Luke Angle

## *In Tribute...*

Luke Angle was adored by those who knew him. He passed away prior to reaching high school, though his memory has been carried forward with the class of 2009. We miss him dearly. Luke was active in football and loved motorcycles. He also cherished time spent with his family and friends.

Luke loved playing football for the Dragons.

Luke presents his 7th grade science fair project.

Luke was a very helpful person. He would do anything for anyone so his parents decided to set up a memorial scholarship fund. These scholarships will be awarded with the input of Luke's mother. This year's recipients reflect the caring and generous attitude Luke demonstrated in his life.

REBA SPIEGELHALTER, DAYAE HIM, AND MIRANDA STEENROD

DAYAE HIM IS FROM SOUTH KOREA AND IS OUR ONLY FOREIGN EXCHANGE STUDENT FOR THE 2008-2009 SCHOOL YEAR. ALTHOUGH SHE MISSES HER FAMILY AND ONLY GETS TO TALK TO THEM ABOUT ONCE A WEEK, SHE REALLY LIKES AMERICA. HER FIRST VISIT TO OUR COUNTRY WAS IN AUGUST OF 2008. SHE STARTED LEARNING ENGLISH IN HER SCHOOL WHEN SHE WAS IN 3RD GRADE AND WAS FLUENT IN OUR LANGUAGE TWO YEARS AGO. EVEN THOUGH SHE SPEAKS OUR LANGUAGE, STUDENTS ARE AMAZED BY HER BOOKS AND HER GMAIL ACCOUNT, BOTH WRITTEN IN THE KOREAN LANGUAGE. THE FIRST DIFFERENCE SHE NOTICED IN OUR EDUCATIONAL SYSTEM WAS THAT WE CHOOSE OUR CLASSES. IN S. KOREA SHE SAYS THEY DON'T HAVE THAT OPTION.

DAYAE ALSO MENTIONED THAT HALLOWEEN IN S. KOREA IS DIFFERENT, THEY DON'T DRESS-UP OR TRICK-OR-TREAT. DAYAE WILL MISS ALL THE FRIENDS SHE HAS MADE HERE WHEN SHE GOES BACK TO HER HOME COUNTRY. WE WILL MISS HER TOO.

## STUCO Presents Red Ribbon Week

Red Ribbon week started after Drug Enforcement Administration (DEA) Agent Enrique Camarena was killed. "Kiki" as he was known, worked as an undercover agent in Guadalajara, Mexico. On February 7, 1985, while undercover, Agent Camarena and his pilot were taken by drug cartel leaders. They were both found dead close to Angostura, Mexico.

The California State Parent-Teacher Association (PTA) created the Red Ribbon Campaign the next year. President Ronald Reagan made Red Ribbon Week a national campaign in 1988. Red Ribbon Week raises awareness of alcohol, tobacco, and other drug and violence prevention. People wear their red ribbons to show they are drug free and against violence.

# Blood Drive

Fall 2008 26

Every year FFA hosts a blood drive in the fall and spring. Students and teachers take time out of their busy schedules to donate over 100 pints of blood.

Michael Cox smiles for saving a life.

"Roll Out of Bed Day" was a fun day for students and staff to just stay in their pj's when they came to school.

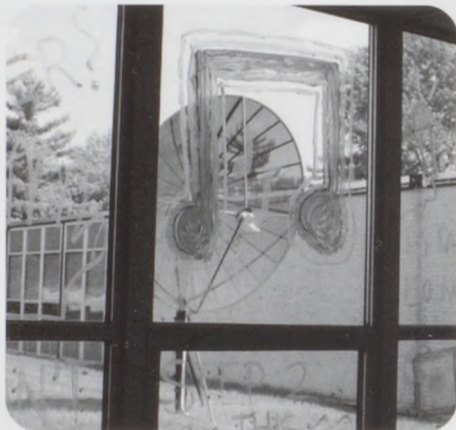

# Spirit Week 2004

"Black and Gold Day" was for students and staff to wear the school colors.

Each class had a music genre for theme day. The seniors (above) had hip - hop.

"Stop Light Day" was a great day for people to know if that one special person was taken. Red means taken, Yellow means going with friends, Green means available.

