A day lost here and another there will mar our chance for later security, besides wasting the time which year 1943-1944 as one of great is so precious in this time of war.

With this in mind, let all of us pledge to start this year off right continue through the coming school year doing our very best in all that we undertake!!! Let us always build for a bigger and better future for us and for our fellow men.

I imagine many of us, if not all of us, have asked ourselves why we are here studying when we could be helping in some war industry. The answer is a very simple one. You. the students of today, are the people who will run the government of tomorrow, and you must, as those students, learn how to run our government and also live with the people of the world.

It is your task to study, learn and live the democratic way of life that It is to be your duty to see that America stands for. Your job will be this war stays won and the educato help the nations of the world that tion you now receive will enable you will be unable to help themcelves.

## LIBRARY NEWS

The library has been a very busy place this summer getting in good condition for the opening of school. A large number of old books on the shelves which were of no use now have been removed to make room for new ones during the coming year. About a dozen new books were received in the vacation time and quite a number of good stories were given to us by friends. These have all been catalogued and placed on the shelves.

New valances were put to all of the windows which gives a much softer effect in the north part of the room. There is no glare from the very high glass space as before. A number of new magazines have been ordered also, but they have not been received as yet.

## HOBBY DISPLAY IN LIBRARY

One of the most interesting of the library features this year is the weekly hobby display. Donna Deal been the first to participate in this activity and she has done so by exhibiting her hobby, which is collecting salt and pepper shakers.

Among this valuable collection are covered wagons, windmills, animals, lamps, Mexicans, a victory set and many other impressive figures. If you have not seen them, make a mental note to do so the end of this week. It is worth your time to see them every week.

## DRAGONS OPEN SEASON WITH LATHROP MULES

The opening game of the season for the Cameron Dragons will be with the Lathrop Mules Friday afternoon, September 24, on the Lathrop field. Last year the Dragons and the Mules clashed for the first time, and the Dragons succeeded in coming through with a 13-6 victory, their first in two years. The Drag-ons' followers are hoping for a repeat performance by an even larger score than last year's.

Under the careful, although somewhat strenuous, coaching of Mr. Dowell, the Dragons are going to be a well-trained team during the coming season. The student body hopes that the team will "give out" with that training and bring back nothing but victories.

The seven games on the Dragons' schedule are with neighboring schools rather than with the regular conference memgers of previous years. Little, Gas rationing and the tire shortage necessitated the scheduling games with teams closer to Cam-

> The first home game of the season will be October 8, when the Lathrop Mules and the Dragons will meet for the second time.

We hope the student body will continue to show the same good sportsmanship that they have always shown, whether they are hosts or guests, winners or losers. For, to quote a well-known passage, "When the one great scorer comes to write against your name, He writes not if you won or lost, but how you played the game."

## TWENTY-SEVEN REPORT FOR FALL PRACTICE

The Cameron Dragons started their football practice Monday afternoon, September 6, on the college field. There were twenty-seven boys ieporting. Of the twenty-seven, most are new recruits, but many of the new boys are of good size and when they get started, it is going to take a good team to stop them. Coach Dowell is seeing that they will be in good shape for the first

Included in the squad are four letter men-Wayne King, Dick Jackson, Melven Coleman, and Bill Paisley. The other boys are B. Poland, B. Thompson, K. Knoch, J. McLaughlin, J. Bauers, J. Stafford, J. The boys will be ready to go by September 24, when they open the season with Lathrop.

# C.H.S. TO BUY "GRASSHOPPER"

AMERICAN SCHOOL CHILDREN HAVE GOAL OF 20,000 JEEPS BY DECEMBER 7

Cameron High School, in compliance with the request of the treasury department, is again undertaking "Buy-A-Jeep" campaign, Schools all over America are being asked to purchase 20,000 jeeps by "Pearl Harbor Day", December 7. Since 250,000 of these vehicles are to be manufactured this year, the schools have plenty of room for expansion.

