with baseball bats. The juniors did a scene from Jerry Springer. The senior skit was about the classes and the unity between them. The cheerleaders and pom squad spiced it up with a nifty little number that got the crowd pumped up for the lighting of the fire. The dance was also changed a little. It was on Saturday night. The new D.J.'s "Quadra Sound", from K.C, did an excellent job keeping the hits rollin'. As the dancers got their groove on, the dance floor was smokin'....literally! The doors weren't open, one fan was on, and it was hot! Hence, two hot nights!

To the Polls

CHS student body casts their votes for the traditional Mystic Elections.

In December 7th, 1998, the student body cast their votes for Mystic Elections.

As in the past

categories included the old stand-bys like "Most Likely to Succeed" and "Best Athlete". However, the election results included a new twist with a *group* of girls for "Best Girl Pals", the second year in a row that this has happened. Notice that Ryan Chambers is sporting his 'short tie' in each of his pictures. Ryan somehow managed to work the 'short tie' into his outfit for each of the spirit days during Homecoming week- even Mardi Gras and Safari day!

*M*ystic Royalty was finished after the King and Queen, Kevin Gates and Sarah Gardner, were crowned

The votes are counted and the royalty is..... What would the year book be without Mystic Royalty? As in the past, the student body was called upon to elect the Mystic Royalty for the year. Freshman Marcy Jackson and Keith Akey were also chosen as Funniest Freshman, and Ashley Anderson and Jerod Kemper doubled as Silent Sophomores. Juniors Abbey Gould and Josh Fish were paired up again, just like thier freshman year. Finally, Kevin Gates set a new precedent-for four years he was eleted to the Mystic Royalty! How about that!!

worked their charm.

"The Hobbit" was to be the 1998 fall musical. Under the direction of first year drama instructor and CHS alum, Ms. Melissa Harper, the cast had a few bumps on their road to success. All was going well, until one week before the play, the light person had to quit for unexpected reasons. This left the cast and crew dangling in mid-air. At the last minute they scrambled to find a replacement to do the lights. By the night of the play, they were psyched and ready to go. After two performances, the young cast and crew could finally rest- at least until the spring play....

Rachel Provance plays Queen for an evening

This years Barnwarming was exceptionally good.

Dancing and various competitions seemed to be the norm throughout the evening. The events consisted of the traditional bale throwing contest, red-ear of corn hunt, and the kissing of the pig. Keith Akey and Elizabeth Carpenter were the bale throwing champs and Blake Sedgewick had to kiss a baby pig held by this year's Queen Rachel Provance. Ferren Gibson and Jill Walker won the red-ear corn hunt contest. This game requires the lucky finders of red-painted corn to kiss their date. The decorations were ordered, the photographer arranged, and the DJ contacted, but the Cameron

FHA had a problem with the location for the annual Sweetheart dance. Due to a rescheduled girls basketball game, the dance had to be moved from the High School to the Middle School gym. "Although it was different, I think everyone had a good time," Queen Jessica Brown said following the dance. As Saturday night rolled around, couples and friends entered a gym filled with red and black balloons, silver streamers, and a sense of romance in the air. Long lines awaited the picture booth while many couples shared a slow song inside the gym. Just as many couples enjoyed the night with their "valentine", many single friends danced and laughed throughout the entire evening.

O Time for play n Your Marks

*Making a sweaty
moment a memorable one*

With four minutes on the clock, it seems like there would be enough time to do a simple orange pass or even an easy enough task of "skin the snake", but one might be surprised. Given only four minutes doesn't leave a whole lot of room for mistakes. The main event for Spring Fever Reliever week was an event never to be forgotten. It's not every day one gets the chance to stick their nose in someones armpit, or try to fit ten people in a Hula Hoop of a 3 feet diameter. To help set the mood for the "main event", there were activities like the tooth pick pass and dress up days like Bahama Mama Day which made it feel like a day in the sun...even if it did rain the whole week. And the I.Y.Q (warm fuzzies) necklaces gave everyone the opportunity to chat and bond a little.

Abby Walker and Suzi Massey are necking...for an orange that is. As the seniors participated in the passing of an orange, they managed to finish their first time down the line when the buzzer sounded.

Josh Fish desperately tries to hold on to Cristian Slaughter's hand while playing "skin the snake". This was one of the brand new activities played during the main event for the week. A challenge? Yes, but lots of fun!

"ouch...that's my back...hurry guys." Despite the fact there were a lot of aches and pains, not to mention sore muscles the next day, the Sophomores were able to build a sturdy body pyramid.

Charley Cameron turns back to check which teammate had fallen out of sequence.

Garry Jackson is smiling from ear to ear just after he receives his fuzzy dice for winning the worst car at CHS.

Joe Kemna and Garrett Estabrook could almost pass as brothers on "twin day".

Mr. Strange competed in the "Final Event" with the teachers against the Freshman. His job was to shave a balloon, he was very precise at this task.

