# MAKING MEMORIES

A look back at a year full of quaint constants and challenging changes.

**T**HIS YEAR NEW AD-  
DITIONS HELPED TO  
SHAPE A NORMAL  
SCHOOL ATM-  
OSPHERE. The school year started off with new foreign language teachers and a new pom sponsor. Mystic elections were expanded, and people were requested to support additions on to the school itself. A new program, Renaissance, was added to increase focus on academics. Most aspects of the year, however, remained constant. Homecoming, school plays, and athletics were all as spirited and successful as usual. Coping with the changes was not as difficult as would be expected, and ,all in all, it was a normal year at CHS.

**ACT IT OUT.** Amber Duncan and Katie Lowenstein have a great performance at the fall musical.

**GIVING BLOOD.** Jacob Barton keeps a strong face while he is in a lot of pain.

**STUDENTS' LIVES ARE ALWAYS A FRENZY OF ACTIVITIES.** This year their Homecoming week consisted of off the wall events from past decades. They had the infamous "crazies" at all the basketball and volleyball games. Also, the fall musical and spring plays were both a big hit. Spirit couches were present for both the football and basketball seasons which helped raise money for Special Olympics. Of course, barnwarming was a great time. Last, but not least, spring activities such as Prom and Spring Fever Reliever finished off the year with a little spice.

# LET YOUR SPIRIT SOAR

We've got spirit,  
yes we do.... We've  
got spirit, how  
bout you?!

**YOU CAN'T HIDE FROM THE SPIRIT AT CHS** because it is all around you. Spirit is sometimes hard to obtain at the high school level. Students are afraid of how they'll look in front of their peers or afraid they might make a fool out of themselves. However, every year the many different organizations work exceptionally hard to make the many different activities a great time for the student body. The activities include the homecoming dance, bonfire, spring fever reliever, spirit couch at various sporting events, barnwarming, and many more. Supporting the sports teams is what the student body does best. Holly Williams stated, "This year I have witnessed the most school spirit out of the four years I have attended this school." Remember, to keep the school a more fun place to be and a better atmosphere for everyone, the spirit must soar.

**WINNING FIRST PRIZE** Brooke Leitterman has the winning cookie for the most icing at the NHS Christmas party.

**STUDENTS AREN'T THE ONLY ONES WITH SCHOOL SPIRIT** Mrs. Enriquez, Mrs. Jones, Mrs. Fagan, Mrs. Forsythe, and Mrs. Welch dress up for 70's day during homecoming week.

**UP, UP ON YOUR FEET CHS CAN'T BE BEAT!** Katie Lowenstein and Sable Mallen do a little cheer to get the crowd roaring.

**TAKING A LOAD OFF** Lance Walley invites Joe Stretch, Zach Lowenstein, and Logan Thompson sit on the spirit couch to enjoy some hot pizza during a very cold football game.

**MARCHING THROUGH THE SCHOOL** the percussion section makes their way down each hallway to liven up the final day of homecoming activities.

**GOOOO DRAGONS!** The football team gets together for one last huddle at the bonfire before the BIG game.

# DECADES

# OF

Homecoming was a week full of flashbacks and fun when we traveled through the 20th century

# DRAGONS

**T**HE SCHOOL WENT THROUGH A TIME WARP," said Kiley Sandgren regarding homecoming week.

The halls were elaborately decorated ranging from 60's peace, love and harmony to the disco days of the 70's to a sock hop in the 50's to an 80's hair band concert. The parade was filled with hippies, mullets, poodleskirts, and afros. The students, however, weren't the only ones who got into the fun of the week. Faculty participation and excitement was through the roof. Their skit at the bonfire was outstandingly hilarious featuring highlights from teachers like Mrs. Prothero and Mrs. Danner passing notes in class, Mrs. Jones getting an "I love the principal t-shirt," and Mrs. Williams smoking in the restroom. With all the crazy activities involving students and faculty alike, the week was definitely a blast from the past.

# ROYALTY

## DECADES

There has never been a decade when the attendants looked so pretty

**EVERY ONE SAT IN AWE** while each beautiful attendant walked up on to the stage. As the drum roll played, STUCO President James Tvrdy stood right in front of all three girls like he didn't know whom to pick. When he finally moved, he grabbed the hand of Kristi Ensign and crowned her homecoming queen. Then Kristi showed her appreciation to the boys and the student body who elected her by saying thank you with a great big smile. Bryce Kemper, as the guest speaker, told everyone about all of his achievements since high school and gave a wonderful pep talk to all the football players. After that, Coach Thomas talked about how Kristi was one of the first people he met here besides the football team. He then gave her a "link" to the team. "The 'link' made me feel very special because I am the only female to be a 'link' with the football team." said Kristi. After all of this, the attendants were escorted out and into their cars for the parade.

**SARAH CARR**, senior candidate, is escorted by Charlie Phipps.

**HOMECOMING QUEEN**: Kristi Ensign, is escorted by Adam Earley.

# EVERYONE IN

# MOTION

This is how we got here. Dancing through the decades.

**AFTER A LONG EXCITING WEEK OF HOMECOMING ACTIVITIES** everything came to a close with the dance. Although everyone was tired from all the homecoming activities including staying up late to work on the floats and getting up early to decorate the halls, it didn't show as the dance was full of energy and excitement. "I was pleased with the turnout. Everyone's behavior was great. I enjoyed the D.J. and video screen," said Mrs. Fish. The same D.J. as last year came back with his popular video screen, which showed music videos and people dancing, along with bursts of confetti and bubbles throughout the night. The dance was so great that when it was over, no one wanted to leave. Unlike the past years, more people stayed until the very end of the dance. According to some students, this was by far the most exciting homecoming dance in recent years.

# MAGNIFICENT MYSTIC MASTERPIECE

The tally marks were counted, and the outcome was close for the Mystic Elections.

**AFTER A LOT OF DEBATING** the Graphic Arts class decided to expand the Mystic Elections by adding a variety of new categories. Included in the new features are things such as snazziest car, most fashionably fearless, fastest and slowest drivers, most gorgeous eyes, nicest hair, prettiest smile, coolest personality, and most involved in school. The new additions tell a lot about the senior class, as well as the underclassman. The class even added a new spread to fit all of these special elections on their own page.

# MYSTIC ROYALTY

As the tradition continues, so does the spirit of the Mystic elections.

**T**o keep the tradition going, the election of Mystic Royalty was once again included in the yearbook. Mystic Royalty is such an important thing in Cameron because it is the whole student body picking the king, queen and royalty. As in the past years, the Graphic Arts class passed out the ballots and tallied all of them once they were filled out. The elected king was Theron Rodgers and the queen was Mallory Bradford. After Mallory found out that she was elected and asked how she felt, she said "I was kind of surprised and very excited to be picked as this year's Mystic Queen". This was a first for both Mallory and Theron to be a part of the Mystic Royalty.

**MALLORY BRADFORD**, daughter of Vern and Mary Bradford, was voted Mystic Queen. Theron Rodgers, son of Jerry and Nancy Rodgers, was voted Mystic King. Mallory is involved in band and choir. Theron is involved in football, Academic Bowl, STUCO, Jazz Choir, and NHS.