In addition to the original jeep, (\$1,165), school students this year may purchase the Amphibian Jeep, or "Quack" (\$2,090) and the Flying Jeep or "Grasshopper" (\$3,000). The Tank staff, which initiated the campaign in C.H.S., decided on a "Grasspage in C.rr.s., decrease of a co-operation of all students and teach-ers in this campaign to "Buy —a— Grasshopper" by December 7.

The Treasury department has set forth the following rules:

1. The goal must be higher than past War Savings sales averages over similar periods.

2. Bonds are to be counted at is-

The Cameron Dragons journeyed to Hamilton Friday afternoon, Octotory over the Hamilton Hornets safe-

The game opened with Cameron kicking and Hamilton receiving. During the first quarter, the Dragton twenty yard line.

The Dragons' first touchdown was made during the opening minutes of the second quarter. Pemberton crossed the Hornets' goal on a quarterback sneak play. The extra point was made by Paisley, making the score 7-0.

During the third quarter, the Hornets began a passing attack that for-ced the Dragons back to their own one yard line. The fourth quarter opened with the ball in that position, but the Dragons' line held through four successive plays, and the Hor-nets lost the ball on downs. King's excellent line backing and tackling were greatly responsible for keeping the Hornets from crossing the Drag-ons' goal line. Cameron punted out of danger, thus ending the only

set up. Cameron had the ball on the Hornets' forty yard line. Coleman made a thirty yard run on a play through center, putting the ball on the ten yard line. Pemberton, in a play around end, carried the ball to the one yard line, and in the next play Brady plunged across the goal for another touchdown. The try for conversion failed, leaving the score

## ORAGONS AND MULES PLAY NECOND TIE GAME

The question as to which is the botter team—the Dragons or the Mules—was still left unsettled Fribay night, October 8, when, for the second time in two weeks, the two teams fought to a 0-0 tie. The second game between the Dragons, and the Mules was played on the Dragon's field before a large crowd of students and townspeople. Neither team showed up very impressively, and there was an absence of outstanding passing and running plays. The game appeared to be more of a punting duel, with the Lathrop Mules coming out slightly ahead beblock Cameron's punts.

The game opened with Cameron kicking and Lathrop receiving. The first quarter was a back-and-forth struggle with neither side able to min the necessary yardage, either y running or by passing, and therefore forced to punt. The quarter ended with Cameron in possession of the ball on their own thirty-five pard line.

The second quarter began a little another blocked punt.

line, they succeeded in making a first down as a result of a pass from Brady to Christian. In an exchange of punts, the Dragons gained 25 yards and took possession of the ball on Lathrop's thirty yard line. In the next four plays, they failed to gain the necessary ten yards and lost the ball on downs. The Mules took over on their own twenty-five yard line, but with only inches to go, failed to get through the Dragons' line. In the closing minutes of the quarter, a blocked punt almost resulted in disaster for the Dragons. The Mules took the ball on the Cameron forty-five yard line and in the next play carried it to the twenty-four yard line. In the next two plays, they ran it to the Dragons' three yard line. but whether they would have car-ried it across for a score is problematical, for the gun went off, end-

# DRAGONS AND MULES BATTLE TO 0-0 TIE

The Cameron Dragons opened their season Friday afternoon, September 24, with the Lathrop Mules. The teams met on the Lathrop field and battled to a 0 to 0 tie.

Cameron lost the toss and Lathrop chose to receive. Coleman kicked for the Dragons. Massey of Lathrop received the ball on the ten yard line and was stopped after a short gain. The remainder of the quarter was played in the Mules' territory.

In the second quarter the Mules Dragons held their ground until late in the quarter when Lathrop drove close to the Dragons' goal line, where the half ended with the Mules in possession of the ball.

The Dragons came back in the third quarter determined to score probably be mostly a spectator at the Cameron-Chillicothe game. and drove to the two yard line where they failed to push it over and lost the ball on downs.