Abbey Gould and Tawyna Cooke can't help but laugh at their three-legged race abilities.

Some class bonding for the juniors is what it is all about, as they all are hanging on to one another, trying not to fall out of this Hula Hoop with a diameter of 3'. Think it's easy? Just try it sometime.

A Luxurious Night Out

After waiting what seemed like a long time for prom time to roll around, many people were growing very anxious. Finally, the big night came on May 1. Many girls filled hair and nail salons, getting all primed up for a fun, luxurious night out. Guys picked up their tux orders and washed their cars as they planned to ride in style to prom, which was held at the St. Joe Country Club. After some fine dining, the eager prom-goers filled up the small ballroom decorated in white and silver to participate in some serious dancing. The DJ played many older tunes as a big screen displayed the matching videos. Some danced the night away up to the last song, while others decided to head back to after prom party at the high school, where there was a magician, karaoke, basketball, and other activities. Many nice prizes were given away to some lucky winners. The fun lasted until 6 am and the exhausted students headed home for some rest. All in all, prom was a great time had by all, and will be remembered through pictures, keepsakes, and lasting memories.

Former graduate and talented artist Derrick Gibson draws caricatures of many "After Prommers" into the early morning hours.

L A Look at Last Summer

*And you thought
summers were for
relaxing...*

Summers for the students at CHS are always busy. Between work and hanging out with friends, there is never a dull moment.

This summer many sports camps were held around the state various colleges. Boys and Girls State participants went to Warrensburg for a week, while the Pom Pon girls spent a lot of time in the Maryville gym learning routines. Due to a severe rainstorm, the cheerleaders were forced to cancel a trip to William Jewell and stay in Cameron instead. For the first time ever, the volleyball team went to a camp in Columbia. Other summer camps include FHA's State Conference in Columbia and StuCo's trip to Fulton. Racking up the most miles, however was the group of students who traveled to France!

Attending Girl's State this summer, Flannery Brill met many new friends as they formed the imaginary Anthony City.

Making the Grade

The Long Road to Achieving Your Goals

Something new was seen in the halls of CHS this year, a new Academic Wall of Fame. To be on the wall of fame you must achieve a 30 or above on the ACT test, or have a 4.1 or above grade point average upon graduation. Academics

have become a large part of CHS, and yet a challenge for students to achieve. Although making the grade is hard, many students show their talents in other areas as well. Some are achieving their goals in sports, working long hours at a part time job, completing homework, and making new friends. Even though we are all busy finishing these odds and ends, we still find the time to support each other in everything that we do.

Look at this...

This is the first year of the "Academic Wall of Fame" which was started as the class of '98's class gift. At this time, Molly Breckenridge, Alan Farnan, Carrie Gaines, Jennifer Roberts, Jessica Stallman, Laura Arthur, David Harris, Tawnya Cooke, and Lauren Kling have all been added to the "Academic Wall of Fame". Congratulations!

Academics

Looking and also feeling a little stressed, Cristan Slaughter works to meet another deadline in Graphic Arts.

Learning Through Experiences

A wise man once said, "The best way to learn is to teach yourself." The students of CHS are doing just that by doing everything from making cheese omelettes in Foods class, building a green house in Ag Construction, and even playing with the occasional child's toy. Hands on experiences are very educational and important to the learning process. Through experiments and labs in Chemistry, Biology, and Science classes, CHS students, without a doubt, learn the very best possible.

Experimenting can lead to new ideas...

College Chemistry proves to be a messy class.... just ask Polly Palmer, Jill Jackson, and Suzi Massey.

Cameron's *Through* Foreign Imports

Hosting a whopping three exchange

students, CHS has outdone itself this year! In recent years, foreign exchange students were a rarity at Cameron. This pattern was broken last year with the arrival of Ukrainian Konstantin Scherbakov. This year Roger Monllau, Charles Grondin, and Emma Mendoza were Americanized thanks to Cameron.

Students may have seen one of them around CHS, whether it be Roger walking through the halls with Gail White, or Charles at a wrestling match or riding his bicycle around town. Perhaps students remember the day that Roger and Charles revealed their freshly dyed hair!

Returning from semester break, students at CHS may have noticed a new face in the crowd. Emma Mendoza from New Zealand arrived as the third foreigner here at Cameron. Because the school year in New Zealand begins at our semester, Emma will return during the 1999-2000 school year to finish her time here at CHS. Look for more about Emma in the 2000 Mystic.

ROGER MONLLAU:
 Pronounced: Row- jer Mon- yow
 From: Barcelona, Spain
 Did you know: Roger's brother David was also a foreign exchange student at CHS in 1991.

As part of Global Homecoming, Roger Moneallo and Charles Grondin translate the last lines of the senior skit into French and Spanish. The large crowd on hand at the pep rally was mesmerized as the two spoke in their native languages.

Roger washes dishes to pitch in around the Needham house.