"Staff Dress-up Day" was a chance for students to dress up as their favorite teacher.

The classes decorated windows with their theme.

# HOMECOMING DANCE

Couples and groups walked through the doors of the high school and paid their five dollars to enter the homecoming dance. The girls, in their glamorous dresses with their hair done and make-up carefully applied, made their way to the gymnasium to dance. Due to the need of comfort, they threw off their shoes placing them near the edges off the dance floor. This was one of the many piles you would see upon entering the gym.

## Class Floats

In a shed with a dirt floor, highschoolers volunteered their time to work on their class floats for the homecoming parade. Each class worked on their own float from 5-9 for three nights in a row. Homecoming week had the students excited and eager to have their floats looking the best. The contest between grades went unnoticed when two seniors volunteered to help the freshmen with their float. Working side-by-side in a small space brought the classes together and put smiles on all the students' faces.

**JOE BIDEN**

Mr. David Mayne is just one of many great history teachers we have in our building. He teaches Political Science, Missouri History, American Government, and Constitutional Law. His three American Government classes (B1, B4, and G2) held a mock election this year. The classes got involved, making banners and posters to hang all over the school promoting O'Bama and Biden, and McCain and Palin. During all lunch shifts on November 4, 2008 all students had the opportunity to vote. On the ballot were choices for President and Vice President, Governor, and House of Representative for District 6.

Each class was split into two groups, one for each political team. "For the most part each individual got to choose who to support, but in a couple instances we made some people switch sides so we had even numbers - make it a fair contest" said Mr. Mayne.

This mock election had a great turn out. The table above shows the results.

# DHS PICNIC

This year DHS enjoyed many fun activities and events. In the beginning of the year they had the DHS picnic where they held a watermelon eating contest. In the fall, they went to the Renaissance Festival and had a blast shopping and fighting warriors. Finally, on May 7, 2009 they held Oscar Night, an award ceremony where members recognized their peers.

# Florida Band Trip

92

Every four years the Cameron Marching Dragons travel to Florida. This year the band is leaving on May 25th and will arrive back May 30th. In Florida, the band gets to practice the first day. The next day they perform in a parade down "Main Street" at Walt Disney World. The rest of the time is the members' free time. They will go to the parks and Universal Studios. This trip will be an opportunity to travel and perform before a large audience.

Band members pay for the trip through a variety of fundraising activities over the course of the four years between trips. Individual students auction themselves off to provide labor. Traditional methods of food sales and car washes also help the band along. Other innovative ideas include Jamica Night at the Methodist Church where band members entertain and serve dinner. In another unique fundraiser that used the theme of travel to Florida, band students sold plastic flamingo birds. So when you drive by a house with a flamingo in the yard and Jamican music playing, you will know they supported the band's trip to Florida.

## BRAIN TUMORS

Karen Kemper passed away shortly after the beginning of the school year from complications related to her brain tumor. Kemper's case highlights the struggle many in Cameron face dealing with a rash of unexplained brain tumors. Residents have petitioned local, state, and federal authorities to ascertain the source of the problem. Even famed advocate Erin Brockavich has become involved.

Representatives of the City of Cameron, the Missouri Department of Natural Resources, and the Centers for Disease Control have begun investigating, all asking for patience while they run test on samples of air, soil, and water. Possible sources include past industrial activities and material provided to farmers as fertilizer from a local tannery.

State Representative Jim Guest has proposed legislation that would require doctors to report all brain tumors to the state health department for accurate tracking of outbreaks like the one in Cameron. Currently, only cancerous tumors must be reported. To date, only benign tumors have been reported in Cameron. (Story compiled from news reports by KMBC and the Cameron Citizen-Observer.)

## BLUE STAR AWARDS

Morgan Breckenridge and Caleb Cole stunned the theater department at CHS with Blue Star nominations for their performances in *Little Shop of Horrors*. The two seniors competed against performers from schools around the metro Kansas City area. Cameron's program represented the smallest group in competition. The nominations surprised both students.

Starlight Theatre of Kansas City sponsors the Blue Star program to provide recognition of outstanding theater departments in local high schools. Judges attend a performance of each student production submitted and rate the quality, making nominations for those exceptional ensembles and individuals. *Little Shop of Horrors* marks the fourth production evaluated by the program.