**STANDING PROUD** Theron Rogers poses as Santa Claus for the NHS Christmas party.

The Undecided

**As THE BALL BEGAN**, the world's greatest heroes and villains gathered. Everywhere one looked, one could find their favorite hero or the villain that could make their blood run cold. All of the costumes were unique, whether they were store bought or homemade. The evening would not have been a success without devotion from Mrs. Farmer, Ms. Kurth, and all the members of DHS. All the hard work and dedication that was contributed made the ball an enjoyable time for all those who attended. The dance was concluded by awarding the creative costumes. Most Creative was Jill Eagan who dressed as a farmer. Scariest Costume was John Heenan who was the killer from Scary Movie. The Most Vile Villain was Curtis Thompson as both Dr. Jekyll and Mr. Hyde. The Craziest Costume went to Zach Lowenstein as the sumo man. Handsomest Hero was Danae Boguslaw who was a football player in a box. The Cutest Couple was actually the cutest trio, Katie Lowenstein, Kathryn Fagan, and Elizabeth Needham who came as Charlie's Angels. Save your costumes for next year because this is one dance you don't want to miss!

**GOOD MUSIC, FUN GAMES, AND THE TRACTOR PULL?** Every year at Barnwarming, FFA hosts a "tractor pull" where members bring in their lawnmowers that fit the criteria set by Mr. Strange. They pull cinderblocks with them to see who can pull the most weight. Other games consisted of the freshman, sophomores, juniors and seniors competing against each other in the orange game and limbo. The D.J. had a karaoke machine that members had fun with. The traditional coronation for Barnwarming royalty was held that night. Last year's king and queen, Ame Crouch and Heath Henry, crowned this year's king and queen, Shayla Cooke and Scott Schlemminger. Chapter Reporter Jacob Barton quoted, "I think Barnwarming was a success and was a lot of fun."

# SEVEN BRIDES

FOR SEVEN Love, war,  
and marriage

## BROTHERS

**GOIN' COURTIN' GOIN' COURTIN'.**

Music was in the air on opening night of the fall musical. There was singing, dancing, romancing and kidnapping. For anyone who is not familiar with the story, it is about Adam, a mountain man, who comes to town to find a wife. He finds Millie and wants her to take care of him and his six brothers. For the next few acts, Millie tries to turn the mountain men into suitors for a dance. After a fight at the dance, the brothers decide it would be better to kidnap the girls rather than continue to court them. The rest of the play deals with the remaining six brothers also trying to find a bride. The performance was outstanding. Normally the lead or leads are played by seniors, but that was changed this year when both leads were played by juniors. Mrs. Farmer also returned as director after a leave of absence.

**LAYIN' IT DOWN.** Amber Duncan, Millie, tells the brothers how it's going to be now that she's running the house.

**CALM IN THE MIDDLE OF THE STORM.** Millie prays while the brothers have a food fight.

**TIME FOR A BREAK.** The cast sits down and takes a break after their dress rehearsal.

**DANCING A DIFFERENT WAY**, Jacob Barton learns how to win over the ladies with a little "Riverdance" style.

# ROYALTY OF THE COURT

It's Royalty  
Time!!!!

**WINTER SPORTS** King Craig Leach and Queen Mariah Murdock sit together in the library for a fast snapshot after the ceremony.

**T**HE WINTER SPORTS ROYALTY is a tradition that we must carry on. It is the royalty in honor of some of the most athletic students. The teams select the candidates to be on the ballot and then the student body elects the royalty from the initial selection process. This year the crowned queen was Mariah Murdock. Mariah is very involved in school. She plays volleyball and basketball, is in STUCO, NHS and many other organizations. This year's king was Craig Leach. Craig plays football and wrestles in the winter season. The Winter Sports Ceremony is one tradition that must continue. It gets the student body to elect who they feel deserves this great award of being the Winter Sports King and Queen.

**JUNIOR ATTENDANT** Lanelle Carroll, Freshman attendant Courtney Kemper, and Junior attendant Katlynn O'Connor pose before the start of the ceremony.

# BE MY VALENTINE

Celebrating a special night of fun and dancing

**S**TARTING THE NIGHT OFF, the gym was decorated, the photographer was arranged, and with Mrs. Harpstreit and Mrs. Morgan being the DJ's, the night was sure to be full of fun and excitement. FCCLA decorated the gym Saturday afternoon with streamers, balloons, and lots of lights. The FCCLA members were also excited that they got to put on the Sweetheart dance this year since the dance was cancelled the previous year due to bad weather conditions. As the time came for the dance to begin, long lines awaited at the picture booth while many other couples danced the night away with their special "valentine."

**SWEETHEART ROYALTY** Front row: Katlynn O'Connor, Queen Kara Flanders, and Kiley Sandgren. Back row: Trisha Fisher and Whitney Long

# THE GLORY OF GONG

Talent took on a whole new form when the Gong Show came to CHS.

**SPONGE BOB?** No, it's just Katie Lowenstein participating in the Freaky Friday dress up day.

**T**HE SPRING FEVER RELIEVER has always been a way to lighten the mood of a seemingly endless school year. This time showed no difference. Crazy and colorful talent was exhibited by students and faculty alike in CHS' own rendition of "The Gong Show." Enthralling acts included singing, piano playing, dancing, and even juggling! The student winners were the members of Mr. Mac's calculus class, and the teachers' competition, extremely cut-throat, ended with the Dragon Divas coming out on top. The whole student body was entertained by the wild antics of some of the younger and newer teachers here at CHS. Their entry was highlighted by an exhilarating performance by Bart, the janitor. The entertainment provided by the outstandingly diverse talents of CHS was a perfect way to relieve the stress of spring fever.

**HUH? WHAT?** Mr. Michael does a good job of playing a *simple* country boy in the teachers' academic bowl skit.

**SING IT, JAMES!** The calculus class woos the crowd with a song and dance performance all about math.

**FIVER/** Mrs. Kurth gives it up as she struts down the floor and onto the stage as Tina Turner.

**SHAKE IT, BRIAN/** Brian McKelvy shows his school spirit by participating in the hoola hoop morning activity.

**I SCREAM, YOU SCREAM.** Everyone was thought it was cool when the whole school received ice cream on Thursday.

**WITH OTTER ENTHUSIASM.** Bart shakes his stuff and shows why he was the secret weapon for the Dragon Divas.

# STELLA

A few quick changes

# DEVINE

**A PLAY INSIDE OF A PLAY** In a whirlwind of only nine weeks, the small 14 member cast pulled together a genuinely funny performance. They got off to a rough start when the selection of the play was changed. And, for a while, it didn't stay a certain play for more than 24 hours. Finally, the restless drama coach, Mrs. Farmer, pulled the auditioners into one room to make a definite decision. They picked the play, picked the cast and ran with it from there. The play was about a theatre actress named Stella Devine, played by Katey Jordan, who had become old and rundown. Suddenly, the company she's always trusted turns on her when they cast a younger, more "fit for the part", southern belle. Mrs. Farmer will be losing a lot of her usual cast members after graduation this year. "I think it will go pretty well next year. The seniors have a lot of talent. Of course, it will be missing something, but what can you expect?" exclaimed Gary Martin. "I'm sure next years play's will be as successful as usual."

**YOU CAN'T LOVE HER:** Stella, Katey Jordan, and Marilyn, Samantha Walker, argue over who will be the love interest in Trevor's, Shane Hasbrouck's, life.

**IT'S NOT REAL:** The cast tries to remind Trevor, Shane Hasbrouck, that the play is just for fun.

**THREE OF A KIND** Beth Palmer, "Ginger", Cassie Gienapp, "Nelle", and Katey Jordan "Stella" pose for a picture during play teasers.