Learning Things the Easy Way

*Taking a break from the
every day school life.*

Not every thing is done with paper and pencil. Many real life things go on where kids learn about how things in the outside world really work. Sometimes it consists of them going to watch first hand how things are done such as the child development class going to Liberty Hospital or when foreign language classes go to restaurants. On occasion they do it themselves, like when Foods cooks stuff or Constitutional Law holds their own mock trials. The foreign language classes usually lead the school in field trips.

Jessica Brown and Andrea Proud enjoy looking through other towns year-books while the Graphic Arts class attended the Josten's Yearbook Workshop.

Jimmy Whitaker exhausted after the french field trip, is resting on the way home from the play, Cyrano de Bergrac.

Andrea Proud experiments with the taste of snail on the French field trip, and is very much disgusted with the way it tasted.

Preparing for the Future

Students have found many opportunities too help themselves

prepare for their future. Students wishing to pursue a career in the medical field usually take the Health Occupations class. Health Oc. is a three block class that teaches students how to care for ill people. Another class provided for students is Cadet Teaching. This is a one block period that allows students interested in the career of teaching help a teacher with their class in any of the four buildings. These classes enable students to start their dreams and eventually make them a reality.

Cadet Teachers: Kellie Jo Stevenson, Kristin Conrad, Robert Davis, Jill Jackson, Bethany Long, Joe Kemna.

Did you know that Mrs. Stuedle only has an interior design class every other year?

These talented groups are dedicated to the perfection and completion of the artistic side and construction of the carpentry house. Every other day these classes are at the house painting, staining, siding, and bordering. During the day, the carpentry class will go over to the house and work for the first three blocks of the day and then for the fourth block the interior design class will go over and finish up. After the house is finished it will be sold to a family.

ups. They do the la,la,la's, and the 1,2,3's. And brand new this year, they have added "zinga, zinga, zoo!" For the average person, this would sound kind of silly, but for the choir people, this is just a part of the show, just as when they have a birthday amongst them, they end the day with a class wide singing of "Happy Birthday". But apart from this there will be serious business as they work towards a #1 rating at district contest. Even though they improved from the #3 rating last year, they still fell short of a #1 at district. There were approximately nine solos, three trios, one quartet, and one mixed double quartet. Four solos made it to state. They tried their hardest, better luck next year!!

As the choir finishes off the day, they have a little fun with a song called the "Zoo-Loo King."

At 5:00 in the morning, the choir members are wide eyed and bushy tailed for the long drive up to Maryville for contest.

As a special for the public, the jazz choir performs a Christmas musical.

Band has changed a lot over the past few years. They have changed the style of marching on the football field, added new formations and some tricky jirations to get the members movin' and groovin'. Also, Mr.

Albright took over majority control of the marching band as they competed in the Maryville Homecoming Parade, for which they received second place in their part of the competition. The band also has sold 50-50 raffle tickets at all home football games to help raise money for their trip to Orlando in 2001. The band also had a jewelry sales and a Jamanican nite raffle, complete with diner and Jamanican band, including Mr. Albright. The annual Band-a-rama was held in March including a number with soloist Billy Lowenstein playing the meremba. In April the band went to Maryville to compete in Districts. This consisted of group and solo events. Overall, the band did well. The band will finish out the year by going to state competition, and, as tradition, they will play at graduation to bid farewell to the graduating seniors.

Thomas Williams works diligently on trying to sell as many tickets for the 50-50 drawing as possible at the Homecoming game.

The answer there, The Daily Double

By the time most students get to school, Academic Bowl members have been busy since 7:15, and while students are filing out the doors on sunny spring days, Academic Bowlers can be found in the library until 4. The daily dose of dual practices gets these member's brains ready for matches and Saturday tournaments.

CHS's very own version of Jeopardy!

But it's not "all work and no fun." From Waffle House hats and Burger King crowns, to random "souvenirs" from matches, team members created some very memorable moments. These included a first ever trip to Peru for a tournament. Peru, Nebraska that is!

The team finished just shy of a trip to state with a loss to Pembroke Hill. However, Junior David Harris was the top individual scorer showing promise for the young team next year.

The Alternative Route

*If at first you do not succeed
try and try again*

The Alternative School is designed to address the needs of students who seek an alternate form of education other than the traditional classroom setting. The main goal of the program is to provide a place of learning to those students by creating programs designed specifically for individual needs academically, socially, and behaviorally. These programs will provide a wraparound service that will include academic achievements, employment opportunities, family support, and social acceptance in order to go either back to the traditional high school or pursue a G.E.D. The alternative school receives one and a half credits per six weeks which is nine credits per year to the eight at the high school.

Making the Commitment

Often times, students take what they learn from their teachers for granted. The faculty here at CHS does whatever it takes to make sure their students receive the best education possible. A total of eight new teachers were added to CHS this school year. They brought with them a variety of fantastic new ideas as well as varying levels of experience. Sometimes it is hard to realize the amount of work a teacher must put in. Whether it be staying after school with a student or constantly putting in extra time at home, the teachers at CHS make sure that they give it their all to make students successful.