## SHATE PARK

Cameron has begun development of a skate park located at the southeast corner of the soccer park. City crews from both the public works and parks departments worked on pouring the 55'x100' pad. Additional material for the skate park will be delivered by American Ramp Company, who will assist city workers in assembling the park.

The park will enable enthusiast of skateboarding and inline roller blading the opportunity to hone their skills without threatening physical structures around town. The skateboarding community continues to grow in Cameron and the surrounding communities. (Story compiled from reports in the Cameron Citizen-Observer.)

## CMS PRINCIPAL

Cameron Middle School said goodbye to Mr. Sanders who had served as principal for XXX years. Mr. Sanders plans to work on completing his doctoral dissertation. This will qualify him to serve as a superintendent or teach post-graduate level classes at the college level. While he says he will miss the staff and students he enjoys working with in Cameron, he felt he had to make this decision because he would not be able to give CMS his full attention.

Replacing Mr. Sanders will be Mr. Albright, currently the assistant principal at CMS. Mr. Albright looks forward to the added responsibilities he will have as principal.

Joining the CMS staff next fall will be Mr. Brown who has served as the administrator for Turning Point for the past XXX years. Mr. Brown will be responsible for middle school activities and discipline.

Renaissance students provide support for school staff members, and work towards school beautification. Staff and student of the month awards are sponsored by Renaissance, who works with local retailers to provide the awards given.

The new paint scheme and graphics around the school are another example of Renaissance at work. Students worked hard, both physically, cleaning and painting, and raising money for the contract portions of the work. Our school has a fresh and inspiring feel thanks to Renaissance.

## Cameron High School '08-'09

Foreign Language Club is a group that any student who has completed two years, or is currently enrolled in a foreign language class can join. These students spend an entire evening at an authentic ethnic restaurant. Students enjoy these trips and trying new foods, sometimes they even get involved in the entertainment! It is a great way to make new friends and have a good time!

# Choir/Chorus

The CFS Choir and Chorus combine for a total of 90 students. The Choir is directed by Mr. Von Glahn. Every year Choir perform three concerts: the Thanksgiving Concert, the Christmas Concert, and the Spring Concert. In addition to the concerts, the choir performs at the Lighting Ceremony. In the spring the two groups compete at districts held at Northwest Missouri State University.

# Troy Sloan-National Winner in Supervised Ag Expo, Diversified Livestock

Troy Sloan works hard to raise show pigs on his family farm outside of Cameron. As an officer in the FFA program, Troy also takes on responsibilities for the management of the Cameron Chapter. That might seem like a full load for a high school student. But not for Troy.

In addition to his busy schedule, Troy worked diligently on his SAE project which documents his development of his show into business. Troy entered this project in competition at the area level and easily advanced to state competition. Following his success at the state level, he became one of only four finalists to reach the national stage at Indianapolis this past summer.

Unlike the area and state competitions which only evaluated material furnished by Troy, the national competition involved two rounds of interviews which Troy passed with flying colors to become the National Champion.

DECA is a business organization that teaches students the importance of marketing and management. Every year DECA members develop a research project for a local business, entering it in competition in the Spring. Zona Rosa is the first stop on the road to Internationals as the host of Districts. The next stop is Four Seasons at the Lake of the Ozarks as the host of State. A select few are chosen to go to Internationals in Anaheim, California.

Dragon DECA Dominated Districts on February 4th. On March 24, Cameron took home 6 trophies from State, sending 14 members to Internationals in April. At Internationals, 5 out of the 6 groups were rewarded for being outstanding during competition throughout the week in California.

The Cameron Dragons hosted the district tournament this year, earning a fourth seed in the tournament bracket. Hosting the tournament brings local fans out to Dave Goodwin Field in support of the team.

This year has been a good year for The Lady Dragons. Though they haven't won all their games, they have played better than the past few years. Raylene Blanton has broken both the girl's and boy's records for the most goals in a game. And she did it twice! The first time she scored 6 goals, and then scored 7 in the very next game. Congratulations Raylene!