**THE YANKEES ARE COMIN'** Trevor, Shane Hasbrouck, gets down on his knees to beg Marilyn, Samantha Walker, to hide from the Yankees.

# PARADISE

## KNOWN AS THE MOST ROMANTIC NIGHT OF THE YEAR,

the Junior-Senior prom was full of memories, laughs, and fancy dancing. Although there was a last minute rush, the decorations looked great. Students walked through the doors dressed in their best and ready to show off the latest dance moves. Upon arrival, the gift bags were passed out missing garters, arm bands, and picture frames. Regardless of what went wrong, the students still had a great evening. After votes were taken at the door, King Mitch Burton and Queen Tabitha Assel accepted their crowns with honor and had a memorable dance together. As the evening came to an end, students got their things and headed home reminiscing all the wonderful memories they made in a short amount of time.

**STAYIN' COOL**...Zack Emmett and Michael Schlitzer are keepin' it real off the dance floor.

**PREPARING TO SWING**, Brandi Robinson is waiting for the ball to arrive.

**TURNING UP THE HEAT**, Kellie Benedict warms up in center field before a game.

**PUTTING HER OWN SPIN ON IT**, Hollie Mohi practices at the Cameron golf course.

## THIS IS WHERE THE PLAYERS PUT IT DOWN...

At CHS, the student body takes their sports very seriously. New coaches and athletes brought many new ideas and traditions to their teams. The students are always full of spirit and ready to put down anything for their school. The athletes here are always into interacting with fellow athletes from other schools and have great respect for the opposing teams in our athletic battles. We try to be good leaders for the upcoming athletes to follow our in our footsteps.

GO CRAZY OR GO HOME

# Craziest Crazies!

**F**OR SCHOOL SPIRIT, we have always relied on our Cameron Crazies. They give this school a little excitement. So this year we decided to give them some "thanks" by putting their own page in the yearbook. They cheer at all the football, volleyball and basketball games. These guys have never lets us down when its comes to being creative. We have had football players not only on the field, but in the stands too, as a cute lady bug, a big twinkie and so much more. Tyler Krentz was voted as Cameron's "CRAZIEST". Everyone knew that he deserved it because he was dressed for every game. Hopefully the tradition of the Cameron Crazies will live on for Cameron high school students to come.

**BEING GOOFY.** Charlie Phipps (Twinkie), Jake Smith (Gorilla), and Mitch Burton (Geek) get the crowd pumped for the volleyball match.

THE GIRLS PROVED THEMSELVES TO BE A WINNING TEAM BY WORKING TOGETHER WITH AN ENDING RECORD OF 29-3-2.

# What a record!

**IN ANOTHER WINNING SEASON**, the girls finished with another MEC conference championship title and second place in districts. They put in a lot of hard work this season and came out with first place trophies in the Cameron, Lexington, and Benton Tournaments. "Even though we lost eight seniors last year, we came out with a better record than any other year. I am really proud of the girls for setting the new school record for most wins in a season," says Coach Kemper. After districts, Mariah Murdock, Britni Edwards, Carey Beckwith, and Whitney Long were selected for the All-District and Conference teams. Megan Groebe also received Conference honors.

HARDWORK AND LOVING OF THE GAME HELPED THE GIRLS GET OFF TO A GOOD START!

# Spike It down

**T**HE FRESHMAN GIRLS STARTED their high school year with a good start. They weren't exactly sure what high school sports were all about, but they learned quickly that high school is a lot more competitive and a lot more work. They had a very good season with their record of 12-7-2; Conference 5-2; and they finished second in the Grain Valley Tournament. The girls did an exceptional job for their first year and it would appear that they will follow up the season next year with a good chance at first place in their tournaments and an excellent record!

# Great Expectations

**T**HE GIRLS JV TEAM HAD A WINNING SEASON. This group of girls' pull together as a team. Junior Varsity girls ended with a 25-13 season. It can be expected that in years to come, they will live up to the standards set before them by previous varsity players. Cameron has an exceptional record for volleyball, and that could become a hard goal to achieve. But they aren't a bit scared, the girls know they can live up to what is expected of them. Mrs. Kemper quoted that "It was a very good season, and I feel like they've improved with every match."

# Ace the Competition

**WORKING FOR A SUCCESSFUL SEASON**, the tennis team played hard and had fun all season long. There were only two seniors along with three returning and five new players on the team this year. Although the season didn't end with many wins, the matches were much closer than the scores showed. At districts the girls didn't only play hard, but they also had to fight the weather. There were four rain delays at districts causing it to last three days instead of one. Despite all of this, the team earned fourth place and Jennifer Salmon placed first. This advanced her to state where she earned sixth place. The rain didn't stop the girls from having fun. They made the most out of the rain delays by going out to eat at places like Fazoli's and Red Lobster. This tennis season was full of dedicated work and tons of fun.

# Going for the Goal!

**IT'S TRUE WHEN THEY SAY  
THIRD TIME'S A CHARM.** They proved this by coming out with more pride, confidence, and victories than past years. The team was led by five seniors and they will be very difficult to replace. The coach expressed how proud he was of the way the team performed this this year. "This year was better for us as a whole. We were able to score goals and make the best of our opportunities. Key wins during the year kept our focus on improving." Improve is exactly what they did. As each season comes and goes, not only is the interest in the program building, but the team's performance is also becoming stronger. They look forward to more victorious seasons for the team. As the Dragons look back on their season, they have a lot of pride in the way they played.

# The Terrific Twosome

**T**HERE WAS A LOT OF HARD WORK from the two members of the girl's golf team. To be considered a team, however, there needs to be at least five people. Because of this, there were no official scores from any of the tournaments. Regardless of this, Coach Nichols said, "Both girls improved throughout the season and were still very dedicated, even though we weren't a 'team'." However, Hollie Mohi and Megan Fallein still got to leave school to compete in several tournaments. The outlook for next year is promising, and, hopefully, there were be additional members to join these young ladies as Lady Dragon golfers.

YEAR AFTER YEAR THERE ARE SOME THINGS THAT CHANGE AND SOME THAT STAY THE SAME

# Traditions

**STARTING NEW TRADITIONS AND KEEPING OLD ONES GOING** The football boys helped start the year by beginning new traditions such as wearing the same shirts, to wearing links around their necklaces, and the ever popular take your helmet to class day on game days. With a sense of unity, the boys made this a winning year for the Dragons. Some of the older traditions lead by Student Council deal mostly with homecoming such as the decorating of the football field at midnight, hallway decorations, dress up days, the skits and the bonfire, and the parade. Later in the year, there is the well needed spring fever reliever which lets the students and teachers cut lose... and did they ever!!!!

**JASON JONES EXPLAINS THE TRADITION OF THE DRAGON** as a firebreathing, spiked tail creature with razor sharp claws that can fly, has mystical powers, and looks "bad". This is in direct contrast to the Fighting Irish that has Lucky Charms breath, has a goofy coat tail, clown shoes, and looks like a munchkin.

**TAKE YOUR HELMET TO LUNCH DAY?** Not only do they take their helmets to lunch they carry them with them throughout the day.

THE TEAM STARTED OFF WITH A NEW COACH. THEY WORKED HARD TO IMPROVE THEIR FUNDAMENTALS.