Teachers strive to make sure students are at their best

Support Staff

Everyday a thousand small tasks get done by the secretaries, janitors, cooks, office aides, T.A.s, and bus drivers. When one stops to think about it, school life would be a little harder without them. How would we get breakfast and lunch? How would the students not old enough to drive get to school? And who would keep the buildings clean? Having these staff members makes the dreaded school days a little easier to manage. So next time you see them around school, be glad to have them around.

Bus drivers are the ones responsible for carrying students and athletes to where they need to be.

Preparing for the Future

*Students at CTS learn
skills for success*

The special services department is a classroom where mentally handicapped students learn basic skills for real life challenges. It involves lots of interaction among the students. This years class participated in a variety of events ranging from Spring Fever Reliever activities to Special Olympic events, not to mention the full range of daily activities directed by Mrs. Steele. Through it all, the students gain knowledge and a sense of understanding that will help them become better people and help them to be successful in the future.

Coming from the Middle School to the High School is a big change. Being the "big dogs" one day and then back to the "little dogs" the next is something every freshmen goes through. One benefit they experience is the gain of freedoms at the high school. Through it all they have shown their school spirit and pride. Whether it be Homecoming, sporting events, or pep assemblies, the 9th graders have done their share.

The class of 2001 is by far the largest in school. As the upperclassmen already know, you have to be ready for new challenges to get through your sophomore year. Getting through that second year is much harder than the freshman year with harder classes and new found distractions. Athletes found that varsity practice is much more taxing than freshman practice, and everybody has to go through the dreaded drivers test. All in all this class of 2001 took on their new challenges and came out much better in the long run.

Being a Junior means one more year until graduation and limited time spent with friends. But for the class of 2000, the stress didn't slow them down. Several students scored a 30 or higher the first time taking the ACT, many athletes received high honors at the conference and state levels of sports, and the Junior Class hosted the Prom for the second year in a row at the St. Joe Country Club. In all, despite preparation for college and time spent into planning the Prom, the memories of the Junior year last forever.

Class of 1999

The last class of
the century is a class

Leaving a Lasting Impression

one may never forget. The class is filled with many great leaders and personalities. Even though at times they may be caught playing middle school games, they always seem to make mend and move on without grudges. The 1999 class is the class that will be the closest when it is all said and done and they would do anything for each other, even if they may not be the best of friends. It doesn't matter the grade the person is in, the clothes they wear, or the people they are with. What matters in the end is what are they are going to do to help a person and how it is going to make a difference. The class of 1999 was here to make that last impression on YOU!

A Time To Say Good-Bye

There were mixed emotions about graduation. Some were glad to see it come, others were still wishing they had another year to spend time with their friends. Many tears were shed that hot day, along with many hugs that were given. The seniors had gathered as a class one last time and were soon on their way to a new start. For thirteen years, they were together having fun and making memories. Now it was time to take one last look at the life they had known for so long, and look forward to the life they will come to know.

*Looking back on
thirteen years of
memories*

Valedictorian Laura Arthur and Salutatorian Chris Sykes lead the class in for the commencement ceremonies.

Reverend Jimmy Lee Albright shed some insight to the graduating class on success and the value of life.

It was enough to bring tears to one's eyes as the choir sang "Think of Me" after the valedictorian and salutatorian speeches.

Travis Lloyd stands relaxed with mortarboard in hand waving a happy, final goodbye to CHS.

Best friends Andrea Proud and Jessica Brown shed bittersweet tears after the graduation ceremonies.

Sarah Gardner shares a hug and a happy smile with fellow graduate Abby Walker just after commencement.

After the diplomas were presented, the 1999 graduates threw their hats up in an act of celebration.

Travis Curtis and Jessica Blair get a kick out of the Mr. Potato Head that Travis recieved from Josh Fish at the Graphic Arts Christmas Party.

Senior Jessica Brown jogs along beside the FHA float during the Homecoming Parade.

Junior Jill Walker tries to assemble a snowman blindfolded at the NHS special services Christmas Party.

The Make-up

of

CHS

CHS's personality is made up by its active organizations.

These organizations are responsible for school activities such as the Christmas dance and Spring Fever Reliever, community service projects such as the coat drive, and parades.

CHS students are active and involved

Organizations take a great deal of effort from its members and occupy a great deal of each member's time. The members of these organizations attend workshops, meetings, and take part in contests at the local, state, and national levels. These organizations and their members deserve a lot of credit for their time and effort, that give CHS a boost.

Look at this...

The student body of CHS approximately spent a total of \$13,985.64 for organizational dues.

Service with a Smile

*Traditions...
Service...
Motivation...
and more.*

Even though Student Council continues to serve the school with such traditions as Homecoming and Winter Sports, there were many exceptions to

the status quo. For instance, StuCo had the first student council exchange in three years. Our students went to Park Hill South, a brand new high school, for a day and then the following day, South students came to CHS. Student Council also had a fund raiser for a family whose house had burned and also held a coat drive for Ministerial Alliance. StuCo hosted an exceptional motivational speaker, Kevin Wanzer, a speaker who has been all over the country and abroad to talk to students about making positive choices. All of these activities and more are examples of how Student Council tries to make CHS a better place to be.