In the fourth quarter there were threating runs but neither team had the power to push the ball across their opponents, goal line. After a long punt by Pemberton the game ended with Lathrop in possession of the ball on their fifteen yard line.

Both teams were playing their first game of the season. The Mules threw a seven man line against our boys on defense which threw the boys off the beam.

danger, but Lathrop blocked the punt and took the ball on Cameron's fifteen yard line. The Mules failed to gain, though, and lost on downs. Cameron punted and Lathrop received the ball on Cameron's twentyfive yard line. A completed pass carried the ball to the twenty yard line, and, in the next two plays, Lathrop took it to the twelve yard line for a first down. At this point, the Drag ons' defense tightened, and the Mules gained only one yard in four plays. Cameron again took possession and in the next play, Pemberton ran the ball back to the twentythree yard line. A fifteen yard penal-ty on Lathrop placed it on the thirty-eight yard line, giving the game ended with the Mules in posauspiciously for the Dragons. # END SEASON WITH VICTORY

DRAGONS DEFEAT TIGERS IN FINAL GAME, 14-6

The Cameron Dragons closed their season with a 14-6 victory over the Plattsburg Tigers, in the annual Armistice Day game, played on the college field. It was a hard fought game with every player putting out all he had, especially the seniors who knew it was their last game.

The game started with Coleman's kicking to Plattsburg. The Dragons held and Plattsburg had to punt. The Dragons took the ball and drove It to the Tigers' five yard line where Cameron fumbled and Plattsburg ngain was in possession of the ball. Cameron's defense again held and the Tigers had to punt. This time Cameron drove the ball to the eight yard line where King drove the ball over for the first score. The extra point was also made by King, making the score 7-0.

In the second quarter the Tigers came back with a passing attack and made their only score of the game. They passed the ball to the Dragons' five yard line where Gassman drove it over. Gassman tried Carolyn Wilcox. for the extra point but failed, making the score 7-6.

The half started with Cameron's receiving the kickoff. During the third quarter Cameron came back with the will to win. The Dragons drove down the field with King, Coleman, and Brady carrying the (Continued on Poge, 3, Col. 2)

# C. H. S. ACQUIRES HOLIDAY ATTIRE

The "Christmasy" appearance of our school building this Christmas season must be credited to Mr. Frazier, Miss Jeanette Chapman, Miss Carrie Shepherd and Mr. "Butch" Lucas.

In the library, a lovely, big poinsetta in full bloom adorns the left side of the desk and a decorated tree has been placed just under the eagle to the right of the desk. The windows have been decorated with Christmas rope and wreathes.

On the east side of the outer office stands a big fireplace. With the help of andirons, electricity and wood, it has been made to look exceptionally real by Mr. Frazier, Miss Chapman, and our faithful janitor "Butch", who spent hours in getting the materials ready for it. The mantle is covered with snow and boasts of a tiny, white "feather" tree in a large red bowl, pine cones and candles. On the wall behind the fireplace are two large lighted wreathes. A beautifully decorated tree stands on the table just west of the inner office door.

Those of you who enjoy pretty things can appreciate the work, time and patience spent to make our high school a cheerier place this Christmas time.

# "THE BATTLE OF RUSSIA" SHOWN TO STUDENTS

On Wednesday afternoon, December 1, the student body attended the matinee showing of The Battle of Russia at the Ritz theatre. It was an interesting and educational picture, produced originally for only government officials and the armed forces, but later released to the public. The picture was shown to the high school as a part of the school activity program.