**THE TEAM** waits in anticipation to see if this will be the hit that will let them win the game.

# Working to Improve

**AFTER MANY DAYS OF LONG HOT PRACTICES**, the team knew they had improved a lot. Their batting was much better along with their fielding. Last year, they won only one game, but this year they won six. The team also had a lot of close games. Bill Arthur, one of the best known softball coaches, coached the team for the first time. He made a large improvement in the team and made the season challenging and fun. "He pushed us to get better and we pushed ourselves," said Jeri-Ann Scott. Next year's season will improve that much more because they now know how it feels to win.

**SOPHIE BARTON** is full of smiles as she gets ready for a great hit.

**EASTER RARDON** is getting ready for her next hit.

# Stepping Up

**WITH HARD WORK, DETERMINATION, AND A LOT OF DEDICATION**, this team toughed it out and had a great season. Although the freshman and JV teams were joined to be one "family" at the beginning of the year, it did not stop them from working together to be a successful squad. The players got little links to symbolize their connection as a family. Before each game the coaches collected the links and attached them to one another forming a chain. Coach Meyer stated, "The biggest challenge for this team was stepping up from junior high football to the high school level." The coaches set many goals for this young team. One of these goals was to get more familiar with the offense and defense. They also wanted to make sure the players worked as a team rather than as individuals. Over all, the coaches and the players thought they had a pleasing season and have already started thinking of new improvements for the upcoming year.

# On a Mission

## **EVEN THOUGH THE RECORD MAY NOT SHOW IT,**

the Dragons have made a great amount of improvement with a new coaching staff and renewed spirits by the players. Over the summer the team worked really hard and spent many hours together ranging from the "Night of Champions" to an overnight camp-out on the field. As the season started, the Dragons faced many challenges that could've ruined any other team's season, but Cameron showed an extreme amount of dedication and ended up making improvement throughout every week. Since the MEC is such a tough conference and Cameron plays in one of the most powerful and competitive districts in the state, it's hard for the Dragons to show just how much work and preparation they put into each game. The football players and coaches have grown amazingly close and gave a whole new meaning to the word teamwork on and off the field.

**TAKING TIME OUT TO LEARN,** the line goes to the coaching staff to call a new play.

BUILDING CONFIDENCE WITH THEIR POSITIVE ATTITUDES, THE CHEERLEADERS CHEER ON THE BOYS.

# Yell It! Shout It Out!

**PULLING TOGETHER FOR ANOTHER YEAR**, the cheerleaders proved they had really become a whole and could rule the school with their spirit. This year both cheerleading squads had new sponsors, but this didn't affect the outstanding jobs that they did. The football cheerleaders added a few more traditions this year by going in early on Friday mornings to decorate the boys locker rooms. They also included a decorated hoop they made every home game for the boys to run through. The wrestling cheerleaders also continued with their traditions by making posters and banners to support their boys. All in all, both squads successfully completed their year with lots of fun and excitement. Next year's seniors can only hope to live up to this year's season.

**CHEERING ON THE SIDELINES**, the cheerleaders are always ready to encourage their teams until the very end. Whether winning or losing, the cheerleaders are there with smiles to pump up the basketball players. Even when there are not any games to cheer for, the cheerleaders are busy. They are busy supporting their teams by making posters, decorating, or putting together a pep assembly. These cheerleaders know that to be great you have to practice. Both squads practiced very hard on their stunts and cheers to become excellent squads. They work hard to support and encourage their Dragon teams. With only two graduating seniors, the other girls are ready for next year to continue cheering on their teams. The returning cheerleaders are ready to work hard for next year hoping to make it as much fun as it was this year.

WITHOUT ANY SENIORS THIS YEAR, THE BOYS STEP UP TO MAKE THE BEST OF THE YEAR AND HAVE A GREAT SEASON.

# Young, But Successful

**EVERYBODY WONDERED** how far the team would make it this year and the team proved themselves successful. With all the long practices, summer camps, and the trip to Nebraska and Creighton, all the hard work paid off. Towards the end, all the players' skills came together and they played very well as a team. Going from five seniors to zero, the juniors stepped up without any questions. Three year letterman Blake Seifert had to put his leadership skills into high gear and this is what he had to say, "With no seniors everybody had to grow up real quick and work to get better everyday in practice." Even without any seniors, this year the team finished with a 19-8 record. They practiced hard and played even harder. Coaches Kevin Nichols, Matt Wenck, and Murray Dennis dedicated themselves to this team of determined players to lead them in a season any player would dream of. Pushing themselves to do their best payed off for this young team.

WORKING HARD FOR PERFECTION TO  
GET READY FOR THEIR VARSITY YEARS

# Making Their Moves Count

**STRIVING FOR PERFECTION**, the freshman team practiced hard everyday even though on a daily basis they didn't know where they if going to play. This team always made an effort to play hard no matter what obstacles they faced. These boys have been playing ever since they were little. Their talents will bring victories during their high school years. No matter what the challenge was, whether it was an injury or being down by so many points, these boys strived to win. They would play their hearts out to try to win the game. Dreaming about starting on or, even dressing on the varsity level, this kept their energy level soaring. The freshman team always left it out on the floor, with no regrets of wishing I should of done this or that. We will only achieve it if we believe it.

## Improving Their Skills

**P**LAYING FOR THE LOVE OF THE GAME, this year's JV team had a good year. In practice, the JV had one of the biggest jobs on the team. They would have to run through the opponents plays and help the varsity work on their defense and offense to prepare for every game. Even though they had their rough times and those close games, these boys played together as a team. It didn't matter if they won by one hundred or just one point, they came out ready to win every game. They worked hard in practice everyday. The boys were told that this year the freshman were going to have to step it up and play like sophomores, the sophomores play like juniors and the juniors play like seniors. They accomplished it, and never gave up. They had a very fun year because they came together and played as a team with high spirits.

A MEMORABLE YEAR OF FUN

# Shooting to Win

## YOU WIN SOME YOU LOSE SOME

but the girls varsity basketball team came together and won a fair amount of games. The girls really worked hard, but teamwork was the key. I think the overall feeling of the year was team work. They practiced together, they won together, they lost together. In the end, they were as one. The girls practiced for long hours, and though they weren't fond of the hard work, it truly made a difference which was evident in their games. Though the season wasn't a winning one, it's not because they lack talent. They tried their best and no one expects anymore than that. The team will be losing four seniors this year, but I'm sure next year's team will fight just as hard to win over their opponents. Shooting to win, that's what these girls always do.

BASKETBALL PLAYERS

# Scoring Dragon Style

**BLACK AND GOLD GOLD AND BLACK** is what you see when you watch these girls doing their thing on the court. These girls worked hard to achieve all that they aspired for. They went above and beyond the game. They played because they loved the sport and they strived for all the glory. To go from eighth grade to high school basketball is a giant step for anybody, but these girls made the transition very well. In eighth grade, it was probably more focused on fun. Now, it's to win! Which is exactly what they did, win. Now that they have the experience in the "big leagues," they know what to expect for next year. They will have more drive now that they are comfortable being here for a year and playing by different rules. Good luck to next year's girls!

THE DRAGON WRESTLERS HAD ONE THING ON THEIR MIND... PIN AND WIN!!

## Taking Care of Business

**HAVING DETERMINATION AND MOTIVATION** is what wrestling is all about. The word "team" has come to a new meaning this year as one thinks about the wrestling season. With the help of Coach Wake, Thomas, and Krentz, the guys have really had their chance to show what they can do. Cameron left districts with eight guys still trying to earn a trip to state. When Cameron hosted sectionals, five made it through to state. Coach Wake was hoping to "take care of some business" and they did. The Dragons placed 7th (with 85 points) as a team, and had four individual placers: Tyler Krentz-1st (125), Brian McClure-1st (135), Jake Bates- 3rd (112) and Blake Uthe 6th (119).