Student Council Officers: Vice President Sarah Gardner, Treasurer Emily Watkins, President Josh Fish, Secretary Laura Arthur.

Look at this...

Josh Fish is the Junior to have ever been President and will be the first President of StuCo to have ever served for two terms.

This is the first year that there has not been an election for officers in student council because only four people ran for next years offices...one for each office.

At one of the Student Council meetings, the StuCo members gathered in a circle on the gym floor as they wrote goals for themselves.

Making The Grade

*Tough requirements
for a very smart
group of kids*

National Honor Society's members must meet a very tough standard such as keeping up grades with a certain G.P.A. The

organization's activities for the year started out by having their annual Christmas party for the special service kids in Mrs. Brown's and Mrs. Steele's classes. They enjoyed the party with Christmas music, activities, drinks, and stuff to munch on. Andrew Davis and Garrett Estabrook served as the Santa Claus during the two parties. The NHS members inducted new members. The new inductees are notified through the tapping ceremony, then, on Thursday, March 18, the induction ceremony was held as they passed a flame down the row of new inductees.

NHS officers are President Flannery Brill, Vice President Laura Arthur, Treasurer Courtney Fletchall, Secretary Jill Jackson, and STUCO Representative Audrey Moser.

National Honor Society: Front row: Courtney Fletchall, Jill Jackson, Laura Arthur, Flannery Brill, and sponsor Glory Fagan. Second row: Amy Wattenbarger, Staci Boothe, Ryan Chambers, Suzi Massey, Frances Stallman, Lindsey Arthur, Jessica Blair, and Jennifer Herman. Third row: Dana O'Loughlin, Abbey Gould, Brooke Breckenridge, Cristan Salughter, Brittany Cole, Shea Workman, April Collins, Alisha Cox, Elizabeth Carpenter, Kathy Evans, and Lauren Kling. Fourth row: Amber Workman, Chris Sykes, David Harris, Heather Vogel, Jamie Curtis, Laura Robison, Bethany Long, Lisa Wolfe, Garrett Estabrook, Derek Long, Andrew Davis, Darren Turner, Josh Fish, and Emily Watkins.

*B*illy Lowenstein concentrates on receiving the flame from Scott Gaines in the induction of the new members of NHS.

*J*effrey Braden is very excited when receiving his Christmas present from Santa Claus, Garrett Estabrook.

Look at this...

There are 40 current NHS members and there were 38 new members inducted, the largest amount to be inducted into NHS in a single year.

At the swing dance, the newest activity sponsored by the NHS, partners Jamie Curtis and Josh Ellington, and Ben Doornink and Shea Workman have fun making their way around the floor at Goodrich.

to carry on the
tradition*

With 31 members qualifying for state competition at the Lodge of the Four Seasons, and then 12 members qualifying for Nationals in Orlando, Florida, Mr. Lee's last year to be the DECA sponsor was as busy as ever. Starting in October, any DECA member could take care of your chocolate cravings with their Kathryn Biech fund raisers. They also held two garage sales, the seventh and eighth grade basketball tournament concession stands, Otis Spunkmeyer cookie sales, and the DECA Gift Wrap to pay for their trips to District, State, and National competition. Needless to say, Mr. Lee and all of the members made his last year as sponsor one to remember.

After a two hour wait, the juniors who attended Nationals got their chance to enjoy a thrilling ride on Splash Mountain.

Juniors Emily Watkins and Abbey Gould start making their plans for Orlando after placing second at state competition.

"Good afternoon Wal-Mart shoppers!" Gail White, Audrey Moser, Jessica Blair, and Travis Curtis man the Gift Wrap at Christmas time.

After qualifying for the top eight, Joe Kemna, Garrett Estabrook, and Cristian Slaughter anxiously await the announcement of the top four qualifiers.

FFA

Going Strong

"We are the champions!"

-Patrick Crouch

Even though Kansas City will no longer host the National Convention, Cameron FFA is still going strong. In spite of this, they still have a very large group of about 136 members. Next year, the National Convention will be held in Louisville, Kentucky. Because of this, they will not be able to take as many members along, which will make the competition stiffer. This is a minor set back. The FFA members are planning to construct a new green house in the near future. In addition to their current projects, the FFA members will also be hosting a safety program for the middle schoolers on chain saws. Over the summer they plan to participate in the Young Farmers State Tour. Last year, their Chapter was ranked 7th in the state out of 200 Chapters. They plan on hitting #1 this year.

Ms. Sprinkle and Cassie Shupe take time out from playing basketball to discuss notes from the FFA meeting they had moments beforehand.