The opening scenes gave an historical background for the Nazi invasion of Russia in June, 1941. Russia because of her size and wealth. has been the victim of many invading armies, beginning with the Teutonic Knights in the 13th century. In each instance, the will and determination of the Russian people drove back the invaders, and the picture concluded with the thought that again the Russian people would be triumphant in their struggle. Memorable scenes were those of the siege of Leningrad and Stalin-

NAVAL OFFICER SPEAKS TO BOYS INTERESTED IN V-5 PROGRAM

Lieutenant F. D. Kelly and Yeoman Snider of the Office of Procurement of Kansas City visited Camfrom High School Tuesday, January they spoke to all junior and senfor boys who are 17 or will be 17 within a month and who are interosted in the Naval Air Training

Licutenant Kelly explained to the boys how they would be trained and later showed a film on the training the boys would receive. The ones who were interested were given a light physical and a mental test. listeen boys took the test, nine from Cameron, four from Kingston, and three from Hamilton.

Those who pass the mental test and who can pass a physical test, which will be given in Kansas City, will probably be called into training mometime in July. They will receive two semesters of college work before they start their flight training.

The Cameron boys who successfully passed the tests are Melvin Manan, Bill Paisley, Bob Ensign, and Eugene Thompson. Passing the mental test does not obligate these though, to enlist in the Naval

# DISPLAY OF EARLY BOOKS IN HIGH SCHOOL LIBRARY

During the past week, there has been a very interesting display of old textbooks, song books, and volumes of poetry in the library. One of the oldest books in the display was printed in 1856. All of them reveal the differences in the binding and the printing of old books and those of modern books.

The three volumes of poetry were brought by Mr. Frazier and all are very attractively and elaborately bound. One in particular is unusual in having on the back binding a strip of black silk in the middle of which is embroidered a rose and other designs.

Among the song books, are several old-style Methodist hymnals in which the words are printed at the bottom of the page beneath the music. In one, the notes are very large and black.

Mr. Edgar Wiley has given to the library an old Bible, printed in Edinburgh, Scotland, in 1794 and which is also among the display.

Another interesting book is one called "The Intellectual Arithmetic" which was a forerunner to the old mental arithmetic books. Both methods are now considered obsolete, but it is doubtful whether any present-day student could work the problems in the book in the manner prescribed.

# JUNIOR PLAY FEBRUARY 3rd

TO PRESENT 3-ACT COMEDY BY JAY TOBIAS-"THE CALAMITY KIDS"

"The Calamity Kids," a three-act comedy by Jay Tobias, will be presented by the Junior Class February 3, in the Goodrich Auditorium.

The play is the story of Emily and Hezikiah Hoskins, a laughable and loveable old couple who have spent their married life and their cash taking care of homeless orphans. Among these are Bonnie Blue, a girl hitchhiker with a mysterious past, Brad Rovers, a college student, and Midge and Micky Starr, a pair of mischievous thirteen-year old twins. The play is exciting and comedy is provided by the twins who play all kinds of tricks to keep from being returned to their relatives.

Try-outs were held Thursday and Friday, January 6 and 7, and the following cast was elected:

Della Ellis John Frazier Herbert Lewis ..... Barbara Munson Mary F. Robinett Brad ...... Gene Pemberton .... Carol Ensign Elmer Wm. Shreve Opal ...... Mary L. Totzke Loraine \_\_\_\_\_ Juanita Ford Bonnie ..... Peggy Heinz The play is directed by Miss Van Trump, assisted by the class sponsors, Mrs. Bowman and Mr. Dowell.

### A FEW WOULD NULLIFY GOOD OF THE MAJORITY

The students in Cameron High School have cooperated with the "Save, Serve, and Conserve" plan of the Schools at War Program nearly 100%. They buy stamps and bonds: they are eager to help with salvage drives and Junior Red Cross work; they gave wholeheartedly to the Missouri U. S. O. fund; and they have always shown their willingness to help again and again whenever they are called on to do so.

There are, however, a few among us whose actions tend to nullify the good deeds and efforts of the majority, by taking money and personal belongings, like pencils, paper. pens and books. They are destroying property here in the school, both school property and private prop-

If we let these wrong doings continue they will tend to counteract all the good qualities in our school: therefore, it is the duty of each student to stamp out these practices.

Small men hate; great men pity.

All doors open to courtesy.