AND A LOT EXPECTED

# Shake A Tailfeather

**W**ITH SIX NEW SENIORS AND A NEW SPONSOR LEADING THE SQUAD THERE WAS A LOT TO BE DONE. The year began in the summer with their own camp lead by an MU Golden Girl. The girls stayed at a hotel to get to know one another and get a start on the things they needed to know for the year. After the regular fall and winter sport seasons, the girls were faced with learning their state routine three months later than usual. Because it was so difficult to learn, Mrs. Tyrrell came back to help them out before they went to Columbia and, in no time, they were ready to go. "We wouldn't have made it without Mrs. Tyrrell, and we appreciate everything she has done," said the squad. The year ended with the seniors putting on an exciting halftime show on senior night when they came out in cowgirl outfits and took them off revealing fancy cutoff shirts. It was a huge crowd pleaser which received a standing ovation.

**FRESHMAN BRANDON WORLAND** makes excellent distance in the long jump at a home meet.

# Racing for the Finish Line

**WITH MORE INVOLVEMENT THAN SOME YEARS IN THE PAST**, a lot was expected from the boys and girls on the track squad. Some people who played other sports last year wanted to try something a little different and run the distance. New personal records were made at every track mee, and more than half placed in their individual events. "It was a wonderful year and hopefully next year will be even better because of the many freshman coming to the school," says Lanelle Carroll.

SATISFACTION IS WHAT THIS YEAR'S BASEBALL TEAM FELT AT THE END OF THE SEASON.

# Grand Slam!

**IMPROVING MORE AND MORE EVERY STEP OF THE WAY** the team worked hard and wanted to win. With a four game winning streak for the first time in about eight years, the Dragons were excited to see what the rest of the season had to offer. There were many unexpected wins throughout the year, such as Richmond, Lafayette, and Maryville that the Dragons proudly won. Senior Mitch Burton said that the greatest improvement was their batting average. "I witnessed so many great hits this year from players I never knew had it in them," Mitch stated. Although the team as a whole improved their batting techniques, there were two players who stood out. Senior Michael Schlitzer and junior Blake Seifert tied for the most home runs of the season with four each. Every year the baseball team works hard to prove themselves as a team. The players, as well as the coaches, definitely believe they have accomplished what they worked so hard for each year.

**FINISHING UP THEIR 3RD YEAR** the girls did a better job of working as a team. "We really pulled together this year and we have improved a lot as far as ball handling skills and fancy footwork," said Caitlin Cole. "This year we talked a lot more as a team, which helped us keep the ball on the right side of the field." The soccer girls have finished up this year with two victories that they are very proud of. Don Harrison was the head coach of the team, but he also had some assistance this year by Alan Needham and Bill Arthur. Coach Harrison and the team both appreciate their extra help. All in all, the soccer girls had an impressive season, scoring more goals than last year. Senior Tim Coolman and Brandon Reffitt also made it to state. These two players were role models for a few of the younger, inexperienced players. "Of the three teams I've had qualify for sectionals, this is not the strongest team, but they are a very cohesive group." Wake said. They stick together, they pull together and fight for each other. That's the key that has made them successful; they really hate to lose. The team also placed second at the Benton/Savannah tournament. **EVERYONE WAS ANXIOUS** to get things started. The entire council met for a retreat at James' house and decided on the theme of "Dragons through the Decades" for homecoming. They raised money for Special Olympics through two spirit couch fundraisers and also sold as many as 2,000 bottles of pop to keep the council up and running. The group put together Christmas and Valentine's Day card boxes for the holidays and they made Christmas treats for the faculty. Later on in the year, the council had a council exchange with Chillicothe for the second year in a row. The student body was entertained by a "Gong Show" Spring Fever Reliever, and Brooke Lettermann enjoyed a birthday party all put on by Student Council. # Our Future Farmers of America

**F**FA teaches students about leadership, education, career interest, and meeting new people. Our FFA students had a fund raiser this year to help take care of the animals at Safe Haven. They had a blood drive which was a success, a watermelon bust, participated at the state convention, and held their annual barnwarming dance. During FFA week, they had a businessmen's breakfast. This year we had a lot of place winners at the area and district contest. There was also a few members that attended state FFA competition. Co-Vice President Seth Henry says, "I've been in FFA since my freshman year and I have learned so much. FFA teaches leadership, and I think that it's very important for students to learn." Being a member of FFA gives a student many possibilities because of all their hard work to earn scholarships. It takes character and self endurance. So we salute to our Future Farmers of America.

Even though the FCCLA didn't have as many members as previous years, they got all their work done.

## Numbers, but a High Level of Success

**EVEN THOUGH MEMBERSHIP NUMBERS WERE DOWN,**

the FCCLA was still very productive. The first activity for the club was going to the regional meeting in Kansas City. There they learned leadership skills, about community involvement, including many different ways to volunteer around their community. They also participated in making quilts for the nursing home. And, like years before, they hosted the annual Sweetheart Dance. This took many hours of preparation from booking the DJ to decorating. Next year, the returning members plan on recruiting more members in hopes that Star Events will become a bigger part of the organization.

The motto for this year's DECA members is, Life is DECA--DECA is life!

# IT'S A DECA THING

**ALTHOUGH DECA REALLY IS NOT LIFE**, business plays a big role in life and that's what DECA is all about. This organization teaches students all about the business world and how to be successful. When thinking of the word "business," it may not strike someone as exciting, but DECA makes it exciting. "Being in marketing and management has really taught me a lot about what I need to know; not only about business, but how to make it in the real world," stated two year DECA member Sarah Barrett. A lot of the students in the high school are not aware of what DECA teaches. They do not know all the possibilities that come with the organization. Every year Mrs. Williams works extremely hard to get the students and their projects ready for the district, state, and international competitions. The students research business related topics and work for about five months perfecting them and getting them ready to compete. DECA creates many opportunities for young people to get out and research what the business world has to offer.

# STRIVING FOR SUCCESS

**NATIONAL HONOR SOCIETY** is an organization that holds many different traditions. Some of the traditions are the bonfire and hayride, the Christmas party for Mrs. Steele's class, the "tapping", the induction ceremony, service projects, and the sundae party. The bonfire was held at Shayla Cooke's and everyone had a great time roasting marshmallows and wienies on the fire. Mrs. Steele's class received a lot of wonderful gifts from "Santa", also known as Theron Rodgers. During the "tapping," new inductees received a blow pop, and a black robe to be worn in the hallway. The next week they attended the induction ceremony, and had refreshments afterwards.

# FUTURE BUSINESS

## LEADERS

**T**HE FUTURE BUSINESS LEADERS OF AMERICA members had a successful year. They started out their year by selling suckers to earn money to help pay for their district and state competitions. In March all the FBLA members traveled to Maryville to attend districts. If a first or second place is earned at districts, the student gets the opportunity to travel to Columbia for the state competition. The seven people who got to attend state this year were Susan Eberly, Diana Walker, Jennifer Salmon, Tim Coolman, James Tvrdy, Joe Tvrdy, and Tabitha Assel. Before these students could go to state, they had to go around to local businesses and collect donations to help finance their trip to Columbia. With their hard work, they earned enough money. They went on to state and had a great time.