All the members went to Kansas City, Kansas, for the annual regional meeting. This is the farthest they have ever gone for a regional meeting. It had all sorts of entertainment, such as other high school students who put on talent shows and were judged by how loud the crowd applauded. FHA was also in the Homecoming parade where they dressed up in chef's hats and aprons and acted like they were having a cardinal cook out. They made some banners and duck taped them to the side of Mrs. Stuedle's truck. Other members gave candy to the viewers. As tradition they also hosted the FHA Sweetheart dance. It was in the Middle School gym which was a big change because it normally is held in the High School gym. So the members made it to feel like home. Later in the year they found out Mrs. Stuedle was leaving on maternity leave so they threw her a baby shower. All the members pitched in to get her lots of little baby goodies.

future*

While their outgoing business attitudes show, the FBLA members are learning more everyday. This club gives them many different experiences that will later help in life, such as the evergoing fundrasing, meetings, and competitions. Some of the fund raisers they partook in were the selling of suckers and candy grams. Three of their members went to Columbia, Missouri, for three days of state competition. Tawnya Cooke was competing in word processing with Abbey Gould and Emily Watkins going along as voting delegates. Aside from the meetings, these girls shopped and frequently ate out. No matter what this organization does, they always gain leads to the future business world.

The Mystic Makers

A closer look at the staff behind the Mystic

With the largest class ever, a huge 19 person staff of eager graphic artists, there were more ideas to contribute to the yearbook. The large number made it a little more difficult to make some important decisions, but after a couple of weeks, they all pulled together as a team and began the process of creating the Mystic. First, Ms. Livingston taught the class everything they needed to know about using the cameras, developing film, making prints, and every other little Graphic Art fundamental. Then, after applying their new skills, the class went to work, and finally, the time-consuming task was completed. Every member worked very hard, with the hopes that each reader would enjoy the yearbook for many years to come.

Loosely inspecting her contact sheets, Abby Walker decides which pictures to use on her spread.

Staff member, Jessica Blair puts the finishing touches on her spread before deadline.

Andrea Proud and Joe Saunders work together writing captions for their spread. Teamwork is a very important factor in helping things run smoothly in the stressful class.

Kip Shuler and Josh Fish show their enthusiasm as they develop film in class.

Sarah Gardner and Abby Walker anxiously await their turn to tear into the presents at the annual Christmas party.

Voices Singing and Music Ringing

Sounds of Music make this year one to look back upon

Not only at contest time, but also throughout the school year, the music department shows their school spirit by performing in the halls during Homecoming and Christmas as well as many concerts. The band proved that although next year would be a change with Mr. Taylor's retirement and a new band instructor, they could still carry on the tradition of receiving high ratings at contest. After placing second at the Maryville Homecoming Parade, they practiced hard to prove they could receive a 1 rating at district contest held in Maryville. At the same time the vocal music was just as busy practicing for the annual Thanksgiving Concert and Christmas Concert. During April, they attended the district contest in Maryville, but didn't stop there. A large number of both choir and band members represented Cameron High School at the state level. All in all, whether it was voices singing through the halls or the struming of instruments before and after school, the music department proved they have only gotten better.

*D*uring a rehearsal, the choir members take time out to enjoy and have fun with the song being practiced.

*D*uring Black and Gold Day held on the Friday of Homecoming, many band members roamed the halls playing the fight song. While Heather Brown, Jim McKinley, Dusty Clark, Joel Herman, and Ben Doornick helped in getting the student body pumped, many students responded by yelling "Fight! Fight! Fight!"

Paving The Way

But Having a Blast!

They started out with a few, but grew to many. Posters, signs, drawings, creativity was their speciality!

Before Christmas, they baked and decorated "tons" of cookies and brownies for the faculty as Christmas presents. Also, they create the posters for the annual Christmas parade as a community service project. They are always looking for an excuse to be creative and to express how they feel through pictures and drawings. These dedicated people are willing to put in extra time by rising earlier and staying after school to complete projects or go to meetings. One does not necessarily have to have lots of talent or creativity to be a part of this club. All one has to have is an imagination and a pencil....or maybe just some icing.

The Future of Learning

Training the Teachers of Tomorrow

Just as the majority of teachers stay busy during the year, the members of Future Teachers of America also keep busy throughout the school year. Monthly meetings,

Secret Snowmen in January, The Parkview Reading Fair in March, and the District Meeting in Maryville in April are just some of the events that keep the Future Teachers of America busy. None of this would be possible without the sponsor, Mrs. Forsythe. Joe Kemna was quoted as saying "Mrs. Forsythe is excellent at teaching us to teach others." Even though not all members will end up being teachers it gives them the opportunity to realize how difficult and rewarding it is to be the mothers and fathers of education.

The library is a place students look to find information. This would be a difficult job without the help of the library aides and Mrs. Fish. The addition of over 200 books to the 10,000 already in stock, four new iMac computers, and three new Gateway computers for the computerized card catalog gives the library and multi-media lab a new and updated appearance. This also means more responsibilities for Mrs. Fish and the library aides, a responsibility the members of Epsilon Beta must take on in order for the library and multi-media lab to be an efficient place of learning. Change is good and good change is better, so it would be safe to say the library and multi-media lab are in the best shape of its 36 year existence.