# STUDENTS SEE AND HEAR VARIED ASSEMBLIES

During the past two weeks, the students of the high school grade schools have heard and seen varied interesting assembly programs.

In an assembly held January 24, in the study hall, Mr. Hans Fantl, a refugee from Vienna, Austria, spoke to the high school students. Mr. Fantl told of the work of the underground in Nazi dominated Europe, and of his own expierences while escaping from the Germans. Mr. Fantl escaped to Czechoslovakia after the Germans occupied Austria; after that country was invaded, he escaped to Italy, North bara Munson, Donna O'Connor, Dan- Africa, and finally reached the United States in January, 1940. At the present time. Mr. Fantl is attending Tarkio College where he is majoring in social psychology.

After his interesting talk, Mr. Fantl answered questions presented by the students and played two numbers on the piano.

On Thursday afternoon, January 27. Mr. Staples, magician and ventriloquist, presented an hour's program to the high and grade school students. During the program, Mr. Staples performed many amazing and interesting tricks of magic. In addition, the ventriloquist act, the chalk talk, and the monkey, Captain Kokomo, were very enter-

In the senior high study hall on Wednesday afternoon, February 2. Mr. Seghi, the mystery man, baffled the students with his acts of magic and hypnotism. Both he and Mr. Staples called on students to come to the platform to "assist" them in their acts and both demonstrated the fact that the hand is quicker than the eve.

During the first period Thursday morning, the junior play cast was introduced and two short scenes from the play given. These were followed by the showing of the film "The Constitution".

# PLANS MADE TO ORGANIZE STUDENT COUNCIL IN C.H.S.

Sponsor ..... Miss Kroencke

Some definite action was finally taken on organizing a student council in C.H.S. when the class officers presented by a group of students and their sponsors met on Tuesday, March 13, to discuss the question. It was decided to have class meetings to see whether or not the students wanted to have a student council. These were held on Monday, March 20, and in each class the students voted to organize one.

Two students from each class were selected to help write the constitution. Those who were selected are as follows: seniors, Ruth Johnston and Ivan Wooderson; juniors, Della Ellis and Bob Poland: sophomores. Dorothie French and Howard Moore; freshmen, Beverly Dunlap and Vincil Thompson.

The purpose of a student council is to create a better understanding between the faculty and students. It will also give the students an opportunity for leadership.

Let's each of us do our part to make the student council a success! ica, gave a talk on "Education."

# SENIORS ARE GIVEN PSYCHOLOGICAL TESTS

The Ohio State Psychological Test was given to the seniors, Tuesday, February 22. Each year the University of Missouri insists that all high schools in Missouri give this test to all Missouri seniors. Last year 12,375 seniors took this test and 336 Missouri high schools were represented.

On this test there is a possible 150 points that can be made. Of those 12,375 seniors, the highest score was 126. On this basis, the scores of the other seniors are judged. Therefore, any score from 126 to 150 places a senior in the 100 centile rank. Among this year's senior class, Ruth Johnston had the highest score with 111 points. This places her in the 97 centile rank, or in the upper 5% of the 12,375 seniors who took the test last year. Other high scores made by Cameron senors were Ella Cordelia Arnold, 93; Beverly Livingston, 85; and Mary Alice Miller, 81.

This was a test to see how well the students could think. They were given all the time necessary to attempt every item. The student was to do his very best for otherwise his score would not fairly represent his ability. If one fails this test, he may also fail to receive the full consideration which his ability warrants.

# STUDENTS HEAR COLLEGE STUDENTS

The students and faculty were entertained with an assembly held in the Senior High Study Hall on Monday afternoon, March 6, and from William Jewell College.

Dr. Kenneth Duncan, enrollment director of William Jewell, introduced the students.

Mr. Nelson Reagan of St. Louis, Mo., opened the program with many laughs and a few piano selections which consisted of semi - classical and popular pieces.