**GLAD TO HAVE THEIR TESTS DONE** Sarah Carr and Kate Patterson wait patiently for everyone else to go take their tests.

# A GREAT NEW PROGRAM ADDED

## TO THE SCHOOL

**T**HE RENAISSANCE PROGRAM is a new way for students to receive recognition and rewards for excellence in academics. It all began when representatives from the St. Louis Lafayette High School came to demonstrate and discuss ways to set up the Renaissance program in our school. The goal is to reward students and staff for an outstanding performance during the school year. To get things started, a steering committee meet every Friday for the last part of the year. This committee worked hard in their meetings to come up with new ideas for the upcoming year. The chairman for Renaissance was Tyler Beckett, co-chairman Caitlin Cole, treasurer Andrew Roberts, and recorder Melissa Swearengin. Members are looking forward to the outcome of the Renaissance program.

A new way to improve school and academics.

# GREAT MINDS THINK ALIKE

**T**he Academic Bowl Team succeeded this year with a great record. The awesome mind power of all the team members was put together forming a strong and victorious squad. The varsity did a great job of using their knowledge and experience to lead them to state. The junior varsity also did an outstanding job of completing the season with new members. Over all, both teams accomplished the season with great pride. The teams combined their intelligence and formed a competitive academic team. In the end, the academic teams were pleased with their records, and with three seniors leaving, the other students plan to carry on with as much integrity and confidence as they gained this year.

# BUILDING TOWARD

## THE FUTURE

Everyday they work together as a group to get the job done!

**T**HE CARPENTRY CLASS WORKED HARD and got the job done. With the good weather conditions, they were able to finish the house way before the end of the year. "This was a good class and they had a lot of fun, too!" said Mr. Vaughn. Things went so well that the house sold by January to Mr. and Mrs. Kenneth Ausmus, way before it was even finished. The students enjoy being outside and away from school. "It beats sitting at school in a boring class room and doing work," said Jerrod Burge. Not only does it give the students a chance to get away from school, but also a chance to learn all the basic steps in order to build a house. Now they can put this experience toward their futures!

# MAKING MUSIC

**As THE YEAR** got started there were many new faces to be seen. One of the most notable was Mr. Jones who assisted Mr. Albright with the band this year. The band has had many parades to march in and many concerts to play. With the help of Mr. Jones this year, things have gone over smoothly. Mr. Jones and Mr. Albright are a great team together. The band overall has improved over the years and continues to grow and improve. There has also been another band that has come out to play. A while back a few of the band members got interested in starting their own rock band. That band has performed at many occasions this year. It is a really good thing to see students love something so much that they would take their own time to play for the school. With the help of Albright and Jones, the band is well known around school and community.

# MARVELOUS

## MUSIC Improving on perfection

**AS THE FIRST ORDER OF BUSINESS**, choir members elected new officers before starting on the fall music that any returning choir member should know by heart. Mallory Bradford was elected President, Elizabeth Needham, Vice President and Katie Lowenstien, Secretary. From there, it was one concert after another. After putting away "Dream a Dream" and the rest of the fall traditional favorites, the choir had their annual Christmas concert. There was always one senior who got to sign the solo for "O Holy Night". Mallory Bradford was chosen, but got strep throat just before the concert. With little time to practice, Elizabeth Needham pulled off a great performance. The next task was to prepare for contest. The choir, as well as the girl's glee, received a two rating and the boy's glee received a three. The choir also took many solos. Mallory Bradford, Elizabeth Needham, and Sara Leibrant all received one ratings and later competed at state. The choir and the three soloists performed their contest music at the spring concert for their grand finale.

**ALTOS DO IT BETTER!** Mr. Goodwin may never admit to it, but just ask, Ester Rardon, Elizabeth Needham, Megan Curtis, Kyllie Durant, or Sophie Long and they will tell you the altos have it under control.

**THANKSGIVING IS A TIME FOR SINGING** At the annual Thanksgiving concert, the choir entertains the audience with patriotic songs.

**WARMING UP** Seniors; Elizabeth Needham, Katie Lowenstein, and Mallory Bradford show their excitement before performing their solos.

**ONE LAST TIME** the seniors sing at graduation for a final performance.

## MOVING TO A BRAND NEW BEAT

..... Whether it's singing or playing an instrument, you better believe the music Cameron makes is harmony of our school. From contests to performances, the boys and girls are dedicated to the entertainment of our society. The Thanksgiving concert, an annual event put on for the town, was nothing more than a good time. With the blending of the band and the choirs, it sounded magnificent and the audience appreciated the program. The Christmas concert was a sentimental moment for most. In March, both band and choir went to contest in Maryville, MO, and came back with one and two ratings. Music is an important part of Cameron.

# PUTTING IT ALL TOGETHER

**WITH ONLY ONE MALE IN A ROOM FULL OF GIRLS**, the staff was faced with a year full of spreads and deadlines. The staff decided to take on new challenges, by putting in parent ads, more mystic elections, the masquerade ball, traditions, crazies and special features on teachers and students in place of the senior index. The students had a lot to work with this year and had more work piled on them everyday, but they managed to complete their work on time.

# CREATIVE MINDS

**T**HIS SMALL GROUP ACCOMPLISHED many big tasks. With lots of members, but a small amount of participation, the group managed to do community and school service projects. They made posters for the annual Christmas parade. They also made and decorated cookies for the teachers to show their appreciation for all that the teachers do. As a Christmas present to the troops over seas, the group made a banner to show their thanks for the troops' dedication to the nation.

# DRAGONS

**D**RAMA HONOR SOCIETY had a very successful year with the plays. The fall musical, *Seven Brides for Seven Brothers*, became a fun adventure for many people in our school, starring Amber Duncan and Thomas Morgan. The spring play was *Divine Stella Divine*, starring Katey Jordon. DHS began it's year with their annual picnic at Wallace State Park. They used this opportunity to catch up from the summer months and to discuss the years plays. They also helped National Forensic League with their speech tournament. In May they had an awards assembly with NFL with the theme of "A Night at the Oscars". Next year, they plan to attend a number of plays at schools in our district.

**NATIONAL FORENSIC LEAGUE** was very busy this school year doing all sorts of activities ranging from tournaments to fund-raisers, from award banquets to talking on DNN news about school issues. The annual Speech and Debate invitational was a success as usual under the leadership of a new sponsor. There were many new faces this year in NFL, a new sponsor, Ms. Kurth, and lots of new competitors who earned lots of points in competition. With the new sponsor, a new constitution also came to the organization. To many it was a welcome change. The club ended the year with the annual DHS/NFL awards banquet. # TOMORROW'S TEACHERS

**E**ducating our futures, many members of FTA are getting ready for the real world. FTA is a great organization that helps future teachers get prepared to teach. Not all of the members get to cadet teach, only the juniors and seniors. Most of the members teach at either the Early Years or at Parkview, but some are teaching at the middle school. Students help the teachers around the classroom in grading papers, answering questions, passing out papers and helping the students that just need a little extra attention. Most of the students get involved with FTA so they can see what it would be like to some day have their own class.

# CLASS OF ROCK

**T**HE CLASSROOM IS A PLACE WHERE YOU CAN HAVE FUN WHILE LEARNING AT THE SAME TIME. In some classes, students get to cook, while in other classes, they get to make things, and in others yet, they dissect, just to name a few. In any of those classrooms, you can find some sort of project going on. Who said school couldn't be fun? In the aspect of things, teachers like to have fun just as much as we do and the teachers will do what they can to keep you interested while doing even mundane tasks such as playing games to prepare for a test. Even cooking for a grade is simple and fun. While dissecting may not be quite as fun as cooking for some students, it still gets the point across and it beats doing the book work we all dread. Well, it all will continue next year and it will still be fun.