Keeping God

Building Friendships
and Keeping Faith

in Their Lives

The FCA (Fellowship of Christian Athletes) is a group of students working to help keep God in each of their busy lives. These students bond together to build friendships and plan activities involving God. They tried to start a 30 hour famine this year, but with everything else going on, they were unable to work it into their schedule. Even though FCA is a group that hasn't received a lot of notice, it's increasing in interest and in membership each year. Maybe because of their courage to bring God into the school, it may have inspired the prayer group that meets each morning to start their day with God.

As a possible inspiration from FCA, this group gathers to pray daily before school.

*What makes a
successful team?*

All of the hardwork that goes into making each successful season has made CHS sports very well known throughout Cameron and the surrounding towns. There are many important parts that go together in making a good team that most people don't even think about. These include all of the countless hours spent practicing (about 1695 hours), all of the time spent on each bus ride (about 220 hours), and all of the players that participate each season (about 265 people). With all of the new coaches, (Bowers-head football, Brand-head girls basketball, Bodicky-head wrestling, and Kohn;-assistant football), this year was a rebuilding time for many teams, but all of the hard work and long hours put in by each athlete will never go unnoticed.

Dragons Have a Rough Ride in the Rebuilding Year

The Rough Riders

With three new varsity coaches, the varsity football team was a little shaky. The Dragons got off to a quick 0-7 start in regular season play, dropping tough losses to Lafayette and state ranked Benton at homecoming. They also faced 4A schools such as Platte County, Maryville, and Savannah, all ending in losses. Heading into district play with 13 straight losses dating back to the 1997 season, they were hoping to break out against Trenton which was supposed to be the deciding game in the 2A district. The Dragons were leading at halftime 14-13, but still fell 39-21. With hope of winning the district, they faced Marceline. In a blown out game, they defeated Marceline 41-0. They then needed help from Leblond. If Leblond would beat Trenton by more than 13 then it would come down to the final game, but Trenton demolished Leblond to destroy all of Cameron's hopes for the 1998 season. In the final game Cameron fell to Leblond and ended their season.

At our Homecoming against the Benton Cardinals, Kevin Gates tries to sack the quarterback who got his pass blocked by Brian Thompson.

On 1st and 10, Kevin Gates tries to get around the end of the very tough Cardinal defense. Although the dragons fell, Gates rushed for a tough 68 yards in a very brutal game.

Nathan Hahn, Ryan Burt, Ben Doornick, Phillip Limb, and Andrew Davis stuff the Savages running back for a two yard loss, but it would not be enough run defense with Cameron falling 34-7.

Surprises, Superstitions, & Success

The beginning of the summer at camp in Columbia, Coach Kemper told the volleyball team they had a lot of potential. By the start of the season the team believed, but by the end of the season, they had everyone believing, too. The gym was filled with the largest crowd to ever attend a CHS volleyball match for the MEC title against Benton. Of course, the game couldn't start without the teams endless superstitions. The superstitions and support from the Cameron crazies helped propel the Lady Dragons to their second victory over Platte County in Cameron's history. Although the Lady Dragons weren't crowned MEC champs they were still number one to the fans of Cameron.

A Seal That Can't Be Broken
All Addins' Up

With additions and subtractions to the Cameron Lady Dragon J.V. squad, there was little room for division. Ending the season with an impressive record is proof that this team knew how to work together. Often winning games 2-0, the junior varsity showed that they weren't a team to be reckoned with. According to Coach Siefert, the highlight of the season was their loss against Platte County. Although that may sound weird, she said that the team played the best that Cameron ever has. Junior attacker Brooke Breckenridge thought that the season started off a little shaky, but after only a few games, the bond formed was never broken.

"There's no cryin' in baseball!" senior Shayna Feighert said as the three seniors huddled after the last game. The Lady Dragon softball team returned this season with all nine starters including three seniors. Going into the season with 16 games, the girls pulled together defeating teams like Chillicothe, St. Pius, and South Harrison. Determined to compete at Districts, the Lady Dragons prepared for what they knew would be a tough tournament. After taking their first round opponent, Moberly, into extra innings, the Lady Dragons fell short ending their season with a final record of 8-9.

Junior Lindsey Arthur focuses on the ball as she prepares to make the catch for the force out at second base.

*Lady Dragons Work
Towards Their Goal...*

Striving, Believing, Achieving

Improvement! That seems to be the word that best describes the Cameron Lady golf team in past years. After winning only two matches in 1996 and improving their record to 6-4 in 1997, this year's season proved to be the best yet. With a record of seven wins and four losses, the Lady Dragons proved that they could be competitive against some of the better teams in the state. Lauren Kling had another great season finishing as the MEC Conference Champion and placing in the top 25 at state. The high point of the season had to be the conference tournament when the Lady Dragons finished second with a total score of 385.