Mr. John Carroll of Boston, Massachusettes, then gave an imitation of the well known radio star, Rochester.

Miss Shirley Vardeman from Independence, Mo., who is TATLER queen of 1944, sang several popular numbers.

Mr. Charles J. Smith of Duquoin. Ill., who was a member of the championship debate team in 1943 and whose name appears in "Who's Who" of College Students in Amer-

# SENIOR PLAY A **BIG SUCCESS**

PRESENTED FRIDAY NIGHT TO LARGE AUDIENCE IN GOODRICH AUDITORIUM

Despite bad weather and a shore 'blackout", the senior class play, was presented to a large and appreciative audience Friday night, April 14, in the Goodrich Auditorium.

The play was a 3-act comedy, and the action centered around the efforts of Henry Dodge, a leading citizen of Mayfield and an avowed opponent of all forms of vice, first had attended with his butler, Samuel, for the purpose (or so he said) of stopping it. To further complicate matters, they were followed home by a strange young man when the fight was raided. Mr. Dodge was positive the man was a notorious gangster, while Mrs. Dodge mistook him for a famous author on the subject of Abyssinia. Betty, Henry's roung sister, knew, though, that he was Phillip McGrath, a young man whom she had falllen in love the previous summer and to whom Henry objected. After much confusion and excitement, the situation was finally untangled, and Henry was so relieved to find that he was not harboring a gangster that he gladly accepted Phillip as Betty's fiance.

Eugene Thompson was very good as the nervous, high-strung Mr. Dodge and Samuel were ably filled by Mary Miller and Melvin Coleman. Charlotte Beatty as Betty seemed a natural for the part, and Bob Creekmore as Phillip was also very good, Juanita White, as Mrs. Wiggins, Henry's somewhat scornful and blunt mother-in-law, gave an outstanding performance. # JUNIORS GIVE INFORMAL PROM

ENTERTAIN SENIORS WITH DANCE IN AUDITORIUM FRIDAY, MAY 5

To the strains of a juke box and in a very beautiful springlike setting, the juniors and seniors and their guests danced away the evening of May 5 when the annual Junior-Senior Prom was held in Goodrich Auditorium. Because of wartime stringencies, the prom was made an informal dance, and most of the students appeared minus escorts and dates-the former fact also a wartime stringency, but the latter unexplainable

The stage was very beautifully decorated. The juniors had retained most of the decorations that had been made for the Goodrich school spring festival and had added some of their own. Along the back of the stage were small trees (real), just beginning to leaf out. Among the trees were a big, golden moon and an owl that kept blinking his eyes all evening. (We hope there was nothing going on that caused him to blink). In front of the trees was a white picket fence with roses climbing over it and having two archways which served as entrances. Behind the fence, chairs had in the colored church. The public is The program on Class Night, May been placed for the dancers to sit. invited to attend. # PART OF CEILING IN AUDITORIUM FALLS

When teachers and students returned to school on Monday morning, May 1, and entered the Goodrich Auditorium where a good deal of preparation had been in progress for the forthcoming Goodrich spring festival, they were met with a very disheartening sight. Sometime over the week-end, plaster and laths from the ceiling on the south side of the auditorium had fallen, leaving a pile of debris in the balcony and main floor that had to be cleared away.

The fallen plaster and laths left gaping hole in the ceiling that extends from the rear of the balcony to the stage and is approximately ten to twelve feet in width. Since the ceiling cannot be repaired before school closes and because there is danger of more plaster falling, all activities relative to the close of the school will be held in the Methodist Church.

# PROMOTION FOR **EIGHTH GRADE**

# THIRTY-FIVE STUDENTS RECEIVE CERTIFICATES

The Eighth Grade Promotion Exercises were held Thursday night, May 18, at 8:00 o'clock, in the Methodist Church. Thirty-five eighth graders received their promotion certificates, twenty-four from the Goodrich School and eleven from McKinlev School.