# ALTERNATIVE

## ROUTES TO EDUCATION

**GAINING THEIR EDUCATION AT THE ALTERNATIVE SCHOOL** the alternative school students work hard to get a good education. Turning Point provides a school environment where any type of student can be successful. The class sizes are smaller and allows students to get more attention from the teacher. Students can earn all the credits they need to graduate at the alternative school. Some students choose to go school half a day and go to work the rest of the day. This allows them to get their credits, earn money, and get work experience. This year was the first year that Turning Point Alternative School was located in the modular building outside the high school. The alternative school is the best choice for some people to get the education they deserve.

**ONE OF A KIND** Have you ever been to a place where people dress like twinkies, wear "I Love the Principal" t-shirts and scream out of mini megaphones? That's an everyday occurrence here at Cameron High School. It's easy to find individuals. Years back it was uncool to be different, everyone looked the same. Now, no one really cares if they look like their best friend or not. We have a few organizations that allow us to "shed our skins" with activities such as speech and debate, student council and drama honor society. This is the place for everyone to express their individuality!

# All

Wild or crazy,  
casual or formal,  
whatever you can  
think of, we have  
dressed like it.

## DRESSED UP...

**MOST DAYS WERE LIKE EVERY OTHER.** everyone was dressed in their t-shirts and jeans. We pretty much wore what we wanted as long as the tummies were covered, of course. But, every once in a while, we liked to go all out. Sometimes we dressed up for things like spirit week and sometimes it was to dress up for special occasions such as prom. At the beginning of the year, we all went a little crazy while dressing for the decades during homecoming week. Then the end of the year, we showed the school what we've got with our spring fever reliever days and the Gong Show. On the other hand, everyone got all done up for homecoming, sweetheart and prom. If it comes to dressing up to show our spirit, we can do it.

**HOW DO I LOOK?** asks Ester Rardon and Whitney Long during a french lesson on clothing.

**IN FORMAL DRESS.** Jeri-Ann Scott and Mandy Zieber are glowing on prom night.

# OUT AND

# ABOUT

**SCHOOL ISN'T THE ONLY PLACE** where students get involved in the things they love. They follow their dreams by getting active in various pursuits. Recognition for academics is very important, but engaging in these outside of school interests can be equally challenging, important, and time consuming. While things may seem ordinary at CHS, these students do extraordinary things outside of the classroom.

about your teachers.

# DID YOU KNOW?

**T**HIS YEAR WE DECIDED to find out things about our everyday teachers and staff that we normally wouldn't know about. Precious Kurth use to be STUCO President of Lafayette High School. She also was a singer in the New Generations band. Another member of the New Generations band was Wendy Danner. Wendy is also in the Army National Guard. Our very dedicated principal, Mr. Gerber, jogs every-day day come rain, snow, sleet, or hail. Many days after the busy halls of Cameron High School are empty, he suits up and takes off jogging through the halls. Our very own foreign language teacher is actually foreign. Meme Jones came to us this year from Belgium. She has the coolest accent. Our everyday LA teacher, Mrs. Fagan, has her very own motorcycle that she rides often. And while on her motorcycle, she is all decked out in her leather attire. This year we also got our first sign teacher Mrs. Klawhn. She helps with Xavier Mainster. Mr. Dow, our computer man, use to teach math way back when here at Cameron. This is just some of the things that we can share.

## STANDING PROUD.

# FACULTY 2004

A year of changing, growing,  
and making decisions.

## CHANGING AND REAR-RANGING

...There were many changes in the faculty as well as where their rooms were located. Some of the new faces were; Mrs. Ausmus as vice principal, Mr. Wenck, Mrs. Kurth, Mrs. Jones, Mr. Jones (no relation) and Mrs. Eaton, and, after a year leave of absence, Mrs. Forsythe returned, plus Mrs. Stuedle came back to the high school. The different departments were put together to make them easier to locate. The teachers showed a renewed sense of unity, and incredible acting abilities. They had skits at homecoming as well as multiple groups for the spring fever reliever!!!

# SUPPORT STAFF

The people  
who make it  
all happen.

**SOME OF THE MOST IMPORTANT PEOPLE** who make the school run smoothly are the people on the staff. Most of the time you wouldn't think of these people as an important element at our school, but these are the people who make our school run efficiently everyday. The school wouldn't run on a daily basis without the cooks, bus drivers, janitors, secretaries, and aides. Without the cooks, there wouldn't be breakfast and lunch, some of the students wouldn't get to school without the bus drivers, the school would be dirty without the janitors, and nothing would get done without the secretaries, aides, and teachers aides. The members on the support staff are some of the most important people at the school, so we thank them for everything they have done during this school year.

**SECRETARIES** Front office, Janelle Jackson; activities office, Amy McVicker; and guidance office, Lori Robinson.

**THE JANITORS** Bart Boyd, Mary Ann Arnold, Clyde Argabright, Glen Chase, Steve Caldwell are people who keep our school clean.

**THE COOKS** Marla Rinne, Laura Uthe, Brenda Goll, Fran Byers, Charlene Smith, Mary Jorgensen, Patty Gray and Valerie Slover.

**TEACHER'S AIDES** Front row: Lanelle Carroll, Megan Groebe, Kristi Ensign. Second row: Tabitha Assel, Kate Patterson, Ryan Boswell, Kerra Spicer. Third row: Brandi Robinson, Elizabeth Needham, Tyler Krentz, Mitch Burton. Fourth row: Shelly Darr, Holly Clevenger, Meagan Sheetz, Jacob Smith. Fifth row: Joe Stretch, Katie Lowenstein, Mallory Bradford, Brady Graham, Amanda Reickard. Sixth row: Kayla Smith, Sarah Barrett, Brianna Stallman, Tamir Batchuluum, Kristy O'Donnell, Julie Oehlerts, Blake Seifert, and Mallory Baker. Seventh row: Eric Scott, Breanna Sherman, Rebekah Scott, Shawn Fallein, Cody Sloan, Lindsay Parker, Tyler Beckett, Tyler Rinehart, and Colt Caselman. Back row: Nathan Moore, Ryan Patti, Tricia Fisher, Shane Hasbrouck, Theron Rodgers, Gary Martin, and Charlie Phipps.

**AIDES** Mrs. Doornick, Mrs. Jordan, Mrs. Pierson.

**OFFICE AIDES** Front row: Secretary Janel Jackson. Back row: Ashley Jackson, Mandy Zieber, Josh Murdock, Janelle McElroy, Cale Hill, and Kerra Spicer.

**THE BUS DRIVERS** are the ones who get all the kids to school on time.

# SERVICES

**TALK ABOUT HAVING A GOOD TIME...** not only does this class learn about life, but they also have a lot of opportunities for special and fun events. In special services, students receive hands-on experience with cooking, cleaning, and other important life skills. These students work hard and read often. Along with the endless learning opportunities, fun activities such as parties, P.E., art class, and the ever favorite Special Olympics are offered. During Special Olympics, athletes compete in areas such as bowling and track & field. Special Olympics are a way to show these kids just how "special" they are. The best thing about it is that everyone wins!

