Mystic Year Book

Dedicated to:
Mrs. Kathryn "AB" Goodwin

Language Arts Teacher
Vocal Music Accompanist

Mrs. Goodwin retires from Cameron High School this year leaving a legacy that spreads throughout the school and community. Dedicated to her freshman Language Arts classes, she taught such classics as *Romeo and Juliet* and *Great Expectations*. Her passion for Dickens led to 27 years of treating the entire class of freshman to the Missouri Repertory Theater's annual performance of *A Christmas Carol*.

Music brought a special kind of joy to her life, a joy she shared with husband Dave and the students in the vocal music program at Cameron High School. Mrs. Goodwin served as the accompanist for all school vocal programs for generations of students. She and Dave shared the stage many times for shows, including *Fiddler on the Roof* where they played husband and wife Tevye and Golde.

Thank you Mrs. Goodwin

Once upon a time...

Culture Day @ Missouri Western

On March 20th, select French III and Spanish III and IV students loaded on a bus headed to Missouri Western State University, where a cultural day was being hosted. French, German, and Spanish students from northwest Missouri competed in several events: cooking, essay writing, placement tests, poetry recital, a quiz bowl, a scavenger hunt, and promotional videos. Several Cameron students came home with free movie tickets and the satisfaction of having placed first or second.

French III and Spanish III and IV students also represented Cameron at the Northwest Missouri State University cultural day, taking first place in the trivia bowl.

"Be happy. Talk happiness. Happiness calls out responsive gladness in others. There is enough sadness in the world without yours...never doubt the excellence and permanence of what is yet to be. YOUTH in Government

Each year, YMCAs throughout the state of Missouri send students interested in government to the capital building in Jefferson City to participate in a mock-Congress session. Here, students become delegates who write, lobby, debate, and overrule bills while learning proper democratic procedure.

WINTER

As students gear up for the harsh winter weather, staff and student organizations show their holiday spirit by decorating the school with holiday cheer and sponsoring several charity events such as bell ringing, a food drive for the food pantry, donations for Ricky the Racoon to buy toys for children, and the Adopt-A-Family program.

College history students recreate the Berlin Wall for a class project.

The Drama Honor Society was very busy this year. They took their annual trip to Worlds of Fun. They also had their fall production "High School Musical" and spring play "Romeo and Juliet," which was dedicated to Mrs. Goodwin. Both were big successes.

INTERVIEW

with *Jessica*

"I took the Cadet Teaching class because my initial plans were leading me towards a teaching degree. I wanted to have first hand experience with live "guinea pigs." The first few days of class, my teacher, Mrs. Kay Leeper, gave me small tasks to accomplish: loading and unloading the kiln, taking attendance, and assisting the children with their drawings.

As the year wore on, I was intrusted with the class on multiple occasions when the teacher had errands to run. I would watch the students and help them when I could. The experience is one I will not forget, and definitely one to be had, yet it also gave me insight on myself. I am not ready to be a teacher. I would find disciplining the children quite difficult, as I had empathy towards them. With this, I found favoritism and biased opinions within myself. I know that as a teacher, you can not have these feelings towards your students. A friendship is not to be had until after you have established a strong boundary in which you *are* the ruler and they are your pupils."

Cody

You were once so small- you could barely crawl just for a moment we looked away and when we looked back we are proud to say-You were all grown up, no longer our pup. You have grown into a man Independent and strong. We know you will stand and play your own song. We would love to take the credit for all you have grown to be but, everyone who knows you can obviously see. You have been your own little soul from the very start. We just want you to know...You are forever in our hearts!

Love, Mom and Gary

Jamie Lynn-

From the day you were born we knew you were going to be someone special. You have proved us more than right by becoming an intelligent, beautiful woman inside and out. You are caring and loving and you are a wonderful mediator. You have shown us how to love you and at the same time you reciprocate that love to others. We are very proud of you on the day of your Graduation. We wish you the best of Luck and Love in all of your endeavors.

Love Always,