Mr. Hugh D. Welch, superintendent of schools, Lathrop, Mo., gave the evening's address on the subject "Identify Yourself." Miss Straussie Gall, county superintendent, made a few remarks to the graduating class, and the grade chorus directed by Miss Van Trump, sang three num-bers. Mr. J. Don Miller, principal of the high school, presented the class and Dr. G. W. Sherman, president of the Board of Education, presented the certificates to the graduates.

The Rev. McAllen pronounced the invocation and the Rev. Starke, the benediction. The processional and recessional were played by Miss Doris Witt at the organ and Miss Barbara Munson at the piano.

The full program, together with a list of the students completing the work in the eighth grade, appears in this issue of The Tank.

# THANK YOU AND GOOD-BYE

This is the final issue of the Tank for another school year. Because or a reduction in our finances at the beginning of the year, we had to cut our editions to twelve rather than the usual eighteen. We have tried, though, to keep up our previous standards and hope that next year we shall be able to get back on our regular schedule.

Before we go to press for the last time, we wish to thank all of you students and teachers who have cooperated with us in getting the paper out each time. A school paper should be a source of mutual pleasure-for those who put it out and those who read it-and in this we believe the Tank succeeds.

## VOC. HOME EC. GIRLS DISPLAY WORK AT TEA

The girls of the Vocational Home Economics Department and their instructor, Miss Neola Pollard, held an exhibit and tea in the high school Library on Thursday afternoon, May 11, from 2:00 until 5:00 o'clock. Invitations had been sent to the mothers of the girls, the faculty, and the wives of the members of the Board of Education

The exhibit consisted of the garments made by the girls during the year in their regular class work and also those made at home as home projects. There were also a few garments made by the ladies of the adult clothing class.

The clothing was displayed along the east and west sides of the library. The regular tables had been removed and chairs and divans placed around the room. Bouquets and baskets of spring flowers were attractively arranged on the various tables.

The tea table was set in the center of the east side of the library. It contained a center bouquet of red snapdragons, white candy tuft, and carnations and the silver tea and coffee service. Spiced tea, coffee, tea cakes and cookies were served to the guests from 2 to 5 o'clock The girls who poured were: Gerry Stevens, Mary Lou Totzke, Della Marie Ellis, Charlotte Beatty, Wanda Smith and Bobby VanTrump. Those who received the guests and served the tea were members of the second and third year classes.

During the afternoon, the followng musical numbers were given:

Piano solo, Charlotte Beatty Vocal solo, Dorothie French Piano solo, Carolyn Bennett

Flute solo, Elizabeth Becker

Approximately 50 guests attended and everyone evinced a great deal of interest in the work of the department and complimented the stuthat has been accomplished during the year.

## JUNIOR CLASS HAS PICNIC AT WALLACE STATE PARK

The members of the junior class entertained themselves and the faculty with a picnic on Friday evening, May 12, at the Wallace State Park, The group left the high school building at 4:30 in cars, each car duly chaperoned and numbered, and journeyed out to the park in a procession

After reaching the park, everyone amused himself the way he most desired. Some went wandering off in the woods, some took a somewhat chilly swim, some went wading, some played baseball, and some just sat and relaxed (the teachers). ## CLASS HISTORY

'Way back in the good days of 1932, a few interested children started their scholastic career. Those who entered the first grade at Goodrich and finished their education in Cameron Public Schools are:

Charlotte Beatty, Bob Creekmore. Beverly Livingston, Junior Morgan, Margarett Spragg, Gerry Stevens, Erma Wells, Georgia Williams and Ruth Johnston.

Those from McKinley are: Gertrude Brand, Dale Diven. Wayne King, Roy Atkinson, Donna Jean Brown, and Bennett Jenkins.