# CLASS OF 2007

A year of new beginnings and new experiences

**BEGINNING THEIR HIGH SCHOOL CAREERS**, the freshmen experience changes in high school. They have the opportunity to participate in the different sports and experience homecoming for the first time. The biggest difference between the middle school and the high school is the amount of independence and freedom each student receives. Although this was a new experience for all the newcomers, it didn't take them much time to adjust to the high school ways. After accomplishing their first year, the freshmen class is now ready for their next three years of high school. In those next years, the freshmen have a lot of things to look forward to including new friends, lots of excitement, and unforgettable memories.

# CLASS OF 2006

Gaining experience through stepping up to new responsibilities.

## EVEN THOUGH FRESHMAN YEAR

and the pressure that comes along with it is over, the sophomores can't breathe easy quite yet. They still have over half of their high school careers left, and sophomore year brings about brand new exciting responsibilities. Most sophomores will be turning 16, getting their licenses, becoming more comfortable at the high school, and more involved. Between working very hard to be on varsity sports teams and taking more advanced core classes, sophomore year brings up a lot of chances to gain experience for the rest of their high school years and the rest of their lives. Not all of these fresh responsibilities are fun, but these sophomores seem to be up the challenge.

**WERE ALMOST THERE!** Getting ready for one of the biggest steps of their high school career, the junior class counts down every day to becoming seniors. Juniors are faced with responsibilities and important decisions to make the year go by smoothly. They take on magazine sales and concession stands to make prom a memorable one. Whitney Long, class president, said, "Although it is a lot of work to get every detail ready for the big night, I think it'll all pay off." The juniors are starting to get serious about their futures and what it has to offer. They are realizing that their time together is limited and are becoming closer and closer as the days go by. Mac Mohi stated, "Our class is one-of-a-kind. No matter how many fights or arguments we have, we still pull together and work as one."

**GET OUT OF THE WAY.** here comes the class of 2004. For some, graduation couldn't come soon enough and for others it's coming too soon. This class has had some pretty rough times over the years. During their seventh grade year, they lost two great teachers, Mr. Carder and Mrs. Way, as well as a classmate Justin Enlone. This winter they lost a former classmate, Luke Gundy. As far as the rest of it goes, they have had their fair share of wrecks and run-ins with the various sorts of trouble. They've learned that they were not invincible, even though some are still trying to prove otherwise. It seems that most classes come together their senior year. This class was neither united nor divided. Homecoming helped to bring some of them closer, because after years of losses and lack of spirit, there was a plethora of spirit to be found. This class finally won the spirit stick, thanks to all of those who joined in the fun. So after finding their spirit and their selves, this class is ready to head out into the world. So here's good-bye from the class of 2004, a class like none before!

**SENIOR OFFICERS:** Secretary Kristi Ensign, President Mandy Zieber, Treasurer Carey Beckwith, STUCO Rep. Theron Rodgers, STUCO Rep. Charlie Phipps, STUCO Rep. Katie Lowenstein. Camera Shy: Vice President Shayla Cooke.

# THE BEGINNING OF THE END

**AFTER ALL THIS TIME** we are going our own ways. Most of us have been together since preschool, but some have joined us along the way. It really doesn't matter how long someone has been a part of our class, we all are one big happy group. Our class has a lot of people going in to the service, and even more going on to college. As tradition commands, Valedictorian Mariah Lipanovich and Salutatorian Mariah Murdock gave a great speech together in the form of a poem. The guest speaker was Ann Goodwin. She was chosen on her achievements after graduating from Cameron in 1979. High school life comes to an end on this emotional graduation day, but will never be forgotten.

**BRITNI EDWARDS AND CAREY BEORWITH** flash a smile as they give their farewells.

**SHAYLA COOKE** bids her classmate a final farewell after the graduation ceremony.

**VALEDICTORIAN** Mariah Lipanovich and Salutatorian Mariah Murdock read a poem together for their traditional speeches.

**ORSCHELN'S FARM AND HOME**  
**416 NORTHLAND DRIVE**  
**BROWN FUNERAL HOME**  
**816-623-8289**

**LONG TIME FRIENDS** James Tvrdy and Kristi Ensign are prepared to face the world.

**IN SPITE OF LONG TERM HEALTH PROBLEMS** Shaun McDonald makes it to graduation with flying colors.

**AN OLD STANDING TRADITION** the senior class toss their mortarboards after they have officially graduated.

**MITCH BURTON** wants to know, "Hey, where's my diploma?"

## BEST FRIENDS

Ashley  
Just wanted to thank you for always being there for me. No matter how much we change, we will always be best friends.  
Love Always  
Mandy

## Great Friends like you!

You were all there for me through thick and thin. From my first love to my first sin.

You guys are the best, the best that can be. You gave me strength to go on and you made me see.

You showed me you cared, you did not lie. You helped me through my problems even when I wanted to die.

I hate the fights we all go through. I think it is just life, though...don't you?

We had so much fun when we were all together. I hope we are friends forever.

It is people like you who make my life good because you showed me you cared like true friends should.

I love you all, it is so very true. It is only once in a lifetime. I find great true friends like you!

## BRITNI EDWARDS AND KRISTIN PEDERSEN

We made it!

Congrats on a great year in Graphic Arts.  
We love you, Mrs. Briz!

We are very proud of the fine young man you have turned into.

Love you,  
Pop and  
Grandma

# MICHAEL SCHLITZER

We are so grateful you are our daughter. Follow your destiny.

Love,  
Mom and Dad

# ELIZABETH NEEDHAM

# KATIE LOWENSTEIN

You're the greatest girl in the world! We are so proud of the young woman you have become. We love you!

Mom and Dad

# KYLLIE DURANT

You have come a long way, baby!  
From preschool to highschool  
senior. You are a beautiful,  
intelligent young lady. You know  
what you want and go for it.  
We are proud of what you have  
accomplished just being you!

Love,  
Mom and Dad

# LOGAN THOMPSON

CONGRATULATIONS Logan, Joe, and Craig!!

Sybil and Keith Thompson

Thank you for  
being the girl  
that you are.  
You are the  
sunshine in all  
our hearts. We  
love you!

Dad, Mom, Nick  
and Megan

Katie McCreath always knows the best way to catch people's eye.

## **WORKING HARD TO MEET THE DEAD LINES**

the Graphic Arts class came together to create the 2004 Mystic. Although the number of staff was slightly smaller than some years, the group managed to pull off a yearbook that hopefully all will enjoy. Mrs.

Brizendine was the graphic arts teacher.

This year's Editor-in-Chief was Kyllie Durant. Kyllie worked hard to make sure everything went as smoothly as possible.

The other editors include: Amanda Reickard as Sports Editor, Mandy Zieber as Student Life Editor, Britni Edwards as Groups Editor, and Tricia Fisher as Individuals Editor. The rest of the year book staff included: Ashley Brookshier, Caitlin

Cole, Susan Eberly, Kristi Ensign, Mac Mohi, Brandi Robinson, Kiley Sandgren, Jeri Ann Scott, Breanna Sherman, Holly Williams, and Jessica Winters.

**ROCK ON!** Brandon Reffitt and Logan Thompson show off their music skills at the last home basketball game.

**HERE HE COMES!** Drew Newhart runs through the cheerleader tunnel as is he introduced to the crowd.

**WINNING FIRST PLACE IN THE ORGANIZATIONS CATEGORY.** The FFA showed off their awesome float in the homecoming parade.

**UP CLOSE AND PERSONAL** Theron Rodgers flashes his charming smile.