Throughout the Season*

Breaking Through the Barriers

Tough schedules, player injuries, and not so cooperative weather jarred this year's tennis squad to a 1-8 overall record. Although the outcomes of the matches were not as good as hoped for, each individual made their best efforts in attempt to be successful. Led by Coach Lanny Wake and four dedicated seniors, the Lady Dragons entered this season with a goal of improvement each day. Despite an injury, junior Elizabeth Carpenter bounced back and received high honors at the end of the Dragon season. Throughout it all, the team stuck together and held their heads high.

Showing their Stuff

By expanding their squad by 8 cheerleaders, this brought a total of 12 cheerleaders for the fall season and an astonishing 20 for the winter season. With the expansion of the squad came more awards. Five cheerleaders were nominated for All Star Cheerleaders and three made the All Star Cheerleading Squad. The cheerleaders worked hard to support each and every individual on the court or field, getting the crowd involved, or in the field house decorating for football games. A lot of time, effort, expense and stress was placed on the cheerleaders, but they made the most of it by showing their spirit and encouragement toward their Dragon teams.

It's Show Time!

With only eight returning squad members and eight new members, the three seniors had their hands full filling the leadership role. That didn't stop them at camp in Maryville when the squad came home with the team award, which is presented to the squad that demonstrates the best leadership. For the first time, the Pom-Pon squad performed at half-time of the Sectional game between Cameron and Benton sporting their new uniforms and poms. They shocked the audience with the sparkling sequins and shiny metallic gold poms. Continuing their tradition the Pom-Pon squad performed for the twelfth consecutive year at the State Basketball Tournament in Columbia to finish out their season with a dazzling performance.

Adrenaline Rush

Under new head coach Mark Bodicky, this year's wrestling squad posted an impressive 7-3 record and placed 2nd overall in the MEC Conference (5-2). It was a long season that brought many triumphs and rewards. One of these highlights was when the wrestling team defended their South Harrison Invitational Tournament title. They also successfully won the annual Cameron Quad for the 4th consecutive year. After this season, a new rivalry will perhaps be born between Cameron and Maryville after the Dragons handed the Spoofhounds a conference loss 38-39. For the second straight year Cameron sent four state qualifiers to Columbia. Phillip Limb and Robert Davis both medaled at the tournament while Joe Kemna and Bryan Garrison finished respectively. Once again, the CHS fans were not disappointed and had many things to cheer about and much to look forward to in the upcoming wrestling future.

tradition of excellence*

Stepping Up

Their game

Lacking even a single senior on the squad, sophomores and juniors found themselves playing leading roles in a very competitive season. Some might think that it would be a tough year because the Lady Dragons lost four of five starters from the previous year, they would be proven wrong! Led by first year Dragon coach, Kim Brand, this year's team showed that it takes team work to win games. Whether it was Tolly Hamilton pushing the ball up the floor for a quick score, or the clutch shooting of Ashley Anderson and Abbey Gould, or the "all out" hustle shown by Cristan Slaughter, this season will not be one soon forgotten.

Coach Hane and Coach Brand give instructions to the Lady Dragons in a game against South Harrison.

While the scoreboard will show the girls didn't exactly have a winning season this year, according to their coach and several of the players, a lot was learned throughout all the basketball games and practices. No matter what the score was, this team stuck together until the end. It was really uncommon to see them dwelling on their losses, but rather they would look ahead in hopes of correcting past mistakes and become better as athletes.

Throughout this basketball season, the freshmen learned a lot of things. The one that sticks out the most is how well they adapted. Not only with the few number of players they had, but also because they had separate practices this year. Even though they didn't practice with the rest of the girls, they still played a big role with the Lady Dragons.

One of the teams greatest feats was beating arch rivals Chillicothe in overtime. Also beating Smithville who were ranked 3rd in the State was a great accomplishment. In a gut twisting game the boys triumphed over Odessa and advanced to Sectionals which were played in Civic Arena.

Breaking the Records

Going the Distance

Having such a young track team is sometimes difficult. With no senior girls and only three senior boys, they have done very well. Cynthia Allen broke a school record in the triple jump and Charly Cameron broke the record in the 200m run. The guys team won first place in the Clinton County Quad. The team did well this year and also had a good time.

Jeff Bottorff shows his massive cheerleading skills as he and other seniors took a turn leading a pep assembly.

What happened to the cheerleaders??? Senior football players took over a pep assembly - complete with poms, cheers, and stunts!

Working diligently on the Senior float, Sammie Perry and Joe Saunders use gooey papier mache to create a chinese dragon mask.

Where to folks?
Freshman Keith Akey takes the wheel on the bus at the National FFA Convention.

Sophomores Misty Zhand and Crystal Kenzy

worked at the Renaissance Festival on weekends in this fall. The Renaissance Festival was also part of a field trip for some LA IV students.