Those from the Academy are: Mary Alice Miller, and Rita Wood. Grade School has many pleasant and some unpleasant memories for all of us, but as we look back now it seems that we were very import-

ant young folks. At least we felt important, especially when we were sent out on what we thought was the most difficult mission of our school days-that of closing the doors of grade school and coming to the High School building to assume the title of Junior High pupils. These two years passed rapidly and we anticipated very much the thought of being called high school students. Whether we all felt or looked the part of the important role we were going to assume as freshmen, we can't remember, but it was a very exciting year for us all, even though nothing of importance occurred. The students from the country enlarged our class and we started this year

Our freshman and sophomore years were devoted mostly to becoming acquainted with high school, but we did study some.

After our sophomore year we enjoyed a three month's vacation as is customary after each school term. We reported for service as juniors in Cameron High School in September, with several important events in which to participate this year.

was presented in November under the direction of Miss Esther Milholland. We made a splendid financial gain from this production and it was most enjoyable for both cast and audience.

We also had part in getting ready for the Christmas dance, and with the aid of the seniors, we had a very festive looking place in which to hold this all-school affair. Everyone seemed to really enjoy it and when this party ended we were dismissed for the Christmas vacation.

With our return to school everything started coming at us like a thunder cloud, all kinds of assemblies, tests, basket-ball games and finally the last of the Junior activities, the Junior-Sen'r picnic. It was held in the Y.M.C.A. in a wonderful downpour of rain, but even so it was enjoyed by all who attended. Our senior friends were gradua-

These concluded our activities as juniors, and after the usual summer vacation, we returned in September as seniors. When we elected officers for our senior year. Melvin Coleman was chosen president, and has done a splendid job of being our chief executive.

Our class donated this year to the Red Cross, the Missouri War Chest fund and other worthy causes.

We lost our first member through the bonds of matrimony when Miss Hazel Taylor married Francis Rooney, but to us returned one who had started with us in the first grade, Bob Creekmore, after being in Kirksville, Missouri, for the first three years of high school.

The Homecoming football game was played with Maysville this year, and one of our classmates. Georgia Williams, was chosen Homecoming queen. The seniors of the Tank sponsored the Homecoming dance after ed by the ever-popular juke-box and

It is our responsibility therefore to see that this bequest is received by all mankind and to do this we must realize the importance of education in maintaining peace. In planning the postwar world we must establish public educational systems for all nations. People over the entire universe, having been taught their rights, will not let tryants or dictators rise to such powers as to make people slaves or break the world peace. As so aptly put by Plutarch in his history of ancient peoples-"One made the observation of the people of Asia that they were cause they could not pronounce that to Bev. Iba? syllable No."

We as a nation must remember how to pronounce that syllable no, Chestnut St.? For further informaand teach those that do not know it. tion see Mickey M. After the last war the peoples of Europe had not yet learned to think and to speak for themselves. In their bewilderment they again turned to the blind obedience of tyrants and therefore made it necessary to fight that war over again; but as Henry H. Moore alone till Blondie leaves, L. Gantt expressed the thought at least! "The era of force must give way to that of knowledge, and the policy of the future will be to teach and joys himself when he goes to the

PICNIC AT LAKE CONTRARY

The seniors made their annual trip to St. Joseph on Monday afternoon, May 15, for their picnic at Lake Contrary. The group met at the high school at 1 o'clock and left together. Each car was chaperoned by either a faculty member or a member of the P.T.A.

At the park the students spent the afternoon taking in all the rides and concessions, and, in general, having one big time.

The picnic supper was served by the ladies of the P.T.A. and consisted of meat and cheese sandwiches, potato salad, deviled eggs, cheerios, cake, and cokes.

During the evening, part of the group remained at the park for the Miss Pat Reed, if you'd like, we'll dance, while others went into town

Vernon D.: "Yes, that was proper, but terribly out of place."

Mrs. Johnson: "What's the difference between electricity and lightning?"

Gene P.: "You don't have to pay for lightning."

Success is won not by lying awake at night, but by keeping awake in the daytime.

Dorothie French: "Do you love anyone with a car?" Lila D.: "Yes, anyone".
